## School Profile

Helen Hunt Jackson Alternative School is located at 258 N. Thompson Street. Helen Hunt Jackson is an optional 9-12 educational alternative that utilizes independent studies to deliver the district approved curriculum.

While the independent study program in California started out as an option for gifted students, it is now open to any student who can benefit from this type of instruction. Students meet with their teacher once a week to receive and review their assignments, and take quizzes or tests. Most students are required to attend one or more labs each week. They can earn the same amount of credit they would get in any other public school or can choose to earn additional credits through Work Experience, C.T.E., Community Service, and some other options. They are required to complete thirty hours of educational studies each week under the supervision of their parents and to complete and return all assignments to their teacher during their regular appointment. Completion of assignments and the ability to demonstrate the required skills and knowledge is proof that the student was 'in school.

To succeed in an independent study program, a student must have good reading skills, basic math skills, and the maturity and self discipline to work independently with minimal teacher support. Strong parental support is crucial. Parents assume additional responsibilities when their student is enrolled in independent study. Some students use independent study as a temporary oasis from their regular school while others stay in our program until they graduate. Helen Hunt Jackson School is committed to helping all of our students achieve their goals. Expected Schoolwide Learning Results (ESLRS)
Students will demonstrate their ability to be selfdirected learners.

- Students will be able to work independently without daily adult supervision.
- Students will be able to communicate effectively verbally and in writing as prescribed by the state standards.
- Students will be able to demonstrate problem solving and critical thinking skills as prescribed by the state standards.
- Students will be able to return to the traditional high school "on track" to graduate if they choose to do so.
- Students will complete a graduation plan.
- Students will pass the CAHSEE.
- Students will earn a high school diploma.
- Students will establish life -long learning goals for self-improvement.

Students will demonstrate the ability to be successful, contributing members of society.

- Students will be able to identify and develop their unique individual talents.
- Students will participate in one or more of these programs to prepare for the world of work or college: ROP, Work Experience, Community Service, or the concurrent enrollment program at Mt. San Jacinto Junior College.
- Students will complete a Senior Portfolio which will include a resume, interest inventory with the student's reflections, letters of reference, and a post-secondary plan.

## District Profile

Hemet Unified School District covers one of the largest geographic areas of any district in California. It covers over 700 square miles of very diverse topography; from valley flatlands, to foothills, to mountains. It serves a growing community with a current enrollment of over 22,000 students. Preschool centers at seven school locations, eleven elementary schools (K-5), three elementary/middle schools (K-8), four middle schools (6-8), four comprehensive high schools (9-12), one continuation high school (11-12), a vocational education focused charter school, a science-based charter Middle School, an Adult Education Center, Independent Study Programs, a Home School Program, and a self-paced on-line instruction program offer a wide variety of learning opportunities for students of all ages.

Educational programs are designed to be flexible enough to provide a positive educational environment for all students, yet structured enough to ensure attainment of the California Content Standards and passing the California High School Exit Exam. With the support of the community, school staffs have developed highly successful programs in music, agriculture, and athletics.

## Hemet Unified School District's Core Values

1. It is the District's responsibility to provide a structure and framework in which students and staff can succeed.
2. All students can develop their intellect and improve their academic achievement level in each subject each year.
3. It is the District's responsibility to recruit, train and retain the very best staff to work in the Hemet Unified School District.
4. Good first teaching is the most powerful tool for improving student achievement.
5. It is the District's responsibility to provide alternative education opportunities that create pathways to success for students who do not do well in a traditional setting.
6. The maintenance and development of students' nutritional and physical well being supports and enhances intellectual development and academic achievement.
7. Participation in activities such as academic competitions, music, drama, sports, clubs and other "non-academic" endeavors develops the human spirit and provides balance between the intellectual, physical and emotional/social development of our students.
8. The quality of interaction with our community, the quality of our published works and the state of our facilities all reflect what we think of ourselves as a district.
9. It is the District's responsibility to respond positively to the changing needs of our community and students.
10. It is the District's responsibility to ensure that the allocation of fiscal resources supports the Core Values of the District.

