Introduction

The School Accountability Report Card (SARC), which is required by law to be published annually, contains information about the condition and performance of each California public school. More information about SARC requirements is available on the SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>. For additional information about the school, parents and community members should contact the school principal or the district office.

Data and Access

Data

DataQuest is an online data tool located at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, *DataQuest* is a dynamic system that provides reports for accountability (e.g. Academic Performance Index [API], Adequate Yearly Progress [AYP], test data, enrollment, graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Acacia Middle School's Mission Statement

The mission of Acacia Middle School is to challenge students with a rigorous educational program in a middle school setting that meets their unique needs. Acacia encourages respect for self and others, fosters personal responsibility and accountability, and promotes pride in school, community, and country.

Principal's Message

Acacia Middle School is an exciting place to attend school. We have a remarkable staff that is dedicated to educating students and providing a safe learning environment for all. Our students understand that we are "Positive, Respectful Individuals Dedicated to Excellence" (Cougar P.R.I.D.E.).

At Acacia Middle School, we will provide the essential components to a quality school program. A rigorous

academic curriculum is in place to meet the needs of all levels of students and enhance achievement. Acacia offers supplemental assistance programs to provide help to students who are working below grade level. In addition, we offer a variety of extracurricular activities to meet the vast interests of our student body and highly encourage all students to become involved.

As Principal of Acacia Middle School, I look forward to building a successful educational community founded on professional relationships with students, parents, and staff. I encourage participation and welcome visits to campus.

School Profile

Acacia Middle School currently serves sixth, seventh, and eighth grade students. Acacia Middle School is located in downtown Hemet, a city of approximately 63,780 at the foot of the San Jacinto Mountains 90 miles southeast of Los Angeles, 80 miles northeast of San Diego, and 40 miles from Palm Springs.

District Profile

Hemet Unified School District encompasses one incorporated city and numerous unincorporated communities within its 700+ topographically diverse square miles. We have 29 elementary and secondary schools with an enrollment of over 23,000 students. Agriculture still provides an important economic influence, as do other light and service industries. The rural flavor of the community still survives despite the rapid growth which has taken place in the area.

Opportunities for Parent Involvement

We encourage and invite all parents to be active in their child's education. The site addresses six different areas of need through the comprehensive school plan. For more information, contact any one of the administrative team listed below at (951) 765-1620.

School Safety

SB187 Safety Plan

Date the plan was last updated: October, 2007

Date the plan was last reviewed: October, 2007

The Comprehensive Safe School Plan is fully incorporated in the Single Plan for Student Achievement, Goal 4, and includes data regarding California Healthy Kids Survey, crime, safe school procedures and compliance with laws including: (1) child abuse reporting, (2) disaster response, (3) suspension and expulsion policies, (4) notification of

teachers of dangerous pupils, (5) sexual harassment, (6) schoolwide dress codes prohibiting gang-related apparel, (7) procedures for safe ingress and egress from school, (8) procedures to ensure a safe and orderly environment conducive to learning, and (9) rules and procedures on school discipline adopted pursuant to Ed Code Sections 35291 and 35291.5. A copy of the Single Plan for Student Achievement is available for inspection by the public at each school.

Acacia strives to provide a safe and secure campus. All visitors and volunteers are required to sign in at the office, state their business at the school and show identification. They are then provided with a nametag to wear while on school grounds. Students are supervised from 7:00 a.m. until approximately 3:30 p.m. Supervision is assigned with the maximum coverage before and after school and at lunches. Short-wave radios provide communication among campus supervisors and the office. The Hemet Police and Fire Departments respond quickly to calls for assistance. In addition, the Hemet Police Department has a School Resource Officer housed part time at Acacia Middle School.

Fire drills are conducted monthly and a disaster preparedness plan exists for emergencies. Staff is trained in emergency procedures, including evacuation routes and safety checks.

Maintenance and Repair

District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority. Regular and corrective maintenance is handled on a priority basis and emergencies are handled immediately.

Deferred Maintenance Fund

The district participates in the State School Deferred Maintenance Program, which provides state matching funds on a dollar-for-dollar basis, to assist school districts with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems. For the 2008-09 school year, the district has budgeted \$932,691 for the deferred maintenance

program. This represents .5% percent of the district's general fund budget.

Cleaning Process and Schedule

We have made a conscientious effort to provide a clean and attractive campus. Students are encouraged to have pride in their school and keep the campus clean. The principal works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

The district takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the district uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this survey are available at the school office or at the district office.

School Facility Conditions and Improvements

Acacia Middle School facility promotes an environment where both teaching and learning take place. Every classroom has adequate space and all the materials needed to ensure student success. Specialized classrooms at Acacia include the library and media center, three computerized skills labs, one mobile lab, as well as choral and band rooms.

