### Principal's Message

"Support Today for Growth Tomorrow"

Welcome to the new 2010-11 school year at Hamilton High School. We begin yet another new year with an optimistic attitude and positive outlook for student success in all aspects of campus life. The staff has been hard at work identifying areas which require our attention and are developing plans in response to the findings. As always, we are focused on how to improve individual student achievement levels as we prepare them for their post secondary endeavors. AERIES, our new online student academic/attendance data base, has been well received and deemed effective in helping students maintain pace with expectations. If you are a parent or student and do not have, or have lost, your access code, please contact the Hamilton High School office. This is a very simple way to monitor academic progress and verify attendance patterns.

When high school graduates come back to visit they almost all say that "their high school career seemed to pass rapidly and if they had it to do over they would have prioritized their time differently." The decisions and issues they face in "life after high school" are often considerable and as all of us know, we can't change history. Hindsight is always 20/20. I have personally found that it is much better in the long run to pay now for better, and more, options in the years to come. I don't know anyone who can't improve with concerted and focused determination combined with good old hard work ethics. With that in mind, our theme this year is "Support Today for Growth Tomorrow" as we challenge our students to make the most of their opportunities now as they prepare for their individual and unique futures.

As we enter a time of economic uncertainty around the state and country, we are challenged with the reality of shrinking resources that support schools and students. Hemet Unified School District and Hamilton High School will address the current situation with the same dedication to students and resolve to which customers are accustomed. Our students will always come first and we are committed to maintaining a quality educational and co-curricular program in the face of difficult times that often require tough choices.

We welcome your suggestions and input on any and all issues surrounding our school culture and educational programs. Please make a point of stopping by the office, at your convenience, to share any concerns or to simply say hello. I look forward to meeting all Hamilton stakeholders regardless of your role in our family.

Respectfully,

Jim Allured, Principal

## Expected Schoolwide Learning Results (eslrs)

CATS—Each student will:

- C - Communicate effectively
- A - Access, apply, assimilate
- T - Think critically solving problems
- S - Seek academic success

## Vision Statement

Hamilton High School will be a positive, respectful, safe, and collaborative learning environment that provides all students with rich and challenging educational opportunities that create and motivate and appreciation for learning while developing the skills necessary to lead productive adult lives.

## School Profile

Hamilton, a comprehensive high school serving students in grades 9-12 school, is located in the high country of Anza. The school population is drawn from a rural environment, which includes Aguanga, Anza, and Garner Valley as well as the Cahuilla, Ramona, and Santa Rosa reservations.

Hamilton High School is dedicated to provide a curriculum aligned with Hemet Unified School District and California State Standards. Hamilton's staff believes that this institution is for and about young people and that everything done must be planned with an eye toward the impact every decision will have on students and their academic success.

## Opportunities for Parent Involvement

Parents are involved through the School Site Council, PTSA, Booster Club, and through Parent Nights, Open Houses, and Parent Conferences. Volunteerism is extensive and includes fundraising, athletics, mentoring, tutoring, and committee participation. The site addresses the six areas of parent involvement through their comprehensive school plan. For more information, contact the site Principal, Mr. Jim Allured at (951) 763-1865.

## District Profile

Hemet Unified School District covers one of the largest geographic areas of any district in California. It covers over 700 square miles of very diverse topography; from valley flatlands, to foothills, to mountains. It serves a growing community with a current enrollment of over 22,000 students. Preschool centers at seven school locations, eleven elementary schools (K-5), three elementary/middle schools (K-8), four middle schools (6-8), four comprehensive high schools (9-12), one continuation high school (11-12), a vocational education focused charter school, a science-based charter Middle School, an Adult Education Center, Independent Study Programs, a Home School Program, and a self-paced on-line instruction program offer a wide variety of learning opportunities for students of all ages.

Educational programs are designed to be flexible enough to provide a positive educational environment for all students, yet structured enough to ensure attainment of the California Content Standards and passing the California High School Exit Exam. With the support of the community, school staffs have developed highly successful programs in music, agriculture, and athletics.