## Types of Services Funded

To help ensure a quality education for all students, state and federal funding is provided for the following special programs to supplement the core instructional program provided by the school district:

## Opportunities for Parent Involvement

Parents are required to attend an orientation meeting with their student and are encouraged to participate in all aspects of the school. Parents and students are invited to be active in the School Site Council. For more information, contact the site Principal, Ellen Burgess at (951) 7655193.

## Professional Development

The school district provides all certificated and classified members with opportunities for professional growth and training in a variety of programs so that all teachers and paraprofessionals may become highly qualified under the No Child Left Behind law. The focus is on the delivery of a standards-based instructional program. District professional development priorities are outlined in the current LEA addendum as Curriculum Specific Trainings in Language Arts and Mathematics, Administrator Training Program, English Now, BTSA Induction Support for year one and two teachers, and specific Special Education trainings. Peer Assistance Review (PAR) is available to veteran teachers who need unique structure and support. Achievement data is used to determine site support and priorities in professional development. Moreover, seven Strategy Focused Instructional Coaches in language arts and mathematics, provide ongoing support in day to day professional development needs for all instructional personnel. The District revised the Technology Plan in 2006 to include opportunities for staff to increase skills in technology application and instruction.

Categorical funds at the district and site level are designated for a Director of Professional Development, a secretary and an eight hour clerk to coordinate district professional development. The 2010-2011 Professional Development "At a Glance" calendar is posted weekly to share professional development occurring throughout the district.

## School Site Safety Plan

SB187 Safety Plan
Date the plan was last updated: April 2009
Date the plan was last reviewed: April 2009
The Comprehensive Safe School Plan is fully incorporated in the Single Plan for Student Achievement, Goal 4, and includes data regarding California Healthy Kids Survey, crime, safe school procedures and compliance with laws including: (1) child abuse reporting, (2) disaster response, (3) suspension and expulsion policies, (4) notification of teachers of dangerous pupils, (5) sexual harassment, (6) schoolwide dress codes prohibiting gang-related apparel, (7) procedures for safe ingress and egress from school, (8) procedures to ensure a safe and orderly environment conducive to learning, and (9) rules and procedures on school discipline adopted pursuant to Ed Code Sections 35291 and 35291.5. A copy of the Single Plan for Student Achievement is available for inspection by the public at each school.

Helen Hunt Jackson strives to provide a safe and secure campus. Students are required to show their ID's to enter the site. Staff members wear name badges. Students are treated with respect and are expected to act in an adult manner conducive to learning. In general, there are few discipline problems. A safe, secure teaching and learning environment is of the highest priority to Helen Hunt Jackson administration.

If needed, the Hemet Police and Fire Departments respond quickly to calls for assistance. A disaster preparedness plan exists for emergencies. Staff is trained in emergency procedures, including evacuation routes and safety checks.

## Facilities Maintenance

Date of Most Recent Inspection: 10/15/10
The facility consists of twelve classrooms, a library, and an office complex. Some rooms have four teacher stations for individual appointments. Other classrooms are labs. Every classroom has adequate space and all the materials needed to ensure student success. The school plant is shared with other programs. It is modern, attractive and clean.

This table displays the results of the most recently completed school site inspection to determine the school facility's good repair status.

## Curriculum and Instructional Materials

A District committee considers textbooks for recommendation on a cycle established by the State Board of Education and from a State adopted list. The committee meets to discuss current issues relevant to the subject matter, including student success, previously used textbooks, and instructional methods. The committee reviews demonstration copies of proposed textbooks, as well as listen to representatives describe the various highlights of the available materials. The review is followed by a pilot of materials that results in consensus by the committee of a recommended textbook. The textbook is forwarded to a K-12 Curriculum Council, which consists of teachers, parents, and community stakeholders, for review and approval. If the textbook is approved by the K-12 Curriculum Council, the textbook is forwarded to the Superintendent and the Governing Board for their review and approval. Each pupil in the district, kindergarten through grade twelve, is provided with standards-aligned textbooks or basic instructional materials that are consistent with the content and cycles of the curriculum framework adopted by the State Board.

