Introduction

The School Accountability Report Card (SARC), which is required by law to be published annually, contains information about the condition and performance of each California public school. More information about SARC requirements is available on the SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>. For additional information about the school, parents and community members should contact the school principal or the district office.

Data and Access

Data

DataQuest is an online data tool located at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, *DataQuest* is a dynamic system that provides reports for accountability (e.g. Academic Performance Index [API], Adequate Yearly Progress [AYP], test data, enrollment, graduates, dropouts, course enrollments, staffing, and data regarding English learners.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Principal’s Message

It is my pleasure to be the principal of Bautista Creek Elementary School. Bautista Creek has a staff dedicated to excellence in education. Each and every child is cared about and supported in learning. As visitors walk the campus they see happy children engaged in learning and exploring new ideas. Children at Bautista have many special opportunities to enhance their understanding of the world and expand as individuals. They are able to participate in weekly computer instruction, physical education, choral music, band, and art. The staff organizes many unique experiences for them in the classroom and school wide.

Bautista Creek has wonderful community and parent support. We have an active, organized volunteer

program with over sixty trained parents and Foster Grandparent Volunteers working regularly in our reading intervention program. We continue to add new volunteers weekly. They are making an incredible difference for children.

Education is greater than just learning to read and write. Our goal is to develop on-going learners for a lifetime who in turn contribute to their community.

Bautista Creek is a California Distinguished School, as well as a Title I Achieving School. I am very proud of how hard our staff and students have worked to achieve this recognition. We appreciate our parents for assisting their children with homework and daily reading. It is only with your support that we can continue to be successful.

About This School

The Bautista Creek Elementary School staff is dedicated to creating “a caring family-like atmosphere.” Our focus throughout the year is to develop and enhance our success in building student self-esteem through responsible behavior, good study skills, and sensitivity to one another. Through this building process we grow together as a school and community.

Bautista Creek Elementary School was recognized by the State of California as a Title I Achieving School again for the 2006-2007 school year. This honor is reflected in our Mission Statement that follows:

By the year 2010 Bautista Creek School will be a fully implemented Professional Learning Community. The environment will be welcoming, clean, safe, and student centered. Students will attend school regularly, be motivated, and engaged in learning. Students and staff will model positive behavior, appropriate interpersonal skills, and respect the diversity of the community. Bautista Creek will be a center of community involvement and develop ongoing partnerships with parents and community. There will be close collaboration among all stakeholders. Training will be provided to stakeholders to support the learning community. All students will learn a standards-based curriculum that is consistent and coordinated across grade levels. Teachers will collaborate and use student assessments to drive instruction with an ongoing improvement cycle. Bautista Creek will have a systematic process for differentiated learning opportunities to support all students. Bautista Creek will provide instruction in technology and visual/performing arts to prepare students to be balanced, life-long learners, and productive community members.

District Profile

Hemet Unified School District encompasses one incorporated city and numerous unincorporated communities within its 700+ topographically diverse square miles. We have 29 elementary and secondary schools with an enrollment of over 23,000 students. Agriculture still provides an important economic influence, as do other light and service industries. The rural flavor of the community still survives despite the rapid growth which has taken place in the area.

Opportunity for Parent Involvement

The site addresses all areas of parent involvement through their Single Plan For Student Achievement. For more information, contact the site Principal, David Howland at (951) 927-0822.

Demographic Information

This table displays the percent of students enrolled at the school who are identified as being in a particular group:

Racial/Ethnic Category	% of Total Enrollment
African-American	7.99
American Indian or Alaska Native	2.42
Asian	1.37
Filipino	1.05
Hispanic or Latino	36.91
Pacific Islander	0.32

School Climate:

Safety Plan

SB187 Safety Plan

Date the plan was last updated: May, 2008

Date the plan was last reviewed with staff: September, 2008

The Comprehensive Safe School Plan includes data regarding school crime, safe school procedures and compliance with laws including: (1) child abuse reporting, (2) disaster response, (3) suspension and expulsion policies, (4) notification of teachers of dangerous pupils, (5) sexual harassment, (6) schoolwide dress codes prohibiting gang-related apparel, (7) procedures for safe ingress and egress from school, (8) procedures to ensure a safe and orderly environment conducive to learning, and (9) rules and procedures on school discipline adopted pursuant to Ed Code Sections 35291 and 35291.5. A copy of the plan is available for inspection by the public at each school.

