Mission Statement

Hemet High School provides all students with a quality comprehensive education that incorporates a standards-based curriculum through a variety of learning experiences that prepare students to be productive caring citizens in a changing world.

School Goals

- Reading, Writing, and Communication Skills
- Ethical, Honest, and Healthy Behavior
- Applied Knowledge and Reasoning Skills
- Lifelong Learners

School Profile

Hemet High is a premier high school in Riverside County. Academic programs and extracurricular activities are comprehensive, meeting the needs of a variety of students. Enriched coursework includes honors, advanced placement courses, articulated junior college courses, an outstanding freshman transition program and dedicated staff. Our extracurricular programs are showcased by a strong Academic Decathlon Program, which placed first or second in Riverside County for the last 17 years, Mock Trial, sports programs and school supported clubs. The vocal, instrumental, dance and cheer programs at Hemet High are nationally known and form a Performing Arts program open by audition. Hemet is proud to have a strong Vocational Education Program that provides courses on our campus, these include: automotive repair, retail sales, and Construction Technology, and a large agriculture program. Hemet High has a very active agriculture program and a distinguished AFJROTC unit. Our auto shop is AYES and NATEF certified and has many auto dealers as partners. Project Lead the Way, an Engineering Program is in its second year. All freshman participate BARR, Building Assets Reducing Risks centered around developing assets in students which supports freshman as they transition into high school. The BARR program has received a Golden Bell award this year. Hemet High School has been awarded the CIF Commissioner's Cup identifying the Girl's Athletic Program the number one ranked Girl's Athletic program in CIF Southern Section, CIF Champions of Character, California Gold Ribbon School Award, National BARR School of Distinction and the California High Achieving Title One School. and .

The staff at Hemet High is unsurpassed in its experience and dedication. They are community members who take great pride in the achievements of their students, offering each one of them tremendous support. Hemet High is committed to providing its students the tools they need to be successful citizens in the 21st Century. With a strong sense of past and a forward outlook, it is an outstanding school.

District Profile

Hemet Unified School District covers one of the largest geographic areas of any district in California. It covers over 700 square miles of very diverse topography; from valley flatlands, to foothills, to mountains. It serves a growing community with a current enrollment of over 21,157 students. Preschool centers at nine school locations, eleven elementary schools (K-5), three elementary/middle schools (K-8), four middle schools (6-8), four comprehensive high schools (9-12), one continuation high school (11-12), a vocational education focused charter high school, a science-based charter Middle School, an Adult Education Center, Independent Study Programs, a Home School Program, and a self-paced on-line instruction program offer a wide variety of learning opportunities for students of all ages.

Educational programs are designed to be flexible enough to provide a positive educational environment for all students, yet structured enough to ensure attainment of the California Content Standards and passing the California High School Exit Exam. With the support of the community, school staffs have developed highly successful programs in music, agriculture, and athletics.

Hemet Unified School District's Core Values

1. It is the District's responsibility to provide a structure and framework in which students and staff can succeed.
2. All students can develop their intellect and improve their academic achievement level in each subject each year.
3. It is the District's responsibility to recruit, train and retain the very best staff to work in the Hemet Unified School District.
4. Good first teaching is the most powerful tool for improving student achievement.
5. It is the District's responsibility to provide alternative education opportunities that create pathways to success for students who do not do well in a traditional setting.
6. The maintenance and development of students' nutritional and physical well being supports and enhances intellectual development and academic achievement.
7. Participation in activities such as academic competitions, music, drama, sports, clubs and other "non-academic" endeavors develops the human spirit and provides balance between the intellectual, physical and emotional/social development of our students.
8. The quality of interaction with our community, the quality of our published works and the state of our facilities all reflect what we think of ourselves as a district.
9. It is the District's responsibility to respond positively to the changing needs of our community and students.
10. It is the District's responsibility to ensure that the allocation of fiscal resources supports the Core Values of the District.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school at (951) 765-5150 or the district office.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2015-16)

A District committee considers textbooks for recommendation on a cycle established by the State Board of Education and from a State adopted list. The committee meets to discuss current issues relevant to the subject matter, including student success, previously used textbooks, and instructional methods. The committee reviews demonstration copies of proposed textbooks, as well as listen to representatives describe the various highlights of the available materials. The review is followed by a pilot of materials that results in consensus by the committee of a recommended textbook. The textbook is forwarded to a K-12 Curriculum Council, which consists of teachers, parents, and community stakeholders, for review and approval. If the textbook is approved by the K-12 Curriculum Council, the textbook is forwarded to the Superintendent and the Governing Board for their review and approval. Each pupil in the district, kindergarten through grade twelve, is provided with standards-aligned textbooks or basic instructional materials that are consistent with the content and cycles of the curriculum framework adopted by the State Board.

AB 1246, added Education Code Section 60210, which allows the district to use any instructional materials, not just state-adopted, as long as they are aligned with the academic content standards. The EC 60119 has a new section (e) with a reference to the Common Core State Standards (CCSS). The section states: "For the purpose of transitioning to instructional materials that are aligned with the common core academic content standards, it is the intent of the Legislature that textbooks, instructional materials, and supplemental instructional materials be deemed to be aligned with the content standards pursuant to subdivisions (a) and (c), and be deemed consistent with the content and cycles of the curriculum framework adopted by the state board pursuant to subdivision (a) if the textbooks, instructional materials, supplemental instructional materials, or a combination of any such materials are aligned to the content standards adopted pursuant to Section 60605 or 60605.8." This addition means that materials aligned to either the 1997 standards or the 2010 CCSS standards for mathematics and English Language Arts are compliant with Williams Act requirements. In accordance with Education Code Section 60422(a) and 60119, the Governing Board certified on 9-1-15 that each pupil, including English learners, in the district in kindergarten through grade twelve, has been provided with standards-aligned textbooks or basic instructional materials in each of the areas listed below:

