About This School

Winchester Elementary School is located six miles southwest of Hemet in Winchester, California. Tradition is evident at Winchester Elementary School. There are many second and third generation families who have attended W.E.S.. The first two-story school was built in 1884 on three acres in Pleasant Valley. Since that time the site has moved and several buildings have been constructed, which currently allows for our expected growth in student population. This is our 120th year at the same school site!

We have a highly motivated and skilled group of teachers. Many of our teachers have master's degrees and others with multiple teaching credentials and supplemental authorizations. We have outstanding and supportive parents who take the education of their children very seriously and are willing to get involved to help improve our school. Our District administration and Governing Board consistently work to support the school staff in maintaining a high level of program effectiveness. As a result of this unity, W.E.S. was recognized by the State of California as a Title I Achieving School in 2003-2004 school year.

Winchester Elementary School maintains a positive learning climate. It is staffed with goal driven, proactive, and compassionate teachers who seek out resources within the school and parent community to create an environment that allows for, "Success for Every Student with No Excuses." Winchester is one of approximately 80 schools in the nation that is part of the "No Excuses" Network of schools and is considered a "No Excuses University" School!

Winchester's Mission Statement

Our mission at Winchester Elementary School is to develop the knowledge and academic skills necessary for students to advance to schools of higher learning, and become educated, productive, responsible citizens.

Vision

We envision a school in which staff CREATES

Collaborates respectfully
Responsibly uses best instructional practices
Employs clear and consistent expectations and consequences
Assesses and monitors each student's progress
Teams with parents and community to
Enthusiastically place
Students first

Principal's Message

It is my pleasure to be the principal at Winchester Elementary School. W.E.S. is a team of students, staff, parents, and community all working together to provide a successful educational experience for our children. We believe there is strength in this unity.

Our students benefit from our strong curriculum, which includes music, physical education, math, and a balanced literacy program. Our strong curriculum coupled along with our years of successful teaching experience, ongoing collaborative planning and high student expectations continue to support our students.

Our English Language Advisory Committee (ELAC) and Parent Teacher Association (PTA) represent our many parent volunteers. Parents and the community are an integral part of Winchester Elementary. These groups support varied programs for students including educational assemblies, materials for the classrooms, field trips, and the Fall Festival and our Spring International Festival. With ongoing support, we expect to continue to show outstanding student growth and achievement.

Here at Winchester Elementary School we remain focused on our goal of "Success for Every Student" and we look forward to celebrating the accomplishments of our students together.

Opportunities for Parent Involvement

Winchester School addresses all areas of parent involvement through their Single Plan For Student Achievement. For more information, contact the site Principal, Mark Delano at (951) 926-0700.

Hemet Unified School District's Core Values

- which students and staff can succeed.
- All students can develop their intellect and improve their academic achievement level in each subject each year.
- It is the District's responsibility to recruit, train and retain the very best staff to work in the Hemet Unified School District.
- Good first teaching is the most powerful tool for improving student achievement.
- It is the District's responsibility to provide alternative education opportunities that create pathways to success for students who do not do well in a traditional setting.
- The maintenance and development of students' nutritional and physical well being supports and enhances intellectual development and academic achievement.
- Participation in activities such as academic competitions, music, drama, sports, clubs and other "non-academic" endeavors develops the human spirit and provides balance between the intellectual, physical and emotional/social development of our students.
- The quality of interaction with our community, the quality of our published works and the state of our facilities all reflect what we think of ourselves as a district.
- It is the District's responsibility to respond positively to the changing needs of our community and students.
- It is the District's responsibility to ensure that the allocation of fiscal resources supports the Core Values of the District.

Professional Development

The school district provides all certificated and classified members with opportunities for professional growth and training in a variety of programs so that all teachers and paraprofessionals may become highly qualified under the No Child Left Behind law. The focus is on the delivery of a standards-based instructional program. District professional development priorities are outlined in the current LEA addendum as Curriculum Specific Trainings in Language Arts and Mathematics, Administrator Training Program, English Now, BTSA Induction Support for year one and two teachers, and specific Special Education trainings. Peer Assistance Review (PAR) is available to veteran teachers who need unique structure and support. Achievement data is used to determine site support and priorities in professional development. Moreover, seven Strategy Focused Instructional Coaches in language arts and mathematics, provide ongoing support in day to day professional development needs for all instructional personnel. The District revised the Technology Plan in 2006 to include opportunities for staff to increase skills in technology application and instruction.

Categorical funds at the district and site level are designated for a Director of Professional Development, a secretary and an eight hour clerk to coordinate district professional development. The 2010-2011 Professional Development "At a Glance" calendar is posted weekly to share professional development occurring throughout the district.

Curriculum development at Winchester continues to emphasize reading (literature based and phonics supported), language arts, mathematics, student learning styles, multiple intelligences authentic assessment measures, thematic teaching, cooperative learning, parent involvement, and specific instructional strategies.