Routine student safety is provided through the assignment of teachers and paid supervisors for supervision duty during all recess and lunch periods, as well as, before and after school. Disaster preparedness drills are conducted monthly. The school has a current disaster preparedness and safety plan. School gates are closed ten minutes after school begins and opened five minutes before school lets out. All visitors and volunteers are required to sign in at the office, state their business at the school, and show identification. They are provided with a visitor tag to wear while on school grounds. They must return to sign out at the office at the end of their visit.

A clean, safe, and secure teaching and learning environment is the highest priority to Bautista Creek administration and staff. Fire drills are conducted monthly and a disaster preparedness plan exists for emergencies. Staff is trained in emergency procedures, including evacuation routes and safety checks.

School Discipline Practices

Our goal is to create a productive learning environment for our students. To do this we must have clear expectations and fair consequences. Behavior which is disruptive or which hurts others will not be tolerated. Students who violate school rules may be suspended or expelled if necessary. The following table displays the rate of suspensions and expulsions (the total number of incidents divided by the total enrollment) at the school and district levels for the most recent three-year period:

	School			District		
	05-06	06-07	07-08	05-06	06-07	07-08
Suspensions	6.7	10.9	5.3	17.1	15.4	14.8
Expulsions	0.0	0.0	0.0	0.1	0.5	0.6

School Facilities:

Cleaning Process and Schedule

The site administrators, custodian and district personnel conduct routine physical inspections for safety and maintenance. Classrooms and restrooms are cleaned daily. The principal works with the custodial staff to develop cleaning schedules to ensure a clean and safe school. Students are encouraged to have pride in their school and to do their part to keep the school clean.

The district takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the district uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this survey are available at the school office or at the district office.

School Facility Good Repair Status (School Year 2008-09)

This table displays the results of the most recently completed school site inspection to determine the school facility's good repair status. On July 7, 2008 facilities validation site visit was conducted at Bautista Creek Elementary School. Based on the field observations the following was found and the district has taken the appropriate action.

Item Inspected	Repair Status			Repair Needed and Action Taken or Planned
	Good	Fair	Poor	
Gas Leaks	X			
Mechanical Systems	X			
Windows/Doors/Gates (interior and exterior)	X			Three portables adjust safety screens; two portables adjust entry closers; one portable adjust entry door jam.
Interior Surfaces (walls, floors, and ceilings)	X			Several stained and broken ceiling tiles; one classroom carpet has wrinkles; new carpet in several classrooms.
Hazardous Materials (interior and exterior)	X			
Structural Damage	X			
Fire Safety	X			System in "trouble".
Electrical (interior and exterior)	X			Several lights and fixtures out.
Pest/Vermin Infestation	X			
Drinking Fountains (inside and outside)	X

Overall Summary		X		

Maintenance and Repair

District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority. Regular and corrective maintenance is handled on a priority basis and emergencies are handled immediately.

School Facility Conditions and Improvements

Bautista Creek Elementary School opened its doors in the fall of 1997 and is located on the east side of Hemet in a beautiful facility consisting of 24 permanent and 25 portable classrooms. Every classroom has adequate space and all the materials needed to ensure student success.

Deferred Maintenance Fund

The district participates in the State School Deferred Maintenance Program, which provides state matching funds on a dollar-for-dollar basis, to assist school districts with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems. For the 2008-09 school year, the district has budgeted \$932,691 for the deferred maintenance program. This represents .5% percent of the district's general fund budget.

New School Construction & Modernization Projects

Rancho Viejo Middle School opened in August 2008 with 1,400 students. Tahquitz High School Phase 2 Classrooms and Phase 3 Stadium are completed. Hemet High School Phase 1 Swimming Pool is under construction. Administration Remodel and Addition is in DSA and is scheduled to start construction in December 2008. The Hemet HS Weightroom is in DSA and scheduled for construction in April 2009. Acacia Middle School will undergo major classroom modernization using local funding. The project is in design and will start construction June 2009. Cottonwood Library projected is scheduled for January 2009 construction.

Teachers:

Teacher Credentials

This table displays the number of teachers assigned to the school with a full credential, without a full credential, and those teaching outside their subject area of competence. Detailed information about teacher qualifications can be found at the DataQuest Web site at <http://dq.cde.ca.gov/dataquest/>.

