Introduction

The School Accountability Report Card (SARC), which is required by law to be published annually, contains information about the condition and performance of each California public school. More information about SARC requirements is available on the SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>. For additional information about the school, parents and community members should contact the school principal or the district office.

Data and Access

Data
DataQuest is an online data tool located at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, *DataQuest* is a dynamic system that provides reports for accountability (e.g. Academic Performance Index [API], Adequate Yearly Progress [AYP], test data, enrollment, graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Mission Statement

It shall be the mission of Dartmouth Middle School to encourage and motivate students to become creative and critical thinkers and lifelong learners in order to function in our complex, multicultural society. It is our purpose to provide a positive transition to high school by introducing our students to a variety of activities, curricula, and experiences geared toward increasing their responsibility and allowing them to reach their full potential. We will develop self-esteem and provide a safe learning environment by having students, parents, and teachers work together toward these goals.

School Profile

Dartmouth was named a California Distinguished School in 2005. We have a knowledgeable staff of teachers who are experts at working with middle school students. Dartmouth students have consistently won awards for their performance in

science fairs, spelling bees, band, choral music, and many other academic competitions. We have computers in every class with internet accessibility. Our library has computers for internet researching and for accessing educational software and word processing. The library is open to students before and after school.

Founded in September 1994, Dartmouth Middle School currently serves sixth, seventh, and eighth grade students. Dartmouth Middle School is located east of the city of Hemet in the unincorporated section of Riverside County. Dartmouth serves as the middle school for two elementary schools located in east Hemet.

Community support has provided donations to supplement the library and purchase additional science equipment. We take great pride in our school and the achievement of students. The Dartmouth staff is committed to excellence.

District Profile

Hemet Unified School District encompasses one incorporated city and numerous unincorporated communities within its 700+ topographically diverse square miles. We have 29 elementary and secondary schools with an enrollment of over 23,000 students. Agriculture still provides an important economic influence, as do other light and service industries. The rural flavor of the community still survives despite the rapid growth which has taken place in the area.

Parent Involvement

The site addresses the six areas of parent involvement through their comprehensive school plan. For more information, contact the site Principal, Sharleen Rainville at (951) 765-2550.

School Enrollment by Grade Level

This table displays the number of students enrolled in each grade level as reported by the California Basic Educational Data Systems (CBEDS) in 2007-08:

Grade Level	Enrollment
Grade 6	326
Grade 7	389
Grade 8	387
Total	1,102

Demographic Information

This table displays the percent of students enrolled at the school who are identified as being in a particular group:

Racial/Ethnic Category	% of Total Enrollment
African American	4.08
American Indian or Alaska Native	1.54
Asian	1.81
Filipino	0.09
Hispanic or Latino	34.3
Pacific Islander	0.45
White (Not Hispanic)	57.17
Multiple or No Response	0.54
Socioeconomically Disadvantaged	56.0
English Learners	10.0
Students with Disabilities	15.0

Fire drills are conducted monthly and a disaster preparedness plan exists for emergencies. Staff is trained in emergency procedures, including evacuation routes and safety checks.

School Discipline Practices

Our goal is to create a productive learning environment for our students. To do this we must have clear expectations and fair consequences. Behavior which is disruptive or which hurts others will not be tolerated. Students who violate school rules may be suspended or expelled if necessary. The following table displays the rate of suspensions and expulsions (the total number of incidents divided by the total enrollment) at the school and district levels for the most recent three-year period:

	School			District		
	05-06	06-07	07-08	05-06	06-07	07-08
Suspensions	11.2	20.0	35.2	17.1	15.4	14.8
Expulsions	0.0	0.2	0.6	0.1	0.5	0.6

School Facilities:

Deferred Maintenance Fund

The district participates in the State School Deferred Maintenance Program, which provides state matching funds on a dollar-for-dollar basis, to assist school districts with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems. For the 2008-09 school year, the district has budgeted \$932,691 for the deferred maintenance program. This represents .5% percent of the district's general fund budget.

Cleaning Process and Schedule

The site administrators, custodian and district personnel conduct routine physical inspections for safety and maintenance. Classrooms and restrooms are cleaned daily. The principal works with the custodial staff to develop cleaning schedules to ensure a clean and safe school. Students are encouraged to have pride in their school and to do their part to keep the school clean.