Enrollment by Student Group	
2009-10 Enrollment: 393

### Hemet Unified School District's Core Values

1. It is the District's responsibility to provide a structure and framework in which students and staff can succeed.
2. All students can develop their intellect and improve their academic achievement level in each subject each year.
3. It is the District's responsibility to recruit, train and retain the very best staff to work in the Hemet Unified School District.
4. Good first teaching is the most powerful tool for improving student achievement.
5. It is the District's responsibility to provide alternative education opportunities that create pathways to success for students who do not do well in a traditional setting.
6. The maintenance and development of students' nutritional and physical well being supports and enhances intellectual development and academic achievement.
7. Participation in activities such as academic competitions, music, drama, sports, clubs and other "non-academic" endeavors develops the human spirit and provides balance between the intellectual, physical and emotional/social development of our students.
8. The quality of interaction with our community, the quality of our published works and the state of our facilities all reflect what we think of ourselves as a district.
9. It is the District's responsibility to respond positively to the changing needs of our community and students.
10. It is the District's responsibility to ensure that the allocation of fiscal resources supports the Core Values of the District.

### Suspensions & Expulsions

This table displays the rate of suspensions and expulsions (the total number of incidents divided by the total enrollment) at the school and district levels for the most recent three-year period.

Suspension Rates						
	School			District		
	07-08	08-09	09-10	07-08	08-09	09-10
<b>Suspensions</b>	10.7	14.2	15.9	14.8	18.4	18.8
<b>Expulsions</b>	1.9	0.7	0.3	0.6	0.4	0.5

### Professional Development

The school district provides all certificated and classified members with opportunities for professional growth and training in a variety of programs so that all teachers and paraprofessionals may become highly qualified under the No Child Left Behind law. The focus is on the delivery of a standards-based instructional program. District professional development priorities are outlined in the current LEA addendum as Curriculum Specific Trainings in Language Arts and Mathematics, Administrator Training Program, English Now, BTSA Induction Support for year one and two teachers, and specific Special Education trainings. Peer Assistance Review (PAR) is available to veteran teachers who need unique structure and support. Achievement data is used to determine site support and priorities in professional development. Moreover, seven Strategy Focused Instructional Coaches in language arts and mathematics, provide ongoing support in day to day professional development needs for all instructional personnel. The District revised the Technology Plan in 2006 to include opportunities for staff to increase skills in technology application and instruction.

Categorical funds at the district and site level are designated for a Director of Professional Development, a secretary and an eight hour clerk to coordinate district professional development. The 2010-2011 Professional Development "At a Glance" calendar is posted weekly to share professional development occurring throughout the district.

### Class Size and Distribution

This table displays by the average class size and the number of classrooms that fall into each size category (a range of total students per classroom).

### Types of Services Funded

To help ensure a quality education for all students, state and federal funding is provided for the following special programs to supplement the core instructional program provided by the school district:

Title I - \$8,531  
 EIA - \$9,100  
 EIA/LEP - \$2,135  
 Lottery - \$10,868

### Expenditures Per Pupil and Teacher Salaries (FY 08-09)

This table displays a comparison of the school's per pupil expenditures from unrestricted (basic) sources with other schools in the district and throughout the state, and a comparison of the average teacher salary at the school site with average teacher salaries at the district and state levels. Detailed information regarding school expenditures and teacher salaries can be found at the CDE Web site at <http://www.cde.ca.gov/ds/fd/ec/> and <http://www.cde.ca.gov/ds/fd/cs/>.

## School Site Safety Plan

### SB187 Safety Plan

**Date the plan was last updated:** May 2010

**Date the plan was last reviewed:** August 2010

The Comprehensive Safe School Plan is fully incorporated in the Single Plan for Student Achievement, Goal 3, and includes data regarding California Healthy Kids Survey, crime, safe school procedures and compliance with laws including: (1) child abuse reporting, (2) disaster response, (3) suspension and expulsion policies, (4) notification of teachers of dangerous pupils, (5) sexual harassment, (6) schoolwide dress codes prohibiting gang-related apparel, (7) procedures for safe ingress and egress from school, (8) procedures to ensure a safe and orderly environment conducive to learning, and (9) rules and procedures on school discipline adopted pursuant to Ed Code Sections 35291 and 35291.5. A copy of the Single Plan for Student Achievement is available for inspection by the public at each school.

