Principal's Message

"Together We Can!" is our motto. Our balanced, comprehensive, success oriented program addresses all aspects of the elementary school student. Parents and teachers are partners in providing opportunities for their children/pupils to achieve a personal best. Students are encouraged to develop a vision of excellence for their future, while learning to accept responsibility for their actions and achievement.

Student expectations are well defined and modeled. Ramona teachers are well versed in state and District academic standards. Instruction is designed to address standards in order for all students to achieve proficiency.

"Together We Can!"

Working together with our community, Ramona Elementary School strives for academic achievement, physical fitness, and the establishment of a creative learning environment that effectively serves a diverse population of students. Using available resources, standards-based instruction, data analysis of student work, and differentiated school day intervention programs, all students will demonstrate achievement at or above the proficient level in the core areas in alignment with California State Standards and the tenets of the No Child Left Behind legislation.

About This School

Students at Ramona School come from a variety of backgrounds, which represent a diverse culture and socioeconomic population.

Opportunities for Parent Involvement

The site addresses all areas of parent involvement through their Single Plan For Student Achievement. For more information, contact the site Principal, John Wilder at (951) 765-1670.

District Profile

Hemet Unified School District encompasses one incorporated city and numerous unincorporated communities within its 700+ topographically diverse square miles. We have 29 elementary and secondary schools with an enrollment of over 23,000 students. Agriculture still provides an important economic influence, as do other light and service industries. The rural flavor of the community still survives despite the rapid growth which has taken place in the area.

Hemet Unified School District's Core Values

- 1. Provide a data-driven, standards-based academic program in which students and staff can succeed.
- 2. All students will improve their achievement in each subject each year.
- 3. Recruit, train, retain the very best staff for HUSD.
- 4. Effective initial instruction is the most powerful tool for achievement.
- 5. Provide viable alternative pathways for student success.
- 6. Nutritional and physical well-being supports academic achievement.
- 7. Non-academic endeavors and activities are necessary to provide a balanced educational experience.
- 8. The quality of our published works and the state of our facilities reflects how we view ourselves.
- 9. HUSD is responsible to respond positively and proactively to changes in our community.

Professional Development

The school district provides all staff members with opportunities for professional growth and training in a variety of programs so that all teachers and paraprofessionals may become highly qualified under the No Child Left Behind law. The focus is on the delivery of a standardsbased instructional program. District professional development priorities are outlined in the current LEA addendum as Curriculum Specific Trainings in Language Arts and Mathematics, Administrator Training Program, English Now, BTSA Induction Support for year one and year two teachers, and specific Special Education trainings. Peer Assistance Review (PAR) is available to veteran teachers who need unique structure and support. Achievement data is used to determine site support and priorities in professional development. Moreover, three BTSA induction support providers, seven instructional coaches in language arts and mathematics, and five Reading First coaches Types of Services Funded provide ongoing support in day to day professional development needs. To help ensure a quality education for all students, state and federal in 2006 to include opportunities for staff to increase skills in technology the core instructional program provided by the school district: application and instruction.

Categorical funds at the district and site level are designated for a Director of Professional Development, a secretary and an eight-hour clerk to coordinate district professional development. The District has a professional development At a Glance calendar on the website for the 2009-2010 school year.

Curriculum development at Ramona continues to emphasize reading (Reading First), language arts, mathematics, English language development, student learning styles, multiple intelligences authentic assessment measures, thematic teaching, cooperative learning, parent involvement, and specific instructional strategies.

School Site Safety Plan

SB187 Safety Plan

Date the plan was last updated: October, 2008

Date the plan was last reviewed with staff: November, 2008

The Comprehensive Safe School Plan includes data regarding school crime, safe school procedures and compliance with laws including: (1) child abuse reporting, (2) disaster response, (3) suspension and expulsion policies, (4) notification of teachers of dangerous pupils, (5) sexual harassment, (6) schoolwide dress codes prohibiting gang-related apparel, (7) procedures for safe ingress and egress from school, (8) procedures to ensure a safe and orderly environment conducive to learning, and (9) rules and procedures on school discipline adopted pursuant to Ed Code Sections 35291 and 35291.5. A copy of the plan is available for inspection by the public at each school.

