Principal's Message

Bautista Creek is a Kindergarten through Grade 5 public elementary school enjoying its 18th year of providing high-quality education to young people. This year, Bautista Creek Elementary has the privilege of serving approximately 980 students. Our goal is to provide a safe and caring learning environment where all children are able to succeed to their highest academic, social and emotional potential. Bautista Creek Elementary encourages creativity, innovative thinking, cooperative problem solving and a strong commitment to academic excellence. The unique potential and self-esteem of individual students is valued and nurtured. This comprehensive approach to education prepares our students for success throughout their academic career as well as preparing them to become productive and active citizens within our community.

Students Achieving in Fun Environments (SAFE), an after school program serves approximately 100 of our students. The SAFE program provides students in first through fifth grade extended learning opportunities from school dismissal until 6:00 P.M. SAFE provides access to homework assistance, extended learning opportunities in math and language arts, and a standards-based physical education program. At Bautista Creek Elementary, we are Peacebuilders! The school focuses on the six pillars of character, Trustworthiness, Respect, Responsibility, Fairness, Caring and Citizenship. These pillars are the base for our Positive Behavior Support Plan. The standards for behavior are clear to faculty, students and parents. All members of the Bautista Creek community reinforce these behavior expectations. We believe that positive behavior be modeled, reinforced and practiced by all members of our site.

The Parent Teacher Association (PTA) of Bautista Creek coordinates several family events and activities throughout the school year. In addition, our amazing PTA regularly contributes to our classroom teachers by providing resources for field trips and student incentives for attendance. In addition, Bautista Creek has forged a strong relationship with local businesses such as Altura Credit Union.

Finally, Bautista Creek Elementary has received the honor of being recognized for its many accomplishments in serving our students. Not only is Bautista Creek a California Distinguished School, but, recently Bautista Creek received the Title I Achieving School Award as well as the California Business for Education Excellence Honor Roll School Award.

Opportunities for Parent Involvement

Our PTA continuously lends support and financial assistance to a variety of school programs such as field-trips, books and AR tests for the library, awards assemblies and school agendas. They sponsor family participation through activities like the Fall Family Festival, Movie Nights, Father/Daughter Dance and the Fun Run. The current PTA president is Mrs. LaTara Beller. The English Learner Advisory Committee also provides support in an advisory role. They advise and assist in the development of instruction for English Learners. Other parent groups at the school include School Site Council.

District Profile

Hemet Unified School District covers one of the largest geographic areas of any district in California. It covers over 700 square miles of very diverse topography; from valley flatlands, to foothills, to mountains. It serves a growing community with a current enrollment of over 22,000 students. Preschool centers at seven school locations, eleven elementary schools (K-5), three elementary/middle schools (K-8), four middle schools (6-8), four comprehensive high schools (9-12), one continuation high school (11-12), a vocational education focused charter school, a science-based charter Middle School, an Adult Education Center, Independent Study Programs, a Home School Program, and a self-paced on-line instruction program offer a wide variety of learning opportunities for students of all ages.

Educational programs are designed to be flexible enough to provide a positive educational environment for all students, yet structured enough to ensure attainment of the California Content Standards and passing the California High School Exit Exam. With the support of the community, school staffs have developed highly successful programs in music, agriculture, and athletics.

Hemet Unified School District's Core Values

- framework in which students and staff can succeed.
- All students can develop their intellect and improve their academic per classroom). achievement level in each subject each year.
- It is the District's responsibility to recruit, train and retain the very best staff to work in the Hemet Unified School District.
- Good first teaching is the most powerful tool for improving student achievement.
- It is the District's responsibility to provide alternative education opportunities that create pathways to success for students who do not do well in a traditional setting.
- The maintenance and development of students' nutritional and physical well being supports and enhances intellectual development and academic achievement.
- Participation in activities such as academic competitions, music, drama, sports, clubs and other "non-academic" endeavors develops the human spirit and provides balance between the intellectual, physical and emotional/social development of our students.
- The quality of interaction with our community, the quality of our published works and the state of our facilities all reflect what we think of ourselves as a district.
- It is the District's responsibility to respond positively to the changing needs of our community and students.
- 10. It is the District's responsibility to ensure that the allocation of fiscal resources supports the Core Values of the District.

Professional Development

The school district provides all certificated and classified members with opportunities for professional growth and training in a variety of programs so that all teachers and paraprofessionals may become highly qualified under the No Child Left Behind law. The focus is on the delivery of a standards-based instructional program. District professional development priorities are outlined in the current LEA addendum as Curriculum Specific Trainings in Language Arts and Mathematics, Administrator Training Program, English Now, BTSA Induction Support for year one and two teachers, and specific Special Education trainings. Peer Assistance Review (PAR) is available to veteran teachers who need unique structure and support. Achievement data is used to determine site support and priorities in professional development. Moreover, seven Strategy Focused Instructional Coaches in language arts and mathematics, provide ongoing support in day to day professional development needs for all instructional personnel. The District revised the Technology Plan in 2006 to include opportunities for staff to increase skills in technology application and instruction.