The district takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the district uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this survey are available at the school office or at the district office.

School Climate:

School Safety

SB187 Safety Plan

Date the plan was last updated: September, 2007

Date the plan was last reviewed: November, 2007

The Comprehensive Safe School Plan is fully incorporated in the Single Plan for Student Achievement, Goal 4, and includes data regarding California Healthy Kids Survey, crime, safe school procedures and compliance with laws including: (1) child abuse reporting, (2) disaster response, (3) suspension and expulsion policies, (4) notification of teachers of dangerous pupils, (5) sexual harassment, (6) schoolwide dress codes prohibiting gang-related apparel, (7) procedures for safe ingress and egress from school, (8) procedures to ensure a safe and orderly environment conducive to learning, and (9) rules and procedures on school discipline adopted pursuant to Ed Code Sections 35291 and 35291.5. A copy of the Single Plan for Student Achievement is available for inspection by the public at each school.

Dartmouth strives to provide a safe and secure campus. Students are supervised from 7:15 a.m. to 3:30 p.m. The campus is completely fenced. Short wave radios provide communication between supervisors and the office personnel. A good rapport has been established with Riverside Sheriff's Department. A school resource officer is assigned to the campus two days per week.

Average Class Size and Class Size Distribution (Secondary)

This table displays by subject area the average class size and the number of classrooms that fall into each size category (a range of total students per classroom).

School Facility Good Repair Status (School Year 2008-09)

This table displays the results of the most recently completed school site inspection to determine the school facility's good repair status. On July 29, 2008 facilities validation site visit was conducted at Dartmouth Middle School. Based on the field observations the following was found and the district has taken the appropriate action.

Item Inspected	Repair Status			Repair Needed and Action Taken or Planned
	Good	Fair	Poor

Maintenance and Repair

District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority. Regular and corrective maintenance is handled on a priority basis and emergencies are handled immediately.

School Facility Conditions and Improvements

Dartmouth Middle School opened its doors in 1994. Dartmouth Middle School facility promotes teaching and learning. Every classroom has adequate space and all the materials needed to ensure student success.

New School Construction & Modernization Projects

Rancho Viejo Middle School opened in August 2008 with 1,400 students. Tahquitz High School Phase 2 Classrooms and Phase 3 Stadium are completed. Hemet High School Phase 1 Swimming Pool is under construction. Administration Remodel and Addition is in DSA and is scheduled to start construction in December 2008. The Hemet HS Weightroom is in DSA and scheduled for construction in April 2009. Acacia Middle School will undergo major classroom modernization using local funding. The project is in design and will start construction June 2009. Cottonwood Library projected is scheduled for January 2009 construction.

Teachers:

Teacher Credentials

This table displays the number of teachers assigned to the school with a full credential, without a full credential, and those teaching outside their subject area of competence. Detailed information about teacher qualifications can be found at the DataQuest Web site at <http://dq/cde.ca.gov/dataquest/>.

Teachers	School			District
	2005-06	2006-07	2007-08	2007-08

Teacher Misassignments and Vacant Teacher Positions

This table displays the number of teacher misassignments (teachers assigned without proper legal authorization) and the number of vacant teacher positions (not filled by a single designated teacher assigned to teach the entire course at the beginning of the school year or semester). Note: Total Teacher Misassignments includes the number of Misassignments of Teachers of English Learners.

School Finances:

Teacher & Administrative Salaries (Fiscal Year 2006-07)

This table displays district-level salary information for teachers, principals, and superintendents, and compares these figures to the state averages for districts of the same type and size. The table also displays teacher and administrative salaries as a percent of a district's budget, and compares these figures to the state averages for districts of the same type and size. Detailed information regarding salaries can be found at the Certificated Salaries and Benefits Web site at <http://www.cde.ca.gov/ds/fd/cs/>.