Both certificated and classified staff members provide campus supervision. Communication among staff members is made possible by the use of short-wave radios and a public address system. All visitors and volunteers are required to sign in at the office, state their business at the school, and show identification. They are provided with a visitor tag to wear while on school grounds. They must return to sign out at the office at the end of their visit.

Pursuant to state and District guidelines, Hamilton has a disaster preparedness plan and students participate in fire and earthquake drills as well as lock-down procedures and stay in place procedures. Classrooms have posted evacuation charts, and are equipped with disaster packets and kits as well as fire extinguishers. The School Safety Committee chairpersons conduct monthly, campus-wide, safety inspections and twice yearly, the county fire marshal inspects. The committee includes the plant manager, health clerk, school Resource Officer, a campus supervision aide, and the assistant principal.

## Facilities Maintenance

**Date of Most Recent Inspection:** 8/6/10

On September 7, 1999, Hamilton School opened its new \$13.5 million secondary campus addition, including a new football field with an all-weather track and one set of bleachers which accomodates approximately 500 spectators. Also included in the project was new softball and baseball fields, which like the football field is equipped with an artificial turf surface. Hamilton added sixteen classrooms, including two science labs, two computer labs with state-of-the-art instructional tools, an art classroom complete with kiln for ceramics. In addition, Hamilton has a gymnasium with shower and locker facilities, a weight room, a theatrical stage with professional sound/light systems, seating for approximately 300, and a dining hall with indoor/outdoor eating areas. Portable classrooms, which were moved onto the secondary site, have been recarpeted however they are in poor condition.

This table displays the results of the most recently completed school site inspection to determine the school facility's good repair status.

## Curriculum and Instructional Materials

A District committee considers textbooks for recommendation on a cycle established by the State Board of Education and from a State adopted list. The committee meets to discuss current issues relevant to the subject matter, including student success, previously used textbooks, and instructional methods. The committee reviews demonstration copies of proposed textbooks, as well as listen to representatives describe the various highlights of the available materials. The review is followed by a pilot of materials that results in consensus by the committee of a recommended textbook. The textbook is forwarded to a K-12 Curriculum Council, which consists of teachers, parents, and community stakeholders, for review and approval. If the textbook is approved by the K-12 Curriculum Council, the textbook is forwarded to the Superintendent and the Governing Board for their review and approval. Each pupil in the district, kindergarten through grade twelve, is provided with standards-aligned textbooks or basic instructional materials that are consistent with the content and cycles of the curriculum framework adopted by the State Board.

In accordance with Education Code Section 60422(a) and 60119, the Governing Board certified on 10/5/10 that each pupil in the district, in kindergarten through grade twelve, has been provided with standards-aligned textbooks or basic instructional materials in each of the areas listed below (0% lack textbooks and/or instructional materials in any of the listed areas). The chart below outlines the textbooks adopted and used by Hemet Unified School District.

## California Physical Fitness Test Results

Every year, the California Physical Fitness Test is administered to students in grades 5, 7, and 9 only. This table displays by grade level the percent of students scoring in the healthy fitness zone on four out of five, five out of five and all six fitness standards for the most recent testing period.

## DataQuest and Access to Data

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g. Academic Performance Index [API], Adequate Yearly Progress [AYP], test data, enrollment, graduates, dropouts, course enrollments, staffing, and data regarding English learners). Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## California Standards Tests (CST)

The California Standards Tests (CSTs) show how well students are doing in relation to the state content standards. The CSTs include English-language arts and mathematics in grades 2 through 11; science in grades 5, 8, 9, 10, and 11; and history-social science in grades 8, 9, 10, and 11. Student scores are reported as performance levels. Detailed information regarding CST results for each grade and performance level, including the percent of students not tested, can be found at the CDE Web site at <http://star.cde.ca.gov>. Note: Scores are not shown when the number of students tested is 10 or less, either because the number of students in this category is too small for statistical accuracy, or to protect student privacy.