Categorical funds at the district and site level are designated for a Director of Professional Development, a secretary and an eight hour clerk to coordinate district professional development. The 2010-2011 Professional Development "At a Glance" calendar is posted weekly to share professional development occurring throughout the district.

Expenditures Per Pupil and Teacher Salaries (FY 08-09)

This table displays a comparison of the school's per pupil expenditures from unrestricted (basic) sources with other schools in the district and throughout the state, and a comparison of the average teacher salary at the school site with average teacher salaries at the district and state levels. Detailed information regarding school expenditures and teacher salaries can be found at the CDE Web site at http://www.cde.ca.gov/ds/fd/ec/ and

School Site Safety Plan

SB187 Safety Plan

Date the plan was last updated: September 2010

Date the plan was last reviewed with staff: September 2010

The Comprehensive Safe School Plan includes data regarding school crime, safe school procedures and compliance with laws including: (1) child abuse reporting, (2) disaster response, (3) suspension and expulsion policies, (4) notification of teachers of dangerous pupils, (5) sexual harassment, (6) school wide dress codes prohibiting gang-related apparel, (7) procedures for safe ingress and egress from school, (8) procedures to ensure a safe and orderly environment conducive to learning, and (9) rules and procedures on school discipline adopted pursuant to Ed Code Sections 35291 and 35291.5. A copy of the plan is available for inspection by the public at each school.

Routine student safety is provided through the assignment of teachers and paid supervisors for supervision duty during all recess and lunch periods, as well as, before and after school. Disaster preparedness drills are conducted monthly. The school has a current disaster preparedness and safety plan. School gates are closed right after the morning bell rings and opened when school lets out. All visitors and volunteers are required to sign in at the office, state their business at the school, and show identification. They are provided with a visitor tag to wear while on school grounds. They must return to sign out at the office at the end of their visit.

A clean, safe, and secure teaching and learning environment is the highest priority to Bautista Creek administration and staff. Fire drills are conducted monthly and a disaster preparedness plan exists for emergencies. Staff is trained in emergency procedures, including evacuation routes and safety checks.

Facilities Maintenance

Date of Most Recent Inspection: 8/4/10

Bautista Creek Elementary School opened its doors in the fall of 1997 and is located on the east side of Hemet in a beautiful facility consisting of 24 permanent and 25 portable classrooms. Every classroom has adequate space and all the materials needed to ensure student success.

This table displays the results of the most recently completed school site inspection to determine the school facility's good repair status.

Curriculum and Instructional Materials

A District committee considers textbooks for recommendation on a cycle established by the State Board of Education and from a State adopted list. The committee meets to discuss current issues relevant to the subject matter, including student success, previously used textbooks, and instructional methods. The committee reviews demonstration copies of proposed textbooks, as well as listen to representatives describe the various highlights of the available materials. The review is followed by a pilot of materials that results in consensus by the committee of a recommended textbook. The textbook is forwarded to a K-12 Curriculum Council, which consists of teachers, parents, and community stakeholders, for review and approval. If the textbook is approved by the K-12 Curriculum Council, the textbook is forwarded to the Superintendent and the Governing Board for their review and approval. Each pupil in the district, kindergarten through grade twelve, is provided with standards-aligned textbooks or basic instructional materials that are consistent with the content and cycles of the curriculum framework adopted by the State Board.

In accordance with Education Code Section 60422(a) and 60119, the Governing Board certified on 10/5/10 that each pupil in the district, in kindergarten through grade twelve, has been provided with standards-aligned textbooks or basic instructional materials in each of the areas listed below (0% lack textbooks and/or instructional materials in any of the listed areas). The chart below outlines the textbooks adopted and used by Hemet Unified School District.

DataQuest and Access to Data

DataQuest is an online data tool located on the CDE DataQuest Web page at http://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g. Academic Performance Index [API], Adequate Yearly Progress [AYP], test data, enrollment, graduates, dropouts, course enrollments, staffing, and data regarding English learners). Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

California Standards Tests (CST)

The California Standards Tests (CSTs) show how well students are doing in relation to the state content standards. The CSTs include English-language arts and mathematics in grades 2 through 11; science in grades 5, 8, 9, 10, and 11; and history-social science in grades 8, 9, 10, and 11. Student scores are reported as performance levels. Detailed information regarding CST results for each grade and performance level, including the percent of students not tested, can be found at the CDE Web site at http://star.cde.ca.gov. Note: Scores are not shown when the number of students tested is 10 or less, either because the number of students in this category is too small for statistical accuracy, or to protect student privacy.

Federal Intervention Program

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (English-language arts or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP.