Curriculum and Instructional Materials:

Instructional Materials

On October 7, 2008 the Board unanimously approved the adoption of the Resolution regarding Sufficiency of Instructional Materials for fiscal year 2008-2009 pursuant to Education Code 60119. This table displays the results of that resolution.

Bautista Creek Elementary School and Hemet Unified School District are committed to a program that provides curriculum and instruction materials that are aligned with the California Content Standards. The district and school site have adopted curriculum that are explicit in their identification and focus on standards. We have implemented the Open Court Language Arts Program in grades K-5. Implementation includes

Adopted Textbooks

A District committee considers textbooks for recommendation on a cycle established by the State Board of Education and from a State adopted list. The committee meets to discuss current issues relevant to the subject matter, including student success, previously used textbooks, and instructional methods. The committee reviews demonstration copies of proposed textbooks, as well as listen to representatives describe the various highlights of the available materials. The review is followed by a pilot of materials that results in consensus by the committee of a recommended textbook. The textbook is forwarded to a K-12 Curriculum Council, which consists of teachers, parents, and community stakeholders, for review and approval. If the textbook is approved by the K-12 Curriculum Council, the textbook is forwarded to the Superintendent and the Governing Board for their review and approval. Each pupil in the district, kindergarten through grade twelve, is provided with standards-aligned textbooks or basic instructional materials that are consistent with the content and cycles of the curriculum framework adopted by the State Board. The chart below outlines the adopted textbooks we use in our District.

explicit instruction in phonemic awareness and phonics, vocabulary development, reading fluency and comprehension. The staff conducts a school-wide daily intervention/differentiation block of time, called Walk2Learn, which reinforce skills and standards. Accelerated Reader strengthens reading comprehension and a love of reading. Our math curriculum, enVision Math, is standards based. Science and Social Studies standards are integrated through out the school day and supported by state adopted texts.

Additional programs are provided for all students in Technology, Enrichment, P.E. and Library. Fourth and fifth grade students may participate in band and chorus and perform at school and in the community. The library program allows students to check out materials for recreational reading and classroom assignments. Instruction is also given in library skills. Audiovisual equipment such as computers, LCD projectors, VCR's, DVDs, tape recorders, listening centers and overhead projectors are available for staff members to enhance instruction and learning.

Support Staff:

Support Staff

This table displays, in units of full-time equivalents (FTE), the number of support staff who are assigned to the school. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50% of full time.

Student Performance:

California Standards Tests (CST)

The California Standards Tests (CST) show how well students are doing in relation to the state content standards. The CSTs include English-language arts and mathematics in grades 2 through 11; science in grades 5, 8, and 9 through 11; and history-social science in grades 8 and 10 through 11. Student scores are reported as performance levels. Detailed information regarding CST results for each grade and proficiency level, including the percent of students not tested, can be found on the Standardized Testing and Reporting (STAR) Results Web page at <http://star.cde.ca.gov>.

CST Results for all Students Three Year Comparison

This table displays the percent of students achieving at the Proficient or Advanced level (meeting or exceeding the state standards).

Subject	School			District			State		
	06	07	08	06	07	08	06	07	08
ELA	51	47	56	39	39	43	42	43	46
Math	59	57	64	34	34	37	40	40	43
Science	32	39	42	28	32	39	35	38	46

Note: Scores are not shown when the number of students tested is 10 or less, either because the number of students in this category is too small for statistical accuracy, or to protect student privacy. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.

CST Results by Student Group Most Recent Year

This table displays the percent of students, by group, achieving at the Proficient or Advanced level (meeting or exceeding the state standards) for the most recent testing period.

Group	Percent of Students Scoring at Proficient or Advanced Level		
	ELA	Math	Science
African American	57	54	17
Asian	73	91	*
Hispanic or Latino	49	57	27

Female	59	61	40
Economically Disadvantaged	47	55	27
English Learners	34	43	31
Students with Disabilities	17	32	42

Note: Scores are not shown when the number of students tested is 10 or less, either because the number of students in this category is too small for statistical accuracy, or to protect student privacy. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.

California Physical Fitness Test Results

The California Physical Fitness Test is administered to students in grades 5, 7, and 9 only. This table displays by grade level the percent of students meeting fitness standards (scoring in the healthy fitness zone on all six fitness standards) for the most recent testing period. Detailed information regarding the California Physical Fitness Test, and comparisons of a school's test results to the district and state levels, can be found at the Physical Fitness Testing Web site at <http://www.cde.ca.gov/ta/tg/pf/>.

