Harmony's Mission Statement
It shall be the mission of Harmony Elementary School to engage and motivate all students to become invested in their own learning. It is our purpose to provide a variety of experiences, curricula, and activities that reach all learning modalities, backgrounds, and experiences. We will develop self-esteem, academic growth, and personal responsibility by providing a safe and nurturing learning environment for all students.

Harmony's Vision Statement
- To foster high expectations for academic achievement and responsible citizenship for all students.
- To provide an enriched curriculum aligned with California Curriculum Standards.
- To develop a sense of community with emphasis on mutual respect and observance of personal rights balanced with responsibility.

Principal's Message
Welcome to Harmony Elementary School! We take great pride in our school and believe that it is one of the finest elementary schools in the valley. Harmony has a very dedicated, highly qualified staff that is passionate about educating children. We are proud of our accomplishments as a new school and are confident that we will continue to exceed ALL of the rigorous standards set by the federal No Child Left Behind legislation. With our experienced staff and supportive parent/community, we believe that we will accomplish our goals.

Educating elementary children is greater than just teaching the academic standards. Our goal is to develop students emotionally, physically, and morally, as well. We plan to develop lifelong learners who, in future years, will contribute to their community.

School Profile
Harmony Elementary School started its sixth year in August of 2008. As a new site we may not have a long tradition of excellence, but we do have a short history of exceptional academic achievement! Standardized testing results from our first four years were quite impressive. Harmony exceeded all state and federal academic expectations. In fact, we earned the first Academic Performance Index (API) over 800, in the history of the Hemet Unified School District!

Harmony Elementary School is located on the western edge of the city of Hemet and is one of fifteen elementary schools within the Hemet Unified School District. Harmony serves a diverse community that primarily resides within walking distance of our school.

Opportunities for Parent Involvement
Harmony Elementary School values and welcomes volunteers on our campus. In accordance with Hemet Unified School District policy, volunteers have a current TB test and have their fingerprints on file with the district. The Volunteer Application Form may be obtained from our school office. Limited funds are available to volunteers to help defray the costs associated with the TB test and fingerprinting.

Harmony has an active Parent Teacher Association with over 200 members. In fact Harmony PTA has one of the highest membership rates in the 23rd District! PTA Association meetings are held three times throughout the year. PTA Board Meetings are held monthly. Our PTA has planned monthly Family Evenings throughout the year. A schedule of events appears in our school newsletters.

Also, Harmony's Comprehensive School Plan addresses the six areas of parent involvement. For more information, contact the principal, Carol Robilotta at (951) 791-1830.

District Profile
Hemet Unified School District encompasses one incorporated city and numerous unincorporated communities within its 700+ topographically diverse square miles. We have 29 elementary and secondary schools with an enrollment of over 23,000 students. Agriculture still provides an important economic influence, as do other light and service industries. The rural flavor of the community still survives despite the rapid growth which has taken place in the area.

Hemet Unified School District's Core Values

1. Provide a data-driven, standards-based academic program in which students and staff can succeed.
2. All students will improve their achievement in each subject each year.
3. Recruit, train, retain the very best staff for HUSD.
4. Effective initial instruction is the most powerful tool for achievement.
5. Provide viable alternative pathways for student success.
6. Nutritional and physical well-being supports academic achievement.
7. Non-academic endeavors and activities are necessary to provide a balanced educational experience.
8. The quality of our published works and the state of our facilities reflects how we view ourselves.
9. HUSD is responsible to respond positively and proactively to changes in our community.

Professional Development

The school district provides all staff members with opportunities for professional growth and training in a variety of programs so that all teachers and paraprofessionals may become highly qualified under the No Child Left Behind law. The focus is on the delivery of a standards-based instructional program. District professional development priorities are outlined in the current LEA addendum as Curriculum Specific Trainings in Language Arts and Mathematics, Administrator Training Program, English Now, BTSA Induction Support for year one and year two teachers, and specific Special Education trainings. Peer Assistance Review (PAR) is available to veteran teachers who need unique structure and support. Achievement data is used to determine site support and priorities in professional development. Moreover, three BTSA induction support providers, seven instructional coaches in language arts and mathematics, and five Reading First coaches provide ongoing support in day to day professional development needs for all instructional personnel.

Professional Development (continued)

The District revised the Technology Plan in 2006 to include opportunities for staff to increase skills in technology application and instruction.

Categorical funds at the district and site level are designated for a Director of Professional Development, a secretary and an eight-hour clerk to coordinate district professional development. The District has a professional development At a Glance calendar on the website for the 2009-2010 school year.

