About the SARC

Every school in California is required by state law to publish a School Accountability Report Card (SARC), by February 1 of each year. The SARC contains information about the condition and performance of each California public school. All data are reported for the 2012-13 school-year, unless otherwise indicated. For more information about SARC requirements, see the California Department of Education (CDE) SARC webpage at www.cde.ca.gov/ta/ac/sa/. For additional information about this school, please contact the school administration at 951-791-0033.

District Profile

Hemet Unified School District covers one of the largest geographic areas of any district in California. It covers over 700 square miles of very diverse topography; from valley flatlands, to foothills, to mountains. It serves a growing community with a current enrollment of over 21,157 students. Preschool centers at nine school locations, eleven elementary schools (K-5), three elementary/middle schools (K-8), four middle schools (6-8), four comprehensive high schools (9-12), one continuation high school (11-12), a vocational education focused charter high school, a science-based charter Middle School, an Adult Education Center, Independent Study Programs, a Home School Program, and a self-paced on-line instruction program offer a wide variety of learning opportunities for students of all ages.

Educational programs are designed to be flexible enough to provide a positive educational environment for all students, yet structured enough to ensure attainment of the California Content Standards and passing the California High School Exit Exam. With the support of the community, school staffs have developed highly successful programs in music, agriculture, and athletics.

School Description

Western Center Academy (WCA) is a Hemet Unified School District sponsored charter school serving students in southwest Riverside County. The school's curriculum includes an integrated, inquiry based 6th - 8th grade curriculum closely aligned with California state and national standards in the core areas of science, math, English and social studies. Science, math and technology are thoroughly integrated across all curricular areas. The curriculum incorporates resources from the Western Science Center, regional education institutions and local nature preserves.

Mission Statement

Western Center Academy actively engages students in learning math, science and technology to prepare them for careers in a highly technical economy.

Opportunities for Parental Involvement

Parent involvement opportunities are available to all parents at all schools. These offerings are available in both English and Spanish. These opportunities include, Parent Project® (secondary), Parent Project Jr.® (elementary), District English Learner Advisory Committee (DELAC), District Advisory Committee (DAC), Parent Engagement Leadership Institute (PELI), and a district-wide PTA/ELAC community event, named, "Hemet Posada," and the District Curriculum Council.

Parents and family members are actively encouraged to volunteer and participate in classroom activities, chaperoning for field trips and providing help in the office. Western Center families are asked to volunteer throughout the school year in activities that support academic and social success for our students. Because of our unique partnership with the Western Science Center, WCA families may also volunteer their time during museum activities and events. Parent volunteers may contact our Charter Program Asst., Tiffany Mitchell at 951-791-0033, Ext. 332 for more information regarding school volunteer activities or Krystle Sibole at 951-791-0033, Ext. 224 for museum volunteer activities.

Hemet Unified School District's Core Values

1. It is the District's responsibility to provide a structure and framework in which students and staff can succeed.
2. All students can develop their intellect and improve their academic achievement level in each subject each year.
3. It is the District's responsibility to recruit, train and retain the very best staff to work in the Hemet Unified School District.
4. Good first teaching is the most powerful tool for improving student achievement.
5. It is the District's responsibility to provide alternative education opportunities that create pathways to success for students who do not do well in a traditional setting.
6. The maintenance and development of students' nutritional and physical well being supports and enhances intellectual development and academic achievement.
7. Participation in activities such as academic competitions, music, drama, sports, clubs and other "non-academic" endeavors develops the human spirit and provides balance between the intellectual, physical and emotional/social development of our students.
8. The quality of interaction with our community, the quality of our published works and the state of our facilities all reflect what we think of ourselves as a district.
9. It is the District's responsibility to respond positively to the changing needs of our community and students.
10. It is the District's responsibility to ensure that the allocation of fiscal resources supports the Core Values of the District.

School Safety Plan

This section provides information about the school's comprehensive safety plan, including the dates on which the safety plan was last reviewed, updated, and discussed with faculty; as well as a brief description of the key elements of the plan.

COMPREHENSIVE SCHOOL SITE SAFETY PLAN

Board approved: October 8, 2013

Per Board Policy 0450 and Education Code 32288, the school safety plan shall take into account the school's staffing, available resources, and building design, as well as other factors unique to the site. Each school shall review and update its safety plan by March 1 of each year. New school campuses shall develop a safety plan within one year of initiating operations. (Education Code 32286). Each school shall forward the safety plan to the Board for approval. (Education Code 32288). The Board shall review the comprehensive districtwide and/or school safety plan(s) in order to ensure compliance with state law, Board policy, and administrative regulation. The Board shall approve the plan at a regularly scheduled meeting. A copy of the Safe School Plan is available at the school site.