In addition to teachers who supervise before school, after school and during recess, seven campus supervisors assist with school safety. Walkietalkies provide communication among supervision staff and the office. We have an intercom system throughout the school. Student Peace Patrol and student campus beautification efforts assist in maintaining a safe and attractive environment. An adult crossing guard assists students at the Columbia/Whittier intersection.

All students participate in regularly scheduled fire and earthquake drills. Safety screening has been installed on glass windows to prevent implosion and secured hazardous objects. Parents' donations allow us to maintain disaster preparedness supplies, food, and equipment on an ongoing basis.

Facilities Maintenance

Ramona Elementary School opened its doors in the fall of 1963. Ramona Elementary School currently contains 22 permanent classrooms and 19 relocatable classrooms. The S.A.F.E. Program provides a relocatable for their after-school childcare program. Recent additions/improvements include modernization of our kitchen facilities, a lunch shelter, fiber optic for Internet access, the remodel of our school office, and an expanded parking lot. Every classroom has adequate space and all the materials needed to ensure student success.

The district takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the district uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this survey are available at the school office or at the district office.

On 12/1/09 a site visit was conducted at Ramona Elementary. Based on the filed observations the following was found:

Curriculum and Instructional Materials

A District committee considers textbooks for recommendation on a cycle established by the State Board of Education and from a State adopted list. The committee meets to discuss current issues relevant to the subject matter, including student success, previously used textbooks, and instructional methods. The committee reviews demonstration copies of proposed textbooks, as well as listen to representatives describe the various highlights of the available materials. The review is followed by a pilot of materials that results in consensus by the committee of a recommended textbook. The textbook is forwarded to a K-12 Curriculum Council, which consists of teachers, parents, and community stakeholders, for review and approval. If the textbook is approved by the K-12 Curriculum Council, the textbook is forwarded to the Superintendent and the Governing Board for their review and approval. Each pupil in the district, kindergarten through grade twelve, is provided with standards-aligned textbooks or basic instructional materials that are consistent with the content and cycles of the curriculum framework adopted by the State Board.

In accordance with Education Code Section 60422(a) and 60119, the Governing Board certified on 10/6/09 that each pupil in the district, in kindergarten through grade twelve, has been provided with standards-aligned textbooks or basic instructional materials in each of the areas listed below (0% lack textbooks and/or instructional materials in any of the listed areas). The chart below outlines the textbooks adopted and used by Hemet Unified School District.

grades 5, 7, and 9 only. This table displays by grade level the percent of http://dq.cde.ca.gov/dataquest/ that contains additional information about this students scoring in the healthy fitness zone on four out of five, five out of five school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g. Academic Performance Index [API], Adequate Yearly Progress [AYP], test data, enrollment, graduates, dropouts, course enrollments, staffing, and data regarding English learners). Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

California Standards Tests (CST)

The California Standards Tests (CSTs) show how well students are doing in relation to the state content standards. The CSTs include English-language arts and mathematics in grades 2 through 11; science in grades 5, 8, 9, 10, and 11; and history-social science in grades 8, 9, 10, and 11. Student scores are reported as performance levels. Detailed information regarding CST results for each grade and performance level, including the percent of students not tested, can be found at the CDE Web site at http://star.cde.ca.gov. Note: Scores are not shown when the number of students tested is 10 or less, either because the number of students in this category is too small for statistical accuracy, or to protect student privacy.

National Assessment of Educational Progress

The National Assessment of Educational Progress (NAEP) is a nationally representative assessment of what America's students know and can do in various subject areas. Assessments are conducted periodically in mathematics, reading, science, writing, the arts, civics, economics, geography, and U.S. history. Student scores for reading and mathematics are reported as performance levels (i.e., basic, proficient, and advanced) and the participation of students with disabilities and English language learners is reported based on three levels (identified, excluded, and assessed). Detailed information regarding the NAEP results for each grade, performance level, and participation rate can be found on the National Assessment of Educational Progress Web page (Outside Source). Information on the differences between NAEP and CST can be found on the CDE National Assessment of Educational Progress (NAEP) Web page

Adequate Yearly Progress (AYP)

The federal NCLB Act requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria: 1) Participation rate on the state's standards-based assessments in English-language arts (ELA) and mathematics, 2) Percent proficient on the state's standards-based assessments in ELA and mathematics, 3) API as an additional indicator and 4) Graduation rate (for secondary schools).