Category	District Amount	State Average for Districts in Same Category
Beginning Teacher Salary	\$38,778	\$40,721

Other Programs

To help ensure a quality education for all students, state and federal funding is provided to Dartmouth Middle School for the following special programs to supplement the core instructional program provided by the school District:

Program	Amount
Title I	\$175,831
School & Library Improvement Block Grant	\$32,422
EIA/LEP	\$35,039
ELAP	\$18,834
Total	\$262,126

Pupil Expenditures and School Site Teacher Salaries (Fiscal Year 2006-07)

This table displays a comparison of the school's per pupil expenditures from unrestricted (basic) sources with other schools in the district and throughout the state, and a comparison of the average teacher salary at the school site with average teacher salaries at the district and state levels. Detailed information regarding salaries can be found at the Current Expense of Education Web page at <http://www.cde.ca.gov/ds/fd/ec/> and teacher salaries can be found on the Certificated Salaries and Benefits Web page at <http://www.cde.ca.gov/ds/fd/cs/>.

Curriculum and Instruction:

Adopted Textbooks

A District committee considers textbooks for recommendation on a cycle established by the State Board of Education and from a State adopted list. The committee meets to discuss current issues relevant to the subject matter, including student success, previously used textbooks, and instructional methods. The committee reviews demonstration copies of proposed textbooks, as well as listen to representatives describe the various highlights of the available materials. The review is followed by a pilot of materials that results in consensus by the committee of a recommended textbook. The textbook is forwarded to a K-12 Curriculum Council, which consists of teachers, parents, and community stakeholders, for review and approval. If the textbook is approved by the K-12 Curriculum Council, the textbook is forwarded to the Superintendent and the Governing Board for their review and approval. Each pupil in the district, kindergarten through grade twelve, is provided with standards-aligned textbooks or basic instructional materials that are consistent with the content and cycles of the curriculum framework adopted by the State Board. The chart below outlines the adopted textbooks we use in our District.

Student Services:

Academic Counselors and Other Support Staff

In 2007-08 our counseling office staffed two full-time credentialed school counselors, a registrar and counseling support staff. Our library was run by a full-time credentialed librarian. This table displays, in units of full-time equivalents (FTE), the number of academic counselors and other support staff who are assigned to the school and the average number of students per academic counselor. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50% of full time.

Title	Number of FTE Assigned to School	Average Number of Students per Academic Counselor
Academic Counselor	2.0	551.0
Library Media Teacher (Librarian)	1.0	
Library Media Services (paraprofessional)	1.0	
Psychologist	1.0	
Speech/Language/Hearing Specialist	1.0	
Nurse	1.0	

Student Performance:

California Standards Tests (CST)

The California Standards Tests (CST) show how well students are doing in relation to the state content standards. The CSTs include English-language arts and mathematics in grades 2 through 11; science in grades 5, 8, and 9 through 11; and history-social science in grades 8 and 10 through 11. Student scores are reported as performance levels. Detailed information regarding CST results for each grade and proficiency level, including the percent of students not tested, can be found on the Standardized Testing and Reporting (STAR) Results Web page at <http://star.cde.ca.gov>.

CST Results for all Students Three Year Comparison

This table displays the percent of students achieving at the Proficient or Advanced level (meeting or exceeding the state standards).

Subject	School			District			State		
	06	07	08	06	07	08	06	07	08
ELA	48	47	48	39	39	43	42	43	46
Math	36	36	36	34	34	37	40	40	43
Science	36	40	43	28	32	39	35	38	46
History/ Social Science	36	34	32	28	28	31	33	33	36

Note: Scores are not shown when the number of students tested is 10 or less, either because the number of students in this category is too small for statistical accuracy, or to protect student privacy. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.

CST Results by Student Group Most Recent Year

This table displays the percent of students, by group, achieving at the Proficient or Advanced level (meeting or exceeding the state standards) for the most recent testing period.

Group	Percent of Students Scoring at Proficient or Advanced Level			
	ELA	Math	Science	History/ Social Science
African American	33	19	38	31
American Indian	28	28	*	*
Asian	89	94	*	*

Male	41	36	43	33
Female	55	37	44	30
Economically Disadvantaged	36	28	34	
English Learners	11	14	9	3
Students with Disabilities	7	9	5	

Note: Scores are not shown when the number of students tested is 10 or less, either because the number of students in this category is too small for statistical accuracy, or to protect student privacy. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.