The Comprehensive Safe School Plan includes data regarding school crime, safe school procedures and compliance with laws including: (1) child abuse reporting, (2) disaster response, (3) suspension and expulsion policies, (4) notification of teachers of dangerous pupils, (5) sexual harassment, (6) schoolwide dress codes prohibiting gang-related apparel, (7) procedures for safe ingress and egress from school, (8) procedures to ensure a safe and orderly environment conducive to learning, and (9) rules and procedures on school discipline adopted pursuant to Ed Code Sections 35291 and 35291.5. A copy of the plan is available for inspection by the public at Western Center Academy.

Western Center Academy provides a safe, clean environment for learning. Students are well supervised before school, during recesses, lunch periods, and bus boarding after school. Fire drills are both planned and unplanned and held monthly. Western Center Academy also has a disaster preparedness plan for emergencies. This is also practiced during the school year.

All visitors and volunteers are required to sign in at the office, state their business, and show identification. ALL volunteers MUST be fingerprinted and screened for Tuberculosis prior to volunteering. Visitors/Volunteers are provided with a visitor badge to wear while on school grounds. They must return to sign out at the office at the end of their visit.

Professional Development

This section provides information on the number of days provided for professional development and continuous professional growth in the most recent three year period.

The school district provides certificated and classified members with opportunities for professional growth and training in a variety of programs. During the last three years (2010-2013), over 600 days of professional training has been provided through the Hemet Unified School District Professional Development Academy. The training provided through the Academy allows teachers, administrators and paraprofessionals to become highly skilled at providing quality leadership, instruction, and support to the district's students.

Since the adoption of the Common Core Standards, the primary focus of the Professional Development Academy has been on the implementation and support of California Common Core Standards in English Language Arts and Mathematics. Eight Academic Coaches provide ongoing support and training in the skillful delivery of the newly adopted standards. Additionally, the Academic Coaches provide a variety of district and site based trainings based on data. Achievement data is used to determine site support and priorities for professional development opportunities. The PDA also supports our new teachers through our BTSA Induction Program.

Administrators and Teachers are provided specific professional development to implement and support new and on-going instructional programs. Professional development is delivered through trainings on-site, at the District Professional Development Academy, and conferences. As new initiatives and instructional programs are implemented, Academic Coaches assigned to specific sites offer coaching support and additional training.

Core Academic Classes Taught by Highly Qualified Teachers

The Federal Elementary and Secondary Education Act (ESEA), also known as No Child Left Behind (NCLB), requires that core academic subjects be taught by Highly Qualified Teachers, defined as having at least a bachelor's degree, an appropriate California teaching credential, and demonstrated core academic subject area competence. For more information, see the CDE *Improving Teacher and Principal Quality* webpage at: www.cde.ca.gov/nclb/sr/tq/

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2013-14)

This section describes whether the textbooks and instructional materials used at the school are from the most recent adoption; whether there are sufficient textbooks and instruction materials for each student; and information about the school's use of any supplemental curriculum or non-adopted textbooks or instructional materials.

Year and month in which data were collected: October 8, 2013

A District committee considers textbooks for recommendation on a cycle established by the State Board of Education and from a State adopted list. The committee meets to discuss current issues relevant to the subject matter, including student success, previously used textbooks, and instructional methods. The committee reviews demonstration copies of proposed textbooks, as well as listen to representatives describe the various highlights of the available materials. The review is followed by a pilot of materials that results in consensus by the committee of a recommended textbook. The textbook is forwarded to a K-12 Curriculum Council, which consists of teachers, parents, and community stakeholders, for review and approval. If the textbook is approved by the K-12 Curriculum Council, the textbook is forwarded to the Superintendent and the Governing Board for their review and approval. Each pupil in the district, kindergarten through grade twelve, is provided with standards-aligned textbooks or basic instructional materials that are consistent with the content and cycles of the curriculum framework adopted by the State Board.

