Introduction

The School Accountability Report Card (SARC), which is required by law to be published annually, contains information about the condition and performance of each California public school. More information about SARC requirements is available on the SARC Web page at http://www.cde.ca.gov/ta/ac/sa/. For additional information about the school, parents and community members should contact the school principal or the district office.

Data and Access

Data

DataQuest is an online data tool located at http://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g. Academic Performance Index [API], Adequate Yearly Progress [AYP], test data, enrollment, graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Mission Statement

Hemet High School will provide a safe, supportive, and challenging environment in which culturally diverse students can develop academic, vocational, and interpersonal skill. Hemet High offers a California State Standards-aligned curriculum, ensuring every student equal opportunity to increase his or her reading comprehension, critical thinking, oral and written communication, and technological skills. Hemet High school will present students with an awareness of their privileges and responsibilities as citizens and will encourage the use of reason, creativity and leadership qualities, which will aid them in their task of becoming successful members of our society.

<u>Expected Schoolwide Learning</u> <u>Results (ESLRS)</u>

Hemet High School Graduates Will Be:

- Problem solvers and critical thinkers
- Effective communicators
- Responsible citizens
- Healthy individuals
- Users of technology
- Aesthetically aware

School Profile

Hemet High is a premier high school in Riverside County. Academic programs and extracurricular activities are comprehensive, meeting the needs of a variety of students. Enriched coursework includes honors and advanced placement courses, and a strong Academic Decathlon Program, which placed first in Riverside County for the last 10 years. The vocal, instrumental, dance and cheer programs at Hemet High are nationally known and form a Performing Arts Academy open by audition. Hemet is proud to have a strong Vocational Education Program that provides courses on our campus, these include: automotive repair, retail, and cabinet making. Hemet High has a very active agriculture program and a distinguished AFJROTC unit. Our auto shop is AYES and NATEF certified and has many auto dealers as partners.

The staff at Hemet High is unsurpassed in its experience and dedication. They are community members who take great pride in the achievements of their students, offering each one of them tremendous support. Hemet High is committed to providing its students the tools they need to be successful citizens in the 21st Century. With a strong sense of past and a forward outlook, it is an outstanding school.

District Profile

Hemet Unified School District encompasses one incorporated city and numerous unincorporated communities within its 700+ topographically diverse square miles. There are 29 elementary and secondary schools with an enrollment of over 23,000 students. Agriculture still provides an important economic influence, as do other light and service industries. The rural flavor of the community still survives despite the rapid growth which has taken place in the area.

Parent Involvement

The site addresses the six areas of parent involvement through their comprehensive school plan. Parents may also be involved in: School Site Council; English Learner Advisory Council; Performing Arts Parent Club; Athletic Parent Clubs; and Grad Nite (Parents). For more information, contact the site Principal, Mr. Bill Black at (909) 765-5150.

School Enrollment by Grade Level

This table displays the number of students enrolled in each grade level as reported by the California Basic Educational Data Systems (CBEDS) in 2007-08:

Grade Level	Enrollment
Grade 9	633
Grade 10	667
Grade 11	636
Grade 12	620
Total	2,556

Demographic Information

This table displays the percent of students enrolled at the school who are identified as being in a particular group:

Racial/Ethnic Category	% of Total Enrollment
African American	3.83
American Indian or Alaska Native	1.02
Asian	2.39
Filipino	0.23
Hispanic or Latino	32.79
Pacific Islander	0.35

School Climate:

School Safety

SB187 Safety Plan

Date the plan was last updated: June, 2008 **Date the plan was last reviewed:** June, 2008

The Comprehensive Safe School Plan is fully incorporated in the Single Plan for Student Achievement, Goal 4, and includes data regarding California Healthy Kids Survey, crime, safe school procedures and compliance with laws including: (1) child abuse reporting, (2) disaster response, (3) suspension and expulsion policies, (4) notification of teachers of dangerous pupils, (5) sexual harassment, (6) schoolwide dress codes prohibiting gang-related apparel, (7) procedures for safe ingress and egress from school, (8) procedures to ensure a safe and orderly environment conducive to learning, and (9) rules and procedures on school discipline adopted pursuant to Ed Code Sections 35291 and 35291.5. A copy of the Single Plan for Student Achievement is available for inspection by the public at each school.

