#### **Hamilton's Mission Statement**

The educational community at Hamilton School, believes that all children can learn. Our mission is to establish a learning environment where all children can succeed. Staff, parents, and community members must come together to provide the necessary support. Together, we will strive to instill in each student the skills necessary to meet life's challenges with honesty, integrity, courage, and the desire for intellectual and personal excellence. At Hamilton, children participate in programs that foster individual growth, academic progress, cultural literacy, and good citizenship.

#### **About This School**

Hamilton Elementary School, currently a K-8 school, is located in the high country of Anza. The school population is drawn from a rural environment, which includes Aguanga, Anza, and Garner Valley as well as the Cahuilla, Ramona, and Santa Rosa reservations.

Hamilton has a special enthusiasm and spirit that is enhanced by the local community involvement and support.

Hamilton Elementary School continues in its dedication to provide a curriculum aligned with Hemet Unified School District and California State Standards. Hamilton's staff believes that this institution is for and about young people and that everything done must be planned with an eye toward the effect every decision will have on students and their academic success.

#### **Opportunities for Parent Involvement**

Parents are involved through the following:

- School Site Council—5 school members/5 parents committee—5 times yearly
- English Learners—committee 5 times yearly
- GATE Parent Meeting—1 time each year
- Title I Meeting—1 time each year
- Back to School Night—fall
- Open House—spring
- Parent Classes—2 sessions offered throughout the year
- PTSA
- Holiday Program (primary students)
- Spring Program (intermediate students)
- Monthly Awards Assemblies (personal invitations mailed)
- Parent Conferences (fall and spring)
- Growth and Development Information Preview (4th/5th grade parents)
- Daily Volunteering in Classrooms

For more information, contact the site Principal or Robin Lovato, Secretary at (951) 763-1840.

#### **District Profile**

Hemet Unified School District encompasses one incorporated city and numerous unincorporated communities within its 700+ topographically diverse square miles. We have 29 elementary and secondary schools with an enrollment of over 23,000 students. Agriculture still provides an important economic influence, as do other light and service industries. The rural flavor of the community still survives despite the rapid growth which has taken place in the area.

### Hemet Unified School District's Core Values

1. Provide a data-driven, standards-based academic program in which students and staff can succeed.
2. All students will improve their achievement in each subject each year.
3. Recruit, train, retain the very best staff for HUSD.
4. Effective initial instruction is the most powerful tool for achievement.
5. Provide viable alternative pathways for student success.
6. Nutritional and physical well-being supports academic achievement.
7. Non-academic endeavors and activities are necessary to provide a balanced educational experience.
8. The quality of our published works and the state of our facilities reflects how we view ourselves.
9. HUSD is responsible to respond positively and proactively to changes in our community.

### Academic Performance Index (API)

The Academic Performance Index (API) is an annual measure of the academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. Detailed information about the API can be found at the CDE Web site at <http://www.cde.ca.gov/ta/ac/ap/>.

## School Site Safety Plan

### SB187 Safety Plan

Date the plan was last updated: 2008-09

Date the plan was last reviewed with staff: 2008-09

The Comprehensive Safe School Plan includes data regarding school crime, safe school procedures and compliance with laws including: (1) child abuse reporting, (2) disaster response, (3) suspension and expulsion policies, (4) notification of teachers of dangerous pupils, (5) sexual harassment, (6) schoolwide dress codes prohibiting gang-related apparel, (7) procedures for safe ingress and egress from school, (8) procedures to ensure a safe and orderly environment conducive to learning, and (9) rules and procedures on school discipline adopted pursuant to Ed Code Sections 35291 and 35291.5. A copy of the plan is available for inspection by the public at each school.

Both certificated and classified staff members provide campus supervision. Communication among staff members is made possible by the use of short-wave radios and a public address system. All visitors and volunteers are required to sign in at the office, state their business at the school, and show identification. They are provided with a visitor tag to wear while on school grounds. They must return to sign out at the office at the end of their visit.

Pursuant to state and District guidelines, Hamilton has a disaster preparedness plan and students participate in fire and earthquake drills.

Classrooms have posted evacuation charts, and are equipped with disaster packets and fire extinguishers. The School Safety Committee chairperson and custodian conduct monthly, campus-wide, safety inspections and twice yearly, the county fire marshal inspects the campus.

### Facilities Maintenance

Hamilton Elementary was added to Hamilton School in 1987 creating a K-12 campus. On September 7, 1999, Hamilton Elementary School was separated from the secondary students creating a K-5 campus. In 2000 -01, the sixth grade was moved to the elementary school. In 2005-06, the seventh joined the elementary campus. In August, 2006, a newly constructed building was added to the K-8 campus. It currently houses grades 4 – 8 and Special Education classes.

The district takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the district uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this survey are available at the school office or at the district office.

On 11/17/09 a site visit was conducted at Hamilton Elementary. Based on the filed observations the following was found:

### Professional Development

The school district provides all staff members with opportunities for professional growth and training in a variety of programs so that all teachers and paraprofessionals may become highly qualified under the No Child Left Behind law. The focus is on the delivery of a standards-based instructional program. District professional development priorities are outlined in the current LEA addendum as Curriculum Specific Trainings in Language Arts and Mathematics, Administrator Training Program, English Now, BTSA Induction Support for year one and year two teachers, and specific Special Education trainings. Peer Assistance Review (PAR) is available to veteran teachers who need unique structure and support. Achievement data is used to determine site support and priorities in professional development. Moreover, three BTSA induction support providers, seven instructional coaches in language arts and mathematics, and five Reading First coaches provide ongoing support in day to day professional development needs for all instructional personnel. The District revised the Technology Plan in 2006 to include opportunities for staff to increase skills in technology application and instruction.