Grade Level	Percent of Students Meeting Fitness Standards (on all six fitness standards)

Note: Scores are not shown when the number of students tested is 10 or less, either because the number of students in this category is too small for statistical accuracy, or to protect student privacy. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.

Accountability:

Academic Performance Index

The Academic Performance Index (API) is an annual measure of the academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. Detailed information about the API can be found at the API Web site at <http://www.cde.ca.gov/ta/ac/ap/>.

API Ranks—Three Year Comparison

This table displays the school's statewide and similar schools API ranks. The statewide API rank ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest 10 percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest 10 percent of all schools in the state. The similar schools API rank reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing 10 schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

API Rank	2005	2006	2007
Statewide	6	7	7
Similar Schools	6	9	6

API Changes by Student Group—Three Year Comparison

This table displays, by student group, the actual API changes in points added or lost for the past three years, and the most recent API score.

Group	Actual API Change			API Score
	2005-06	2006-07	2007-08	2008
All Students	41	-21	16	820
Hispanic or Latino	32	-28	43	781
White (not Hispanic)	43	-9	16	849
Economically Disadvantaged	36	-26	34	782

Adequate Yearly Progress (AYP)

The federal No Child Left Behind Act (NCLB) requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in English-language arts (ELA) and mathematics.
- Percent proficient on the state's standards-based assessments in ELA and mathematics.
- API as an additional indicator.
- Graduation rate (for secondary schools).

Detailed information about AYP, including participation rates and percent proficient results by student group, can be found at the AYP Web site at <http://www.cde.ca.gov/ta/ac/ay/>.

AYP Overall and by Criteria

This table displays an indication of whether the school and the district made AYP overall and whether the school and the district met each of the AYP criteria.

AYP Criteria	School	District
Overall	Yes	No
Participation Rate—ELA	Yes	Yes
Participation Rate—Mathematics	Yes	Yes
Percent Proficient—ELA	Yes	No
Percent Proficient—Mathematics	Yes	No
API	Yes	Yes

Student Progress

Bautista Creek's API is 820. We met API, AYP, and AMO targets for all subgroups for the 2007-2008 school year.

Students are assessed frequently using multiple measures for performance. Curriculum embedded assessments are administered every six weeks. The data collected from assessments is analyzed to adjust instruction to meet individual students' needs. Teachers meet with parents and students to formulate learning goals based upon current assessment data. Grade levels work together to plan and deliver interventions based upon current performance results. Mid year and end of year data results are entered into the EADMS system to record student progress. STAR data and CELDT results are also available on EADMS. Student Study Teams are held to monitor the progress of at-risk students and ensure that interventions are in place.

Parents are mailed the results of the STAR testing in the summer. Local newspapers share school data with the community. The principal reviews STAR data with our school staff, the School Site Council, and parents at school events. Data from curriculum embedded assessments as well as STAR data is shared with parents at fall parent/teacher conferences. Progress reports and report cards are sent home throughout the school year. Spring parent/teacher conferences are held to communicate student progress toward grade level standards.

Instructional Planning and Scheduling:

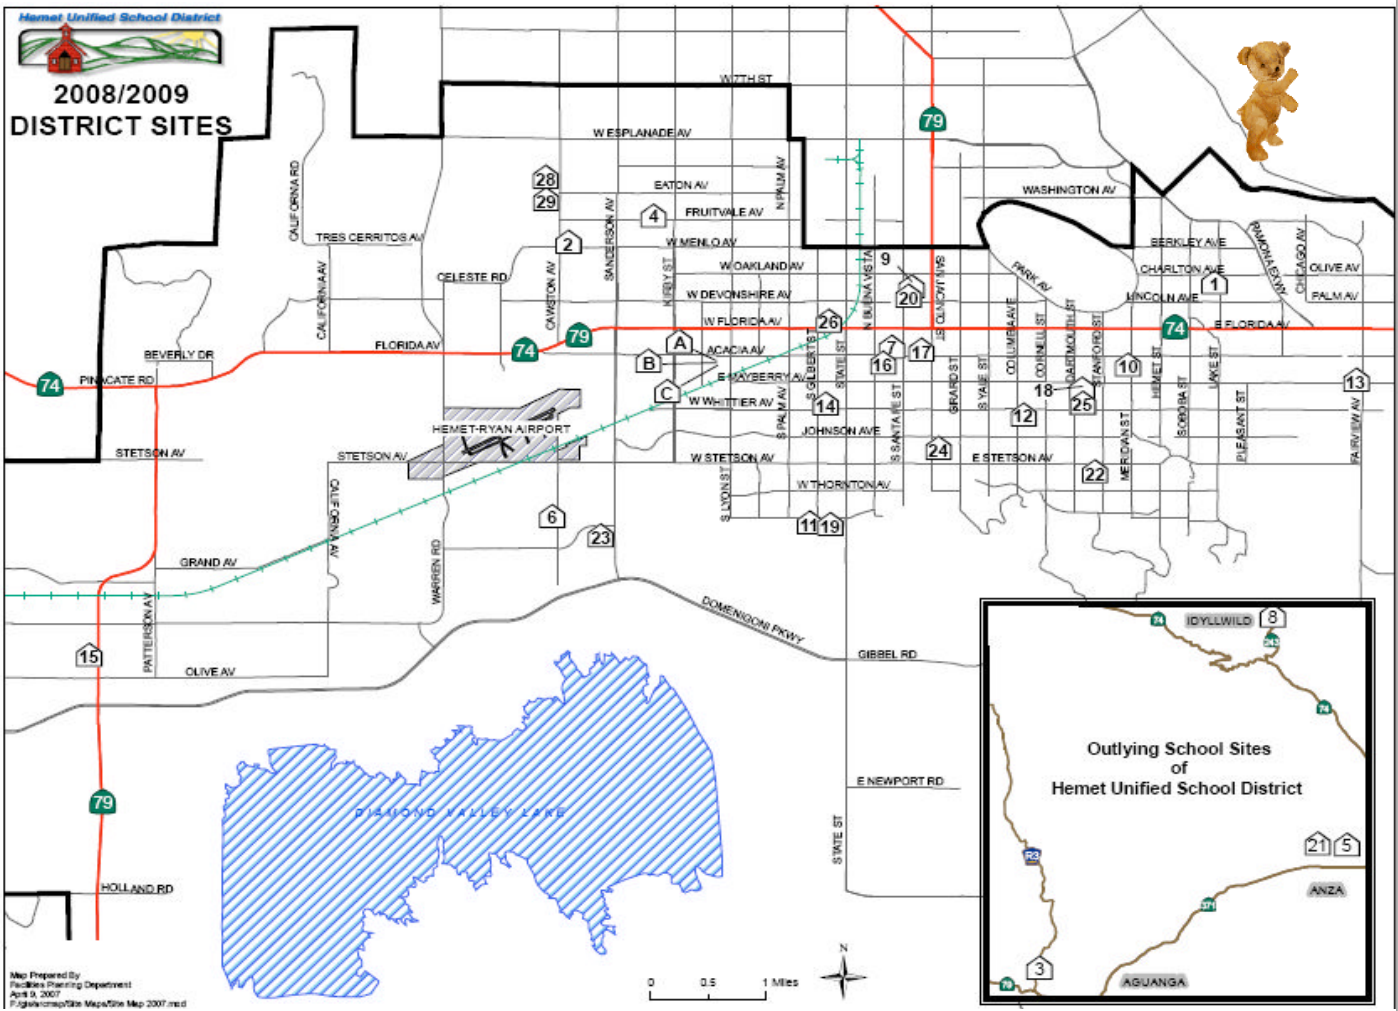

Professional Development

The school district provides all staff members with opportunities for professional growth and training in a variety of programs so that all teachers and paraprofessionals may become highly qualified under the No Child Left Behind law. The focus is on the delivery of a standards-based instructional program. District professional development priorities are outlined in the current LEA addendum as SB472 Language Arts and Mathematics, AB430 Administrative Training, AB 2913 English Learner Authorization, BTSA Induction Support for year one and year two teachers, and specific Special Education trainings. Peer Assistance Review (PAR) is available to veteran teachers who need unique structure and support. Achievement data is used to determine site support and priorities in professional development. Moreover, four BTSA induction support providers, five academic coaches in language arts and mathematics, and five Reading First coaches provide ongoing support in day to day professional development needs for all instructional personnel. The District revised the Technology Plan in 2006 to include opportunities for staff to increase skills in technology application and instruction.

Categorical funds at the district and site level are designated for a Director of Professional Development, a secretary and an eight-hour clerk to coordinate district professional development. The District has a professional development calendar on the website for the 2008-09 school year.