Adopted Textbooks

A District committee considers textbooks for recommendation on a cycle established by the State Board of Education and from a State adopted list. The committee meets to discuss current issues relevant to the subject matter, including student success, previously used textbooks, and instructional methods. The committee reviews demonstration copies of proposed textbooks, as well as listen to representatives describe the various highlights of the available materials. The review is followed by a pilot of materials that results in consensus by the committee of a recommended textbook. The textbook is forwarded to a K-12 Curriculum Council, which consists of teachers, parents, and community stakeholders, for review and approval. If the textbook is approved by the K-12 Curriculum Council, the textbook is forwarded to the Superintendent and the Governing Board for their review and approval. Each pupil in the district, kindergarten through grade twelve, is provided with standards-aligned textbooks or basic instructional materials that are consistent with the content and cycles of the curriculum framework adopted by the State Board. The chart outlines the adopted textbooks we use in our District.

Student Performance:

California Standards Tests (CST)

The California Standards Tests (CST) show how well students are doing in relation to the state content standards. The CSTs include English-language arts and mathematics in grades 2 through 11; science in grades 5, 8, and 9 through 11; and history-social science in grades 8 and 10 through 11. Student scores are reported as performance levels. Detailed information regarding CST results for each grade and proficiency level, including the percent of students not tested, can be found on the Standardized Testing and Reporting (STAR) Results Web page at <http://star.cde.ca.gov>.

California Physical Fitness Test Results

The California Physical Fitness Test is administered to students in grades 5, 7, and 9 only. This table displays by grade level the percent of students meeting fitness standards (scoring in the healthy fitness zone on all six fitness standards) for the most recent testing period. Detailed information regarding the California Physical Fitness Test, and comparisons of a school's test results to the district and state levels, can be found at the Physical Fitness testing Web site at <http://www.cde.ca.gov/ta/tg/pf/>.

In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.

Accountability:

Academic Performance Index

The Academic Performance Index (API) is an annual measure of the academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. Detailed information about the API can be found at the API Web site at <http://www.cde.ca.gov/ta/ac/ap/>.

API Ranks Three Year Comparison

This table displays the school's statewide and similar schools API ranks. The statewide API rank ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest 10 percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest 10 percent of all schools in the state. The similar schools API rank reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing 10 schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

API Rank	2005	2006	2007
Statewide	3	5	6
Similar Schools	5	9	9

API Changes by Student Group Three Year Comparison

This table displays, by student group, the actual API changes in points added or lost for the past three years, and the most recent API score.

Group	Actual API Change			API Score

Adequate Yearly Progress (AYP)

The federal No Child Left Behind Act (NCLB) requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in English-language arts (ELA) and mathematics.
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

Detailed information about AYP, including participation rates and percent proficient results by student group, can be found at the AYP Web site at <http://www.cde.ca.gov/ta/ac/ay/>.

AYP Overall and by Criteria

This table displays an indication of whether the school and the district made AYP overall and whether the school and the district met each of the AYP criteria.

Overall	No	No
Participation Rate—English-Language Arts	Yes	Yes
Participation Rate—Mathematics	Yes	Yes
Percent Proficient—English-Language Arts	No	No
Percent Proficient—Mathematics	No	No

Federal Intervention Program (2008-09)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (English-language arts or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. Detailed information about PI identification can be found at the AYP Web page at <http://www.cde.ca.gov/ta/ac/ay/>.

Instructional Planning and Scheduling:

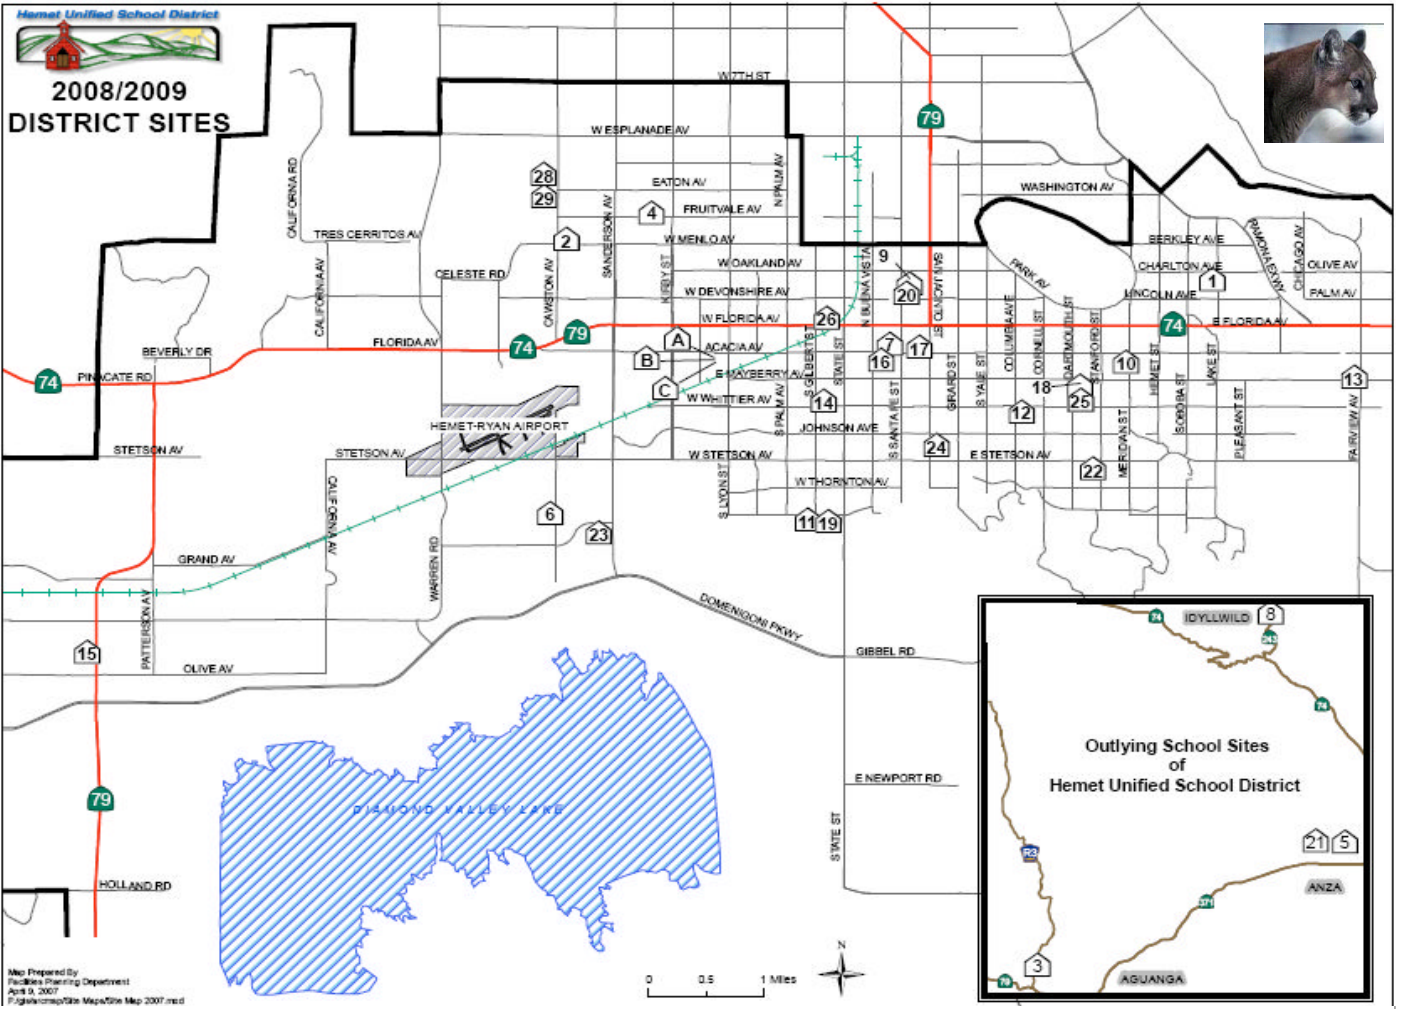

Professional Development

The school district provides all staff members with opportunities for professional growth and training in a variety of programs so that all teachers and paraprofessionals may become highly qualified under the No Child Left Behind law. The focus is on the delivery of a standards-based instructional program. District professional development priorities are outlined in the current LEA addendum as SB472 Language Arts and Mathematics, AB430 Administrative Training, AB 2913 English Learner Authorization, BTSA Induction Support for year one and year two teachers, and specific Special Education trainings. Peer Assistance Review (PAR) is available to veteran teachers who need unique structure and support. Achievement data is used to determine site support and priorities in professional development. Moreover, four BTSA induction support providers, five academic coaches in language arts and mathematics, and five Reading First coaches provide ongoing support in day to day professional development needs for all instructional personnel. The District revised the Technology Plan in 2006 to include opportunities for staff to increase skills in technology application and instruction.

Categorical funds at the district and site level are designated for a Director of Professional Development, a secretary and an eight-hour clerk to coordinate district professional development. The District has a professional development calendar on the website for the 2008-09 school year.

Acacia also provides opportunities for teachers to attend conferences relevant to state standards and curriculum. Onsite academic coaches in both mathematics and language arts are available to teachers. BTSA providers support all new teachers through various induction activities. School Improvement Program (SIP) monies are designated to train teachers in differentiated instruction, Multiple Intelligence's and various teaching strategies.