California Physical Fitness Test Results

The California Physical Fitness Test is administered to students in grades 5, 7, and 9 only. This table displays by grade level the percent of students meeting fitness standards (scoring in the healthy fitness zone on all six fitness standards) for the most recent testing period. Detailed information regarding the California Physical Fitness Test, and comparisons of a school's test results to the district and state levels, can be found at the Physical Fitness Testing Web site at <http://www.cde.ca.gov/ta/tg/pf/>.

Grade Level	Percent of Students Meeting Fitness Standards (on all six fitness standards)
7	23.8

Note: Scores are not shown when the number of students tested is 10 or less, either because the number of students in this category is too small for statistical accuracy, or to protect student privacy. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.

Accountability:

Academic Performance Index

The Academic Performance Index (API) is an annual measure of the academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. Detailed information about the API can be found at the API Web site at <http://www.cde.ca.gov/ta/ac/ap/>.

API Ranks Three Year Comparison

This table displays the school's statewide and similar schools API ranks. The statewide API rank ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest 10 percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest 10 percent of all schools in the state. The similar schools API rank reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing 10 schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

API Rank	2005	2006	2007
Statewide	6	6	6
Similar Schools	3	6	4

API Changes by Student Group Three Year Comparison

This table displays, by student group, the actual API changes in points added or lost for the past two years, and the most recent API score.

Group	Actual API Change			API Score
	05-06	06-07	07-08	2008
All Students	19	5	-5	742
Hispanic or Latino	8	18	2	693
White (Non Hispanic)	31	1	-9	766
Economically Disadvantaged	11	35	-4	691
Students with Disabilities		19	-39	506

Adequate Yearly Progress (AYP)

The federal No Child Left Behind Act (NCLB) requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in English-language arts (ELA) and mathematics.
- Percent proficient on the state's standards-based assessments in ELA and mathematics.
- API as an additional indicator.
- Graduation rate (for secondary schools).

Detailed information about AYP, including participation rates and percent proficient results by student group, can be found at the AYP Web site at <http://www.cde.ca.gov/ta/ac/ay/>.

AYP Overall and by Criteria

This table displays an indication of whether the school and the district made AYP overall and whether the school and the district met each of the AYP criteria.

AYP Criteria	School	District
Overall	No	No
Participation Rate—ELA	Yes	Yes
Participation Rate—Mathematics	Yes	Yes
Percent Proficient—ELA	No	No
Percent Proficient—Mathematics	No	No
API	Yes	Yes

Federal Intervention Program

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (English-language arts or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. Detailed information about PI identification can be found at the AYP Web site at <http://www.cde.ca.gov/ta/ac/ay/>.