AB 1246, added Education Code Section 60210, which allows the district to use any instructional materials, not just state-adopted, as long as they are aligned with the academic content standards. The EC 60119 has a new section (e) with a reference to the Common Core State Standards (CCSS). The section states: "For the purpose of transitioning to instructional materials that are aligned with the common core academic content standards, it is the intent of the Legislature that textbooks, instructional materials, and supplemental instructional materials be deemed to be aligned with the content standards pursuant to subdivisions (a) and (c), and be deemed consistent with the content and cycles of the curriculum framework adopted by the state board pursuant to subdivision (a) if the textbooks, instructional materials, supplemental instructional materials, or a combination of any such materials are aligned to the content standards adopted pursuant to Section 60605 or 60605.8." This addition means that materials aligned to either the 1997 standards or the 2010 CCSS standards for mathematics and English Language Arts are compliant with Williams Act requirements. In accordance with Education Code Section 60422(a) and 60119, the Governing Board certified on 10/8/2013 that each pupil in the district, in kindergarten through grade twelve, has been provided with standards-aligned textbooks or basic instructional materials in each of the areas listed below:

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The Standardized Testing and Reporting (STAR) Program consists of several key components, including:

- **California Standards Tests (CSTs)**, which include English-language arts (ELA) and mathematics (Math) in grades two through eleven; science in grades five, eight, and nine through eleven; and history-social science (H-SS) in grades eight, and nine through eleven.
- **California Modified Assessment (CMA)**, an alternate assessment that is based on modified achievement standards in ELA for grades three through eleven; mathematics for grades three through seven, Algebra I, and Geometry; and science in grades five and eight, and Life Science in grade ten. The CMA is designed to assess those students whose disabilities preclude them from achieving grade-level proficiency on an assessment of the California content standards with or without accommodations.
- **California Alternate Performance Assessment (CAPA)**, includes ELA and mathematics in grades two through eleven, and science for grades five, eight, and ten. The CAPA is given to those students with significant cognitive disabilities whose disabilities prevent them from taking either the CSTs with accommodations or modifications or the CMA with accommodations.

The assessments under the STAR Program show how well students are doing in relation to the state content standards. On each of these assessments, student scores are reported as performance levels.

For detailed information regarding the STAR Program results for each grade and performance level, including the Percent of Students not tested, see the CDE STAR Results Web site at star.cde.ca.gov.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible. Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

California Physical Fitness Test Results

The California Physical Fitness Test (PFT) is administered to students in grades five, seven, and nine only. This table displays by grade level the Percent of Students meeting the fitness standards for the most recent testing period. For detailed information regarding this test, and comparisons of a school's test results to the district and state, see the CDE PFT webpage at www.cde.ca.gov/ta/tg/pf/.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest webpage at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., state Academic Performance Index [API], federal Adequate Yearly Progress [AYP]), test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners.

Academic Performance Index

The Academic Performance Index (API) is an annual measure of state academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. For detailed information about the API, see the CDE API webpage at www.cde.ca.gov/ta/ac/ap/.

API Growth by Student Group – Three-Year Comparison			
Group	Actual API Change		
	10-11	11-12	12-13
All Students at the School	B	33	-7
Black or African American			
American Indian or Alaska Native			
Asian			
Filipino			
Hispanic or Latino		38	10
Native Hawaiian/Pacific Islander			
White		28	-10
Two or More Races			
Socioeconomically Disadvantaged		11	-3
English Learners			
Students with Disabilities			

Academic Performance Index Ranks - Three-Year Comparison

This table displays the school's statewide and similar schools' API ranks. The **statewide API rank** ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest ten percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest ten percent of all schools in the state. The **similar schools API rank** reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing ten schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

Federal Intervention Program (School Year 2013-14)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (ELA or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. For detailed information about PI identification, see the CDE PI Status Determinations webpage: www.cde.ca.gov/ta/ac/ay/tidetermine.asp.

Indicator	School	District
Program Improvement Status		In PI
First Year of Program Improvement		2004-2005
Year in Program Improvement		Year 3
Number of Schools Currently in Program Improvement		20
Percent of Schools Currently in Program Improvement		87.0

API Growth by Student Group - 2013 Growth API Comparison

This table displays, by student group, the number of students included in the API and the 2013 Growth API (API-G) at the school, district, and state level.

Adequate Yearly Progress

The federal ESEA requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in ELA and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

Detailed information about AYP, can be found at the CDE Adequate Yearly Progress (AYP) webpage at www.cde.ca.gov/ta/ac/ay/.