School Site Safety Plan
SB187 Safety Plan
Date the plan was last updated: October, 2009
Date the plan was last reviewed with staff: February 2010

The Comprehensive Safe School Plan includes data regarding school crime, safe school procedures and compliance with laws including: (1) child abuse reporting, (2) disaster response, (3) suspension and expulsion policies, (4) notification of teachers of dangerous pupils, (5) sexual harassment, (6) schoolwide dress codes prohibiting gang-related apparel, (7) procedures for safe ingress and egress from school, (8) procedures to ensure a safe and orderly environment conducive to learning, and (9) rules and procedures on school discipline adopted pursuant to Ed Code Sections 35291 and 35291.5. A copy of the plan is available for inspection by the public at each school.

Routine student safety is provided through the assignment of teachers and supervisors during all recess and lunch periods as well as before and after school. School gates are closed ten minutes after school begins and opened five minutes before school ends. All visitors and volunteers are required to sign in at the office, to state their business at school, and to show identification. They are provided with a visitor tag to wear while on school grounds.

Both disaster preparedness and fire evacuation drills are conducted regularly. A clean, safe, and secure learning environment is the highest priority of the Harmony administration and staff.

Facilities Maintenance
Harmony School opened in the fall of 2003 and currently houses our 715 students in both permanent and modular classrooms. Students and staff take pride in the beauty and cleanliness of the school. Every classroom has adequate space and all the materials needed to ensure student success.

This table displays the results of the most recently completed school site inspection to determine the school facility's good repair status.

Curriculum and Instructional Materials

A District committee considers textbooks for recommendation on a cycle established by the State Board of Education and from a State adopted list. The committee meets to discuss current issues relevant to the subject matter, including student success, previously used textbooks, and instructional methods. The committee reviews demonstration copies of proposed textbooks, as well as listen to representatives describe the various highlights of the available materials. The review is followed by a pilot of materials that results in consensus by the committee of a recommended textbook. The textbook is forwarded to a K-12 Curriculum Council, which consists of teachers, parents, and community stakeholders, for review and approval. If the textbook is approved by the K-12 Curriculum Council, the textbook is forwarded to the Superintendent and the Governing Board for their review and approval. Each pupil in the district, kindergarten through grade twelve, is provided with standards-aligned textbooks or basic instructional materials that are consistent with the content and cycles of the curriculum framework adopted by the State Board.

In accordance with Education Code Section 60422(a) and 60119, the Governing Board certified on 10/6/09 that each pupil in the district, in kindergarten through grade twelve, has been provided with standards-aligned textbooks or basic instructional materials in each of the areas listed below (0% lack textbooks and/or instructional materials in any of the listed areas). The chart below outlines the textbooks adopted and used by Hemet Unified School District.

DataQuest and Access to Data

DataQuest is an online data tool located on the CDE DataQuest Web page at http://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g. Academic Performance Index [API], Adequate Yearly Progress [AYP], test data, enrollment, graduates, dropouts, course enrollments, staffing, and data regarding English learners). Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

California Standards Tests (CST)

The California Standards Tests (CSTs) show how well students are doing in relation to the state content standards. The CSTs include English-language arts and mathematics in grades 2 through 11; science in grades 5, 8, 9, 10, and 11; and history-social science in grades 8, 9, 10, and 11. Student scores are reported as performance levels. Detailed information regarding CST results for each grade and performance level, including the percent of students not tested, can be found at the CDE Web site at http://star.cde.ca.gov. *Note: Scores are not shown when the number of students tested is 10 or less, either because the number of students in this category is too small for statistical accuracy, or to protect student privacy.*

National Assessment of Educational Progress

The National Assessment of Educational Progress (NAEP) is a nationally representative assessment of what America's students know and can do in various subject areas. Assessments are conducted periodically in mathematics, reading, science, writing, the arts, civics, economics, geography, and U.S. history. Student scores for reading and mathematics are reported as performance levels (i.e., basic, proficient, and advanced) and the participation of students with disabilities and English language learners is reported based on three levels (identified, excluded, and assessed). Detailed information regarding the NAEP results for each grade, performance level, and participation rate can be found on the National Assessment of Educational Progress Web page (Outside Source). Information on the differences between NAEP and CST can be found on the CDE National Assessment of Educational Progress (NAEP) Web page.

Adequate Yearly Progress (AYP)

The federal NCLB Act requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria: 1) Participation rate on the state's standards-based assessments in English-language arts (ELA) and mathematics, 2) Percent proficient on the state's standards-based assessments in ELA and mathematics, 3) API as an additional indicator and 4) Graduation rate (for secondary schools).

AYP Overall and by Criteria

This table displays an indication of whether the school and the district made AYP overall and whether the school and the district met each of the AYP criteria.

Federal Intervention Program

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (English-language arts or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. Detailed information about PI identification can be found at the CDE Web site at http://www.cde.ca.gov/ta/ac/ay/.