School Facility Conditions and Planned Improvements (Most Recent Year)

Hemet High School opened its doors in 1972 and additions were made in 1987. Modernization was initially done in 2003. In 2008, a state of the art athletic facility with pool, weight room, stadium with syntethic turf was added to the existing site. Newly added and redesigned counseling and administrative offices were opened in June 2010. The 2013 school year began with the opening of a Performing Arts Complex, a two-story classroom building with 5 state of the art science labs and 7 classrooms, a two-story classroom with 34 classrooms including Special Education Suites. Additional structures include food kiosks, Student Store and lunch structures. The agriculture area, gymnasium, welding and automotive rooms were remodeled recently. Hemet High School facility promotes teaching and learning. Every classroom has adequate space and all the materials needed to ensure student success.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement

Hemet High School is proud to provide a Parent Resource Center staffed with a full-time Bilingual Parent Liaison to assist parents in accessing school resources. The center provides parent training on a wide variety of topics from suicide prevention and awareness, internet safety to college planning and financial aide. Parents may also visit the Parent Resource Center to check our Chrome Books for home use.

Parent involvement opportunities are available to all parents at all schools. These offerings are available in both English and Spanish. These opportunities include, Parent Project® (secondary), Parent Project Jr.® (elementary), District English Learner Advisory Committee (DELAC), District Advisory Committee (DAC), Parent Engagement Leadership Institute (PELI), and a district-wide PTA/ELAC community event, named, "Hemet Posada," and the District Curriculum Council. Hemet high school has a bilingual parent liaison who is available everyday for questions and sets up parent nights during the year.

The site addresses the six areas of parent involvement through their comprehensive school plan. Parents may also be involved in: School Site Council; English Learner Advisory Council; Performing Arts Parent Club; Athletic Parent Clubs; and Grad Nite (Parents). We also seek parents to chaperone our many events and field trips. For more information, contact the site Principal, Dr. Emily Shaw at (951) 765-5150.

State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates, pupil expulsion rates; and other local measures on the sense of safety.

School Safety Plan

COMPREHENSIVE SCHOOL SITE SAFETY PLAN

School Site Council Approved: May, 2015

Per Board Policy 0450 and Education Code 32288, the school safety plan shall take into account the school's staffing, available resources, and building design, as well as other factors unique to the site. Each school shall review and update its safety plan by March 1 of each year. New school campuses shall develop a safety plan within one year of initiating operations. (Education Code 32286). Each school shall forward the safety plan to the Board for approval. (Education Code 32288). The Board shall review the comprehensive districtwide and/or school safety plan(s) in order to ensure compliance with state law, Board policy, and administrative regulation. The Board shall approve the plan at a regularly scheduled meeting. A copy of the Safe School Plan is available at the school site.

The Comprehensive Safe School Plan includes data regarding California Healthy Kids Survey, crime, safe school procedures and compliance with laws including: (1) child abuse reporting, (2) disaster response, (3) suspension and expulsion policies, (4) notification of teachers of dangerous pupils, (5) sexual harassment, (6) schoolwide dress codes prohibiting gang-related apparel, (7) procedures for safe ingress and egress from school, (8) procedures to ensure a safe and orderly environment conducive to learning, and (9) rules and procedures on school discipline adopted pursuant to Ed Code Sections 35291 and 35291.5.

A clean, safe, and secure teaching and learning environment is the highest priority to administration and staff. The following drills are conducted at the school site: two evacuation/fire drills per school year; two drop, cover, and hold on (earthquake) drills per year; one lockdown drill per school year; one shelter-in-place drill per school year; and one radio drill per month. Staff is trained in emergency procedures, including evacuation routes and safety checks. Supervision is assigned with the maximum coverage before and after school and at lunches. Walkie talkies provide communication on campus with administrators. The Riverside Sheriff and California Department of Forestry and Fire Protection respond quickly to calls for assistance. In the event of a disaster, such as an earthquake during school hours, all students will be kept at school. They will not be released until a parent or parent designee arrives at the school to pick them up. Parents are requested to list their designees on the "Emergency Release" card sent home at the beginning of the school year. The office must be notified if home or business phone numbers are changed.

School gates are closed right after the morning bell rings and opened when school lets out. All visitors and volunteers are required to sign in at the office, scan their identification through LobbyGuard and state their business at the school. They are provided with a visitor tag to wear while on school grounds. They must return to sign out at the office at the end of their visit. All campus supervisors wear bright orange shirts to readily identify them in the event of an emergency.

The school's physical facility is well maintained. District personnel periodically examine the school's physical facility regularly and help eliminate obstacles to school safety. Additionally, health and fire department inspectors contribute to the school safety. The classrooms are monitored for safety and appearance by administration and individual classroom teachers, custodians and administration. The pupils take pride in the appearance of their school.

Professional Development provided for Teachers

The school district provides certificated and classified members with opportunities for professional growth and training in a variety of programs and initiatives. The training provided through the Professional Development Academy allows teachers, administrators, and paraprofessionals to become highly skilled at providing quality leadership, instruction, and support to the district's students.

The focus of the Professional Development Academy has been on the implementation, support, and instructional improvement of California State Standards. The district's Educational Department, including Academic Coaches provide ongoing support and training in the skillful delivery of the adopted standards. Additionally, the Academic Coaches provide a variety of district and site based trainings based on data, principal feedback and, teacher survey results. Achievement data is used to determine site support and priorities for professional development opportunities. Teachers are provided with multiple opportunities throughout the school year and during the summer to participate in trainings. The PDA also supports our new teachers through our Center for Teacher Innovation (CTI) Induction Program and provides intensive coaching to support them in their new teaching assignment.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