Pursuant to state and District guidelines, Hemet High has a disaster preparedness plan and students participate in bi annual fire and earthquake drills. Classrooms have posted evacuation charts, and are equipped with disaster packets and fire extinguishers. The School Safety Committee conducts monthly, campus-wide, safety inspections and twice yearly, the county fire marshal inspects.

School Discipline Practices

Our goal is to create a productive learning environment for our students. To do this we must have clear expectations and fair consequences. Behavior which is disruptive or which hurts others will not be tolerated. Students who violate school rules may be suspended or expelled if necessary. The following table displays the rate of suspensions and expulsions (the total number of incidents divided by the total enrollment) at the school and district levels for the most recent three-year period:

		School		District			
	05-06	06-07	07-08	05-06	06-07	07-08

School Facilities:

Maintenance and Repair

District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority. Regular and corrective maintenance is handled on a priority basis and emergencies are handled immediately.

Deferred Maintenance Fund

The district participates in the State School Deferred Maintenance Program, which provides state matching funds on a dollar-for-dollar basis, to assist school districts with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems. For the 2008-09 school year, the district has budgeted \$932,691 for the deferred maintenance program. This represents .5% percent of the district's general fund budget.

School Facility Conditions and Improvements

Hemet High School opened its doors in 1972 and additions were made in 1987. Modernization was initially done in 2003, and plans are now underway for future capital improvements over the next three years. Hemet High School facility promotes teaching and learning. Every classroom has adequate space and all the materials needed to ensure student success. Plans call for a new permanent classroom building, a

new theater, and a new administrative building within the next couple of years.

Cleaning Process and Schedule

The site administrators, custodian and district personnel conduct routine physical inspections for safety and maintenance. Classrooms and restrooms are cleaned daily. The principal works with the custodial staff to develop cleaning schedules to ensure a clean and safe school. Students are encouraged to have pride in their school and to do their part to keep the school clean.

The district takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the district uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this survey are available at the school office or at the district office.

New School Construction & Modernization Projects

Rancho Viejo Middle School opened in August 2008 with 1,400 students. Tahquitz High School Phase 2 Classrooms and Phase 3 Stadium are completed. Hemet High School Phase 1 Swimming Pool is under construction. Administration Remodel and Addition is in DSA and is scheduled to start construction in December 2008. The Hemet HS Weight room is in DSA and scheduled for construction April 2009. Acacia Middle School will undergo major classroom modernization using local funding. The project is in design and will start construction June 2009. Cottonwood Library project is scheduled for January 2009 construction.

Instructional Materials:

Adopted Textbooks

A District committee considers textbooks for recommendation on a cycle established by the State Board of Education and from a State adopted list. The committee meets to discuss current issues relevant to the subject matter, including student success, previously used textbooks, and instructional methods. The committee reviews demonstration copies of proposed textbooks, as well as listen to representatives describe the various highlights of the available materials. The review is followed by a pilot of materials that results in consensus by the committee of a recommended textbook. The textbook is forwarded to a K-12 Curriculum Council, which consists of teachers, parents, and community stakeholders, for review and approval. If the textbook is approved by the K-12 Curriculum Council, the textbook is forwarded to the Superintendent and the Governing Board for their review and approval. Each pupil in the district, kindergarten through grade twelve, is provided with standards-aligned textbooks or basic instructional materials that are consistent with the content and cycles of the curriculum framework adopted by the State Board. The chart outlines the adopted textbooks we use in our District.

California Physical Fitness Test Results

The California Physical Fitness Test is administered to students in grades 5, 7, and 9 only. This table displays by grade level the percent of students meeting fitness standards (scoring in the healthy fitness zone on all six fitness standards) for the most recent testing period. Detailed information regarding the California Physical Fitness Test, and comparisons of a school's test results to the district and state levels, can be found at the Physical Fitness Testing Web page at http://www.cde.ca.gov/ta/tg/pf/.