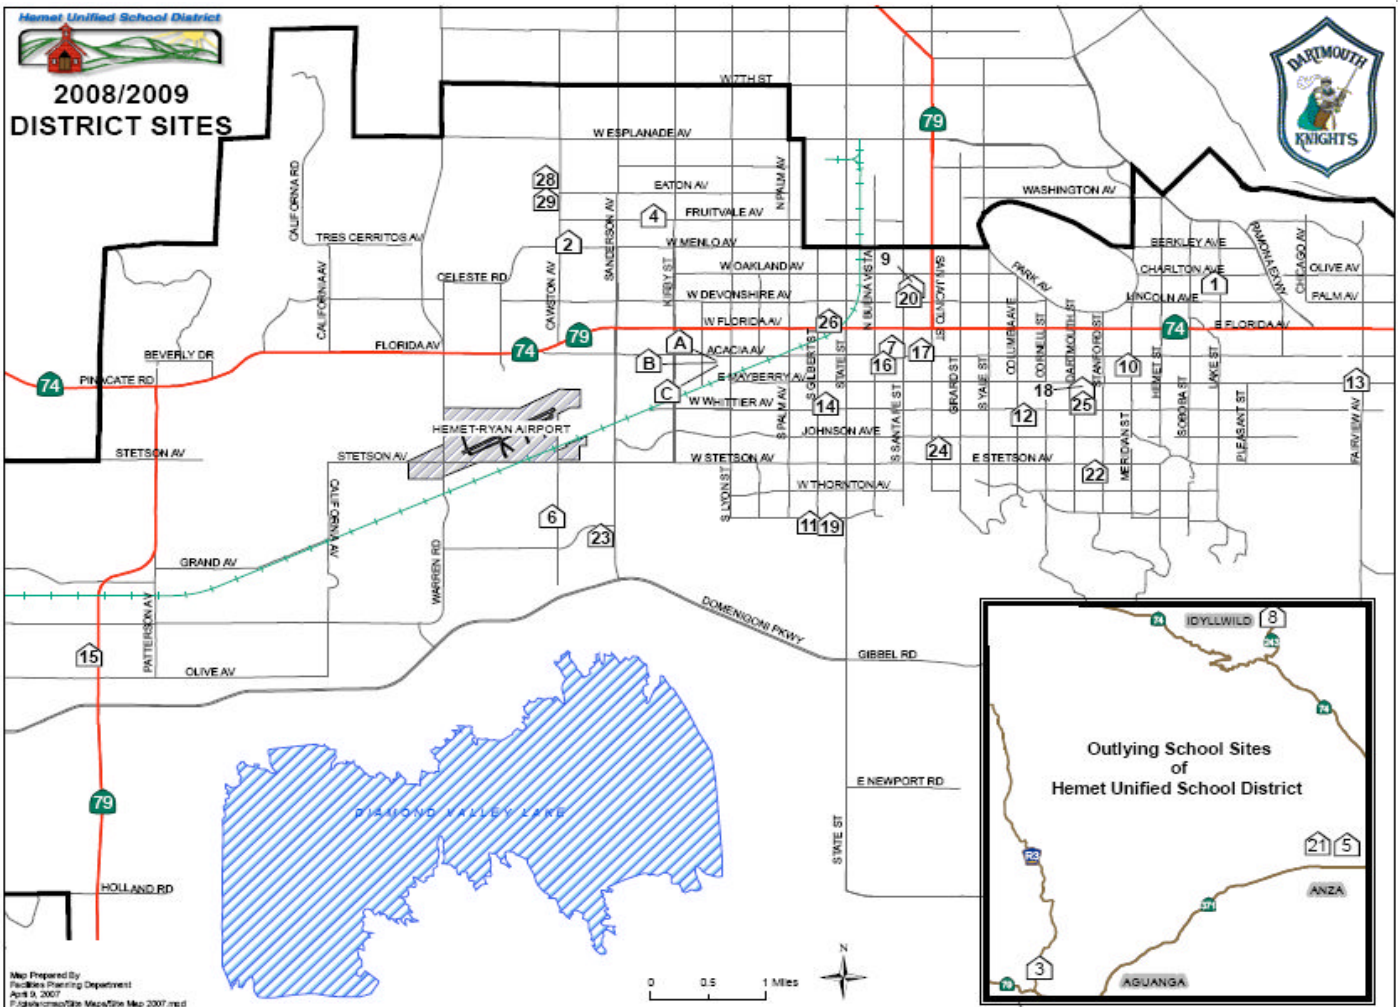

Indicator	School	District
Program Improvement Status	In PI	In PI
First Year of PI Implementation	2006-07	2004-05
Year in Program Improvement	Year 2	Year 3
Number of Schools Currently in PI		13
Percent of Schools Currently in PI		46.4

Instructional Planning and Scheduling:

Professional Development

The school district provides all staff members with opportunities for professional growth and training in a variety of programs so that all teachers and paraprofessionals may become highly qualified under the No Child Left Behind law. The focus is on the delivery of a standards-based instructional program. District professional development priorities are outlined in the current LEA addendum as SB472 Language Arts and Mathematics, AB430 Administrative Training, AB 2913 English Learner Authorization, BTSA Induction Support for year one and year two teachers, and specific Special Education trainings. Peer Assistance Review (PAR) is available to veteran teachers who need unique structure and support. Achievement data is used to determine site support and priorities in professional development. Moreover, four BTSA induction support providers, five academic coaches in language arts and mathematics, and five Reading First coaches provide ongoing support in day to day professional development needs for all instructional personnel. The District revised the Technology Plan in 2006 to include opportunities for staff to increase skills in technology application and instruction.

Categorical funds at the district and site level are designated for a Director of Professional Development, a secretary and an eight-hour clerk to coordinate district professional development. The District has a professional development calendar on the website for the 2008-09 school year.