## CST Results for All Students - Three-Year Comparison

## Adequate Yearly Progress (AYP)

The federal NCLB Act requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria: 1) Participation rate on the state's standards-based assessments in English-language arts (ELA) and mathematics, 2) Percent proficient on the state's standards-based assessments in ELA and mathematics, 3) API as an additional indicator and 4) Graduation rate (for secondary schools).

## AYP Overall and by Criteria

This table displays an indication of whether the school and the district made AYP overall and whether the school and the district met each of the AYP criteria.

AYP Criteria		
	School	District
<b>AYP Overall</b>	No	No
<b>Participation Rate:</b>		
<b>English-Language Arts</b>	Yes	Yes
<b>Mathematics</b>	Yes	Yes

## 2010 Growth API Comparison by Student Group

This table displays by student group the actual API changes in points added or lost for the past three years, and the most recent API score. Note: "N/A" means that the student group is not numerically significant.

## Academic Performance Index (API)

The Academic Performance Index (API) is an annual measure of the academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. Detailed information about the API can be found at the CDE Web site at <http://www.cde.ca.gov/ta/ac/ap/>.

## API Ranks - Three-Year Comparison

API Ranks			
	2007	2008	2009
<b>Statewide</b>	5	5	4
<b>Similar Schools</b>	9	9	7

## Federal Intervention Program

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (English-language arts or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. Detailed information about PI identification can be found at the CDE Web site at <http://www.cde.ca.gov/ta/ac/ay/>.

## California High School Exit Examination

The California High School Exit Examination (CAHSEE) is primarily used as a graduation requirement. However, the grade ten results of this exam are also used to establish the percentages of students at three proficiency levels (not proficient, proficient, or advanced) in ELA and mathematics in order to compute Adequate Yearly Progress (AYP) designations as required by the federal NCLB Act of 2001. Detailed information regarding CAHSEE results can be found at the CDE California High School Exit Examination (CAHSEE) Web site at <http://cahsee.cde.ca.gov/>. Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy, or to protect student privacy. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.

CAHSEE Results for All Students

### Advanced Placement Courses

This table displays for the most recent year the number of Advanced Placement (AP) courses that the school offered by subject and the percent of the school's students enrolled in all AP courses.

Advanced Placement (AP) Courses		
Subject	# Offered	% of Students
Computer Science	0	N/A
English	2	N/A
Fine and Performing Arts	0	N/A
Foreign Language	2	N/A
Mathematics	1	N/A
Science	0	N/A
Social Science	3	N/A
All courses	8	4.7

## Advanced Placement Courses

The results profiled in the summary are based on all students who attempted an Advanced Placement (A.P.) Test from district high schools in 2009-10. The results reflect all tests attempted. Some students attempted more than one test; therefore, the number of attempted tests does not indicate unique students. Advanced Placement tests are important for college bound students in that students may receive "credit" for college classes if they earn a 3, 4 or 5 in an exam. Each college and university determines its own policy. In some cases, students earning a '5' may be given credit for two classes of freshman level college work. It is difficult for smaller schools to offer the same number of AP courses as the larger schools. At smaller schools AP courses are often combined with non-AP courses, i.e., United States History and AP United States History. Administration supports AP students in combination classes by providing tutorial assistance. Students at smaller schools can also access AP courses on-line through the University of California.

## Admission Requirements for California's Public Universities (University of California)

Admission requirements for the University of California (UC) follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements please visit the General Admissions Information Web page at <http://www.universityofcalifornia.edu/admissions/general.html>.

### Admission Requirements for California's Public Universities (California State University)

Admission requirements for the California State University (CSU) use three factors to determine eligibility. They are specific high school courses; grades in specified courses and test scores; and graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses utilize local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For general admissions requirements please visit the California State University Web page at <http://www.calstate.edu/SAS/admreq.shtml>.

### Career Technical Education Programs

The career technical educational programs offered at Hamilton High School include:

- Agriscience
- Computer Applications
- Computer Keyboarding

### Career Technical Education Participation

This table displays information about participation in the school's CTE programs.