Note: Scores are not shown when the number of students tested is 10

California Standards Tests (CST)

The California Standards Tests (CST) show how well students are doing in relation to the state content standards. The CSTs include English-language arts and mathematics in grades 2 through 11; science in grades 5, 8 and 9 through 11; and history-social science in grades 8 and 10 through 11. Student scores are reported as performance levels. Detailed information regarding CST results for each grade and proficiency level, including the percent of students not tested, can be found on the Standardized Testing and Reporting (STAR) Results Web page at http://star.cde.ca.gov.

California High School Exit Exam (CAHSEE) Results

The California High School Exit Examination (CAHSEE) is primarily used as a graduation requirement. However, the grade 10 results of this exam are also used to establish the percentages of students at three proficiency levels (not proficient, proficient, or advanced) in ELA and mathematics in order to compute Adequate Yearly Progress (AYP) designations as required by the federal NCLB Act of 2001. Detailed information regarding CAHSEE results can be found at the CAHSEE Web site at www.cde.ca.gov/ta/tg/hs/.

Note: Scores are not shown when the number of students tested is 10 or less, either because the number of students in this category is too small for statistical accuracy, or to protect student privacy. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.

Academic Performance Index

The Academic Performance Index (API) is an annual measure of the academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. Detailed information about the API can be found at the API Web site at http://www.cde.ca.gov/ta/ac/ap/.

API Ranks Three Year Comparison

This table displays the school's statewide and similar schools API ranks. The statewide API rank ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest 10 percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest 10 percent of all schools in the state. The similar schools API rank reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing 10 schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

API Rank	2005	2006	2007
Statewide	7	7	7
Similar Schools	9	8	7

Adequate Yearly Progress (AYP)

The federal No Child Left Behind Act (NCLB) requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in English-language arts (ELA) and mathematics.
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

Detailed information about AYP, including participation rates and percent proficient results by student group, can be fount at the AYP Web site at http://www.cde.ca.gov/ta/ac/ay/.

AYP Overall and by Criteria

This table displays an indication of whether the school and the district made AYP overall and whether the school and the district met each of the AYP criteria.

AYP Criteria	School	District
Overall	Yes	No
Participation Rate—ELA	Yes	Yes
Participation Rate—Mathematics	Yes	Yes
Percent Proficient—ELA	Yes	No

Admission Requirements for California Public Universities

University of California

Admission requirements for the University of California (UC) follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college work, be eligible for admission to the UC. These requirements are designed to

ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements please visit the University of California Web site at http://www.universityofcalifornia.edu/admissions/general.html.

California State University

Admission requirements for the California State University (CSU) use three factors to determine eligibility. They are specific high school courses; grades in specified courses and test scores; and graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses utilize local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For general admissions requirements please visit the California State University Web site at https://www.calstate.edu/admission/.

Dropout Rate and Graduation Rate (Fiscal Year 2006-07)

This table displays the school's one-year dropout rates and graduation rates for the most recent three-year period. For comparison purposes, data are also provided at the district and state levels. Detailed information about dropout rates and graduation rates can be found at the DataQuest Web site at http://dg.cde.ca.gov/dataquest/.

- Veterinary Science

Career Technical Education Participation

The following table displays information about participation in the school's CTE programs:

Measure	CTE Program Participation
Number of Pupils	215
Percent of pupils completing a CTE program and earning a high school diploma	99%
Percent of CTE courses sequenced or articulated between the school and institutions of postsecondary education	33%

Courses for University of California and/or California State University Admission (2006-07)

This table displays for the most recent year two measures related to the school's courses that are required for University of California (UC) and/or California State University (CSU) admission. Detailed information about student enrollment and completion of courses required for UC/CSU admission can be found at the DataQuest Web site at http://dq.cde.ca.gov/dataquest/.