Expenditures Per Pupil and Teacher Salaries (FY 08-09)

This table displays a comparison of the school's per pupil expenditures from unrestricted (basic) sources with other schools in the district and throughout the state, and a comparison of the average teacher salary at the school site with average teacher salaries at the district and state levels. Detailed information regarding school expenditures and teacher salaries can be found at the CDE Web site at http://www.cde.ca.gov/ds/fd/ec/ and

School Site Safety Plan

SB187 Safety Plan

Date the plan was last updated: October, 2009

Date the plan was last reviewed by the staff: October, 2010

The Comprehensive Safe School Plan includes data regarding school crime, safe school procedures and compliance with laws including: (1) child abuse reporting, (2) disaster response, (3) suspension and expulsion policies, (4) notification of teachers of dangerous pupils, (5) sexual harassment, (6) schoolwide dress codes prohibiting gang-related apparel, (7) procedures for safe ingress and egress from school, (8) procedures to ensure a safe and orderly environment conducive to learning, and (9) rules and procedures on school discipline adopted pursuant to Ed Code Sections 35291 and 35291.5. A copy of the plan is available for inspection by the public at each school.

Routine student safety is provided through the assignment of teachers and paid supervisors for supervision duty during all recess and lunch periods, as well as, before and after school. Disaster preparedness drills are conducted monthly. The school has a current disaster preparedness and safety plan. All visitors and volunteers are required to sign in at the office, state their business at the school, and show identification. They are provided with a visitor tag to wear while on school grounds. They must return to sign out at the office at the end of their visit.

Fire drills are conducted monthly and the staff is trained in emergency procedures, including evacuation routes and safety checks.

Facilities Maintenance

Date of Most Recent Inspection: 10/14/10

Winchester School provides a safe, clean environment for learning. Our school has 45 regular classrooms. The school is on a 12-acre site and has been built in stages since the late 1950's. The most recent permanent addition was completed in 1987 and consisted of a new cafeteria, office, workroom complex, a Kindergarten complex, and six classrooms.

This table displays the results of the most recently completed school site inspection to determine the school facility's good repair status.

District Profile

Hemet Unified School District covers one of the largest geographic areas of any district in California. It covers over 700 square miles of very diverse topography; from valley flatlands, to foothills, to mountains. It serves a growing community with a current enrollment of over 22,000 students. Preschool centers at seven school locations, eleven elementary schools (K-5), three elementary/middle schools (K-8), four middle schools (6-8), four comprehensive high schools (9-12), one continuation high school (11-12), a vocational education focused charter school, a science-based charter Middle School, an Adult Education Center, Independent Study Programs, a Home School Program, and a self-paced online instruction program offer a wide variety of learning opportunities for students of all ages.

Educational programs are designed to be flexible enough to provide a positive educational environment for all students, yet structured enough to ensure attainment of the California Content Standards and passing the California High School Exit Exam. With the support of the community, school staffs have developed highly successful programs in music, agriculture, and athletics.

Curriculum and Instructional Materials

A District committee considers textbooks for recommendation on a cycle established by the State Board of Education and from a State adopted list. The committee meets to discuss current issues relevant to the subject matter, including student success, previously used textbooks, and instructional methods. The committee reviews demonstration copies of proposed textbooks, as well as listen to representatives describe the various highlights of the available materials. The review is followed by a pilot of materials that results in consensus by the committee of a recommended textbook. The textbook is forwarded to a K-12 Curriculum Council, which consists of teachers, parents, and community stakeholders, for review and approval. If the textbook is approved by the K-12 Curriculum Council, the textbook is forwarded to the Superintendent and the Governing Board for their review and approval. Each pupil in the district, kindergarten through grade twelve, is provided with standards-aligned textbooks or basic instructional materials that are consistent with the content and cycles of the curriculum framework adopted by the State Board.

In accordance with Education Code Section 60422(a) and 60119, the Governing Board certified on 10/5/10 that each pupil in the district, in kindergarten through grade twelve, has been provided with standards-aligned textbooks or basic instructional materials in each of the areas listed below (0% lack textbooks and/or instructional materials in any of the listed areas). The chart below outlines the textbooks adopted and used by Hemet Unified School District.

DataQuest and Access to Data

DataQuest is an online data tool located on the CDE DataQuest Web page at http://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g. Academic Performance Index [API], Adequate Yearly Progress [AYP], test data, enrollment, graduates, dropouts, course enrollments, staffing, and data regarding English learners). Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

California Standards Tests (CST)

The California Standards Tests (CSTs) show how well students are doing in relation to the state content standards. The CSTs include English-language arts and mathematics in grades 2 through 11; science in grades 5, 8, 9, 10, and 11; and history-social science in grades 8, 9, 10, and 11. Student scores are reported as performance levels. Detailed information regarding CST results for each grade and performance level, including the percent of students not tested, can be found at the CDE Web site at http://star.cde.ca.gov. Note: Scores are not shown when the number of students tested is 10 or less, either because the number of students in this category is too small for statistical accuracy, or to protect student privacy.