## Professional Development (continued)

Categorical funds at the district and site level are designated for a Director of Professional Development, a secretary and an eight-hour clerk to coordinate district professional development. The District has a professional development At a Glance calendar on the website for the 2009-2010 school year.

## Curriculum and Instructional Materials

A District committee considers textbooks for recommendation on a cycle established by the State Board of Education and from a State adopted list. The committee meets to discuss current issues relevant to the subject matter, including student success, previously used textbooks, and instructional methods. The committee reviews demonstration copies of proposed textbooks, as well as listen to representatives describe the various highlights of the available materials. The review is followed by a pilot of materials that results in consensus by the committee of a recommended textbook. The textbook is forwarded to a K-12 Curriculum Council, which consists of teachers, parents, and community stakeholders, for review and approval. If the textbook is approved by the K-12 Curriculum Council, the textbook is forwarded to the Superintendent and the Governing Board for their review and approval. Each pupil in the district, kindergarten through grade twelve, is provided with standards-aligned textbooks or basic instructional materials that are consistent with the content and cycles of the curriculum framework adopted by the State Board.

In accordance with Education Code Section 60422(a) and 60119, the Governing Board certified on 10/6/09 that each pupil in the district, in kindergarten through grade twelve, has been provided with standards-aligned textbooks or basic instructional materials in each of the areas listed below (0% lack textbooks and/or instructional materials in any of the listed areas). The chart below outlines the textbooks adopted and used by Hemet Unified School District.

## California Physical Fitness Test Results

Every year, the California Physical Fitness Test is administered to students in grades 5, 7, and 9 only. This table displays by grade level the percent of students scoring in the healthy fitness zone on four out of five, five out of five and all six fitness standards for the most recent testing period.

## DataQuest and Access to Data

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g. Academic Performance Index [API], Adequate Yearly Progress [AYP], test data, enrollment, graduates, dropouts, course enrollments, staffing, and data regarding English learners). Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## California Standards Tests (CST)

The California Standards Tests (CSTs) show how well students are doing in relation to the state content standards. The CSTs include English-language arts and mathematics in grades 2 through 11; science in grades 5, 8, 9, 10, and 11; and history-social science in grades 8, 9, 10, and 11. Student scores are reported as performance levels. Detailed information regarding CST results for each grade and performance level, including the percent of students not tested, can be found at the CDE Web site at <http://star.cde.ca.gov>. Note: Scores are not shown when the number of students tested is 10 or less, either because the number of students in this category is too small for statistical accuracy, or to protect student privacy.

## CST Results for All Students - Three-Year Comparison

This table displays the percent of students achieving at the Proficient or Advanced level (meeting or exceeding the state standards).

## National Assessment of Educational Progress

The National Assessment of Educational Progress (NAEP) is a nationally representative assessment of what America's students know and can do in various subject areas. Assessments are conducted periodically in mathematics, reading, science, writing, the arts, civics, economics, geography, and U.S. history. Student scores for reading and mathematics are reported as performance levels (i.e., basic, proficient, and advanced) and the participation of students with disabilities and English language learners is reported based on three levels (identified, excluded, and assessed). Detailed information regarding the NAEP results for each grade, performance level, and participation rate can be found on the [National Assessment of Educational Progress](#) Web page (Outside Source). Information on the differences between NAEP and CST can be found on the CDE [National Assessment of Educational Progress \(NAEP\)](#) Web page.

## NAEP Reading and Mathematics Results for Students with Disabilities and/or English Language Learners by Grade Level

This table displays the state and national participation rates on the NAEP progress for reading (2007) and mathematics (2009) for students with disabilities (SWD Students) and English Language Learners (EL Students) for grades four and eight.

| NAEP Reading and Mathematics Results for Students with Disabilities and/or English Language Learners |                                |          |                               |          |

### Adequate Yearly Progress (AYP)

The federal NCLB Act requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria: 1) Participation rate on the state's standards-based assessments in English-language arts (ELA) and mathematics, 2) Percent proficient on the state's standards-based assessments in ELA and mathematics, 3) API as an additional indicator and 4) Graduation rate (for secondary schools).

### AYP Overall and by Criteria

This table displays an indication of whether the school and the district made AYP overall and whether the school and the district met each of the AYP criteria.

| AYP Criteria                       |        |          |
|------------------------------------|--------|----------|
|                                    | School | District |
| <b>AYP Overall</b>                 | No     | No       |
| <b>Participation Rate:</b>         |        |          |
| English-Language Arts              | Yes    | Yes      |
| Mathematics                        | Yes    | Yes      |
| <b>Percent Proficient:</b>         |        |          |
| English-Language Arts              | No     | No       |
| Mathematics                        | No     | No       |
| API                                | Yes    | Yes      |
| Graduation Rate (High Schools)     | N/A    | Yes      |
| Number of Schools Currently in PI  | N/A    | 13       |
| Percent of Schools Currently in PI | N/A    | 46.4     |

### Federal Intervention Program

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (English-language arts or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. Detailed information about PI identification can be found at the CDE Web site at <http://www.cde.ca.gov/ta/ac/ay/>.

| Program Improvement Status |           |           |
|----------------------------|-----------|-----------|
|                            | School    | District  |

| <b>Year in PI</b>          | Year 4    | Year 3    |

### API Changes by Student Group - Three-Year Comparison

This table displays by student group the actual API changes in points added or lost for the past three years, and the most recent API score. Note: "N/A" means that the student group is not numerically significant.

| API Changes                       |               |       |       |       |