Indicator	Percent
Students Enrolled in Courses Required for UC/CSU Admission	75.4
Graduates Who Completed All Courses Required for UC/CSU Admission	26.9

Advanced Placement Courses

This table displays for the most recent year the number of Advanced Placement (AP) courses that the school offered by subject and the percent of the school's students enrolled in all AP courses. Detailed information about student enrollment in AP courses can be found at the DataQuest Web site at http://dg.cde.ca.gov/dataquest/.

Completion of High School Graduation Requirements

Students in California public schools must pass both the English-language arts and mathematics portions of the California High School Exit Examination (CAHSEE) to receive a high school diploma. For students who began the 2007-08 school year in the 12th grade, as evidenced by that school year's October CBEDS enrollment, this table displays by student group the percent who met all state and local graduation requirements for grade 12 completion, including having passed both portions of the CAHSEE or received a local waiver or state exemption. Detailed information about the CAHSEE can be found at the CAHSEE Web page at http://www.cde.ca.gov/ta/tg/hs/.

Student Progress

Pacing Guides have been developed for English and Math. Students have met all 18 goals to meet AYP and students have met the API goal as well. The 2007-08 API score was 754.

Student performance and progress are monitored through triad grades, common assessments and bi-monthly teacher collaboration meetings.

Student progress is reported to parents via the Progress Reports and Report Cards. Community newspapers, parents meetings, and School Site Council meetings inform the school community. Students receive their standardized test scores through the mail. Counselors use the results in making educational decisions regarding the educational plan for each student.

Instructional Planning and Scheduling: Professional Development

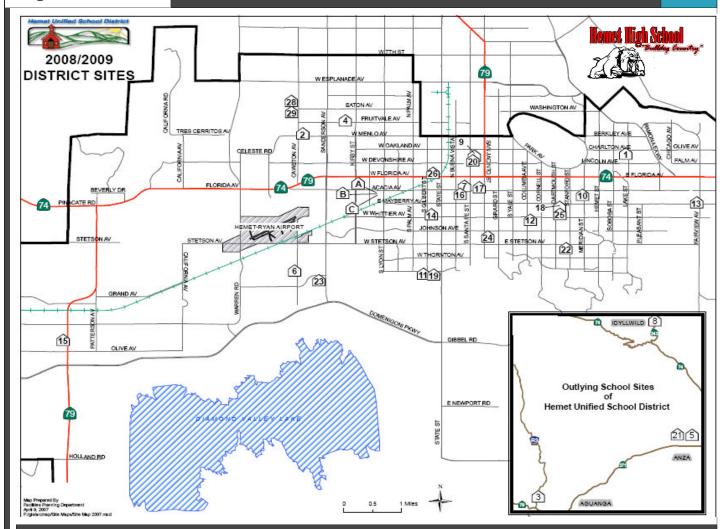

The school district provides all staff members with opportunities for professional growth and training in a variety of programs so that all teachers and paraprofessionals may become highly qualified under the No Child Left Behind law. The focus is on the delivery of a standardsbased instructional program. District professional development priorities are outlined in the current LEA addendum as SB472 Language Arts and Mathematics, AB430 Administrative Training, AB 2913 English Learner Authorization, BTSA Induction Support for year one and year two teachers, and specific Special Education trainings. Peer Assistance Review (PAR) is available to veteran teachers who need unique structure and support. Achievement data is used to determine site support and priorities in professional development. Moreover, four BTSA induction support providers, five academic coaches in language arts and mathematics, and five Reading First coaches provide ongoing support in day to day professional development needs for all instructional personnel. The District revised the Technology Plan in 2006 to include opportunities for staff to increase skills in technology application and instruction.

Categorical funds at the district and site level are designated for a Director of Professional Development, a secretary and an eight-hour clerk to coordinate district professional development. The District has a professional development calendar on the website for the 2008-09 school year.

Hemet High School works to expand staff development opportunities. Professional development activities reflect the school improvement objectives identified for each department and most recent WASC Accreditation Report. Hemet High received a six-year accreditation in 1998, and 2004. We are currently accredited through 2010.