In accordance with Education Code Section 60422(a) and 60119, the Governing Board certified on 10/5/10 that each pupil in the district, in kindergarten through grade twelve, has been provided with standards-aligned textbooks or basic instructional materials in each of the areas listed below ( $0 \%$ lack textbooks and/or instructional materials in any of the listed areas). The chart below outlines the textbooks adopted and used by Hemet Unified School District.

California Physical Fitness Test Results
Every year, the California Physical Fitness Test is administered to students in grades 5, 7, and 9 only. This table displays by grade level the percent of students scoring in the healthy fitness zone on four out of five, five out of five and all six fitness standards for the most recent testing period.

## DataQuest and Access to Data

DataQuest is an online data tool located on the CDE DataQuest Web page at http://dq.cde.ca.gov/dataquest// that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g. Academic Performance Index [API], Adequate Yearly Progress [AYP], test data, enrollment, graduates, dropouts, course enrollments, staffing, and data regarding English learners). Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## California Standards Tests (CST)

The California Standards Tests (CSTs) show how well students are doing in relation to the state content standards. The CSTs include English-language arts and mathematics in grades 2 through 11 ; science in grades $5,8,9,10$, and 11 ; and history-social science in grades $8,9,10$, and 11 . Student scores are reported as performance levels. Detailed information regarding CST results for each grade and performance level, including the percent of students not tested, can be found at the CDE Web site at http://star.cde.ca.gov. Note: Scores are not shown when the number of students tested is 10 or less, either because the number of students in this category is too small for statistical accuracy, or to protect student privacy.

## CST Results for All Students - Three-Year Comparison

Adequate Yearly Progress (AYP)
The federal NCLB Act requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria: 1) Participation rate on the state's standards-based assessments in English-language arts (ELA) and mathematics, 2) Percent proficient on the state's standards-based assessments in ELA and mathematics, 3) API as an additional indicator and 4) Graduation rate (for secondary schools).

## AYP Overall and by Criteria

This table displays an indication of whether the school and the district made AYP overall and whether the school and the district met each of the AYP criteria.

| AYP Criteria |  |  |
| :--- | :---: | :---: |
|  | School | District |

## Academic Performance Index (API)

The Academic Performance Index (API) is an annual measure of the academic performance and progress of schools in California. API scores range from 200 to 1,000 , with a statewide target of 800 . Detailed information about the API can be found at the CDE Web site at http://www.cde.ca.gov/ta/ac/ap/.

API Ranks - Three-Year Comparison

## Federal Intervention Program

Schools and districts receiving federal Title I funding enter Program Improvement ( Pl ) if they do not make AYP for two consecutive years in the same content area (English-language arts or mathematics) or on the same indicator (API or graduation rate). After entering Pl , schools and districts advance to the next level of intervention with each additional year that they do not make AYP. Detailed information about PI identification can be found at the CDE Web site at http://www.cde.ca.gov/ta/ac/ay/.

## California High School Exit Examination

The California High School Exit Examination (CAHSEE) is primarily used as a graduation requirement. However, the grade ten results of this exam are also used to establish the percentages of students at three proficiency levels (not proficient, proficient, or advanced) in ELA and mathematics in order to compute Adequate Yearly Progress (AYP) designations as required by the federal NCLB Act of 2001. Detailed information regarding CAHSEE results can be found at the CDE California High School Exit Examination (CAHSEE) Web site at http://cahsee.cde.ca.gov/. Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy, or to protect student privacy. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.

## Admission Requirements for California's Public Universities (University of California)

Admission requirements for the University of California (UC) follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements please visit the General Admissions Information Web page at http://www.universityofcalifornia.edu/admissions/general.html.

## Admission Requirements for California's Public Universities (California State University)

Admission requirements for the California State University (CSU) use three factors to determine eligibility. They are specific high school courses; grades in specified courses and test scores; and graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses utilize local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For general admissions requirements please visit the California State University Web page at
http://www.calstate.edu/SAS/admreq.shtml.
