State Financial Outlook (LAO)

The Governor presented his 2020-21 budget proposal to the Legislature on January 10, 2020. The proposed 2020-21 budget for the State show revenues and transfers are projected to increase by 3.5% to \$151.6 billion. At the same time, expenses are expected to see a 2.2% increase, growing from \$149.7 billion estimated for the 2019-20 year to \$153.0 billion in 2020-21. Reserves balances are projected at \$26.9 billion and include just under \$18.0 billion in the budget stabilization account.

The 2020-21 budget proposal funds Proposition 98 at \$84 billion which is 2.9% or \$2.4 billion above the current year level. In addition to fully funding the Local Control Funding Formula (LCFF), the budget also provides for increases to Special Education base rates and one-time funds for preschoolers with disabilities. Other budget proposals address the state-wide teacher shortage by providing funds to support professional development, recruitment and retention and expansion of the Classified School Employees Credentialing Program. Funding for new programs are proposed for establishment of Community Schools through grants. Other budget proposals impacting K-12 education are increases to meal reimbursement rates and support for computer science education

The 2020-21 budget plan provides a 2.29% statutory cost-of-living adjustment (COLA) to the Local Control Funding Formula (LCFF) which increases LCFF funding by \$1.2 billion, an average per pupil increase of approximately \$231.

The pension relief provided by the state to K-12 schools in the 2019-20 will continue to have a positive impact in 2020-21 through lower rates.

Executive Summary

BACKGROUND

The Education Code of the State of California requires that school districts submit to their County Office of Education interim financial reports at least twice a year. The Second Interim report reflects the current financial status of the District as of January 31, as well as budget revisions based on expenditure and revenue trends and other available information. The Second Interim financial report must be approved by each district's Governing Board by March 17th. More concrete data is available for the Second Interim financial report than was available for the First Interim report that was presented to the Board in December. In a typical year, budget projections contained in the Second Interim report should be closely aligned with the District's final actual revenues and expenditures reported at the close of the fiscal year.

Based on the financial information provided in the interim reports, the Board and Superintendent must certify the District's financial condition as either positive—will meet its financial obligations for the current and two subsequent years; qualified—may not meet its financial obligations for the current or two subsequent years; or negative—will be unable to meet its financial obligations for the current or two subsequent years.

FISCAL OVERVIEW

Overall, Hemet Unified's combined general fund revenues and other sources are projected to decrease slightly by \$0.5 million from January 31 budgeted levels to a total of \$302.0 million. Expenditures and other uses are being decreased by about \$130,000 for a revised total of \$308.9 million. While all projections for budgeted revenue and expenditure amounts, especially in the Restricted General Fund may not come to bear, expense budgets in most cases have been revised to cover potential obligations based on current trends.

Expenses, other uses and transfers out to other funds exceed revenues and other sources by \$6.8 million, reducing the combined general fund ending balance to \$27.45 million. Deficit spending is related to the roll out of a 2.0% salary increase negotiated earlier in the year. \$2.7 million of the deficit spending in the unrestricted general fund is related to the planned spend down of prior year LCAP balances for classroom technology improvements. Another \$1.0 million in deficit spending is on the restricted side of the general fund and is connected to spending down one-time grant funds.

A reduction of \$1.9 million in LCFF revenues correlated to lower than anticipated student attendance is offset by projected increases to various state, federal and local funds for a net reduction in revenues of \$0.5 million. Expenditure adjustments are proposed to budgeted amounts in all categories to better reflect where anticipated costs will occur and to account for increases in restricted categorical program awards for a net decrease of combined general fund expenses of less than \$130,000.

County Offices of Education, School Services of California (SSC), Fiscal Crisis Management Advisory Team (FCMAT) and other groups continue to advise school districts on best assumptions to use when developing their budgets and multi-year projections. Assumptions include per ADA rates for lottery funds, cost of living adjustment (COLA) factors and recommended reserves. These advisory groups recommend districts set reserve levels higher than the state minimum to help lower borrowing costs for capital expenditures, improve credit ratings, and to avoid temporary loans during periods of cash shortfalls. In response to these recommendations, the District has established a reserve level equivalent to 5.0% of combined general fund expenditures, excluding STRS On-Behalf costs.

Hemet Unified will be self-certifying its financial status as 'positive' for the 2019-20 Second Interim Report. A positive certification means the District projects it will have sufficient funds to meet its obligations in the current and two subsequent fiscal years based on a variety of assumptions applied to the multi-year projections.

2019-20 Cottonwood School

Absent any major changes to expenses or revenues, the multi-year projection included in the appendix of this report, show the district deficit spending in all three years of the projection and anticipates an ending balance of \$21.1 million by June 30, 2022. Under a worst case scenario, a preliminary five-year budget projection shows the district returns to a surplus budget in 2022-23 adding \$95,960 to the unrestricted general fund ending balance and another \$1.8 million in 2023-24 when the combined general fund ending balance is currently projected to be \$23.0 million.

SECOND INTERIM SUMMARY

Changes from the January 31 board approved operating budget:

- LCFF revenues decrease by \$1,902,812
- Federal, state and local revenue increase by \$1,574,909
- Transfers In/Other Sources decrease by \$175,000
- Expenditures decrease by \$304,143
- Transfers Out/Other Uses increase by \$175,000
- Ending fund balance decreases from \$34.33 million to \$27.46 million

JWiens PE Class

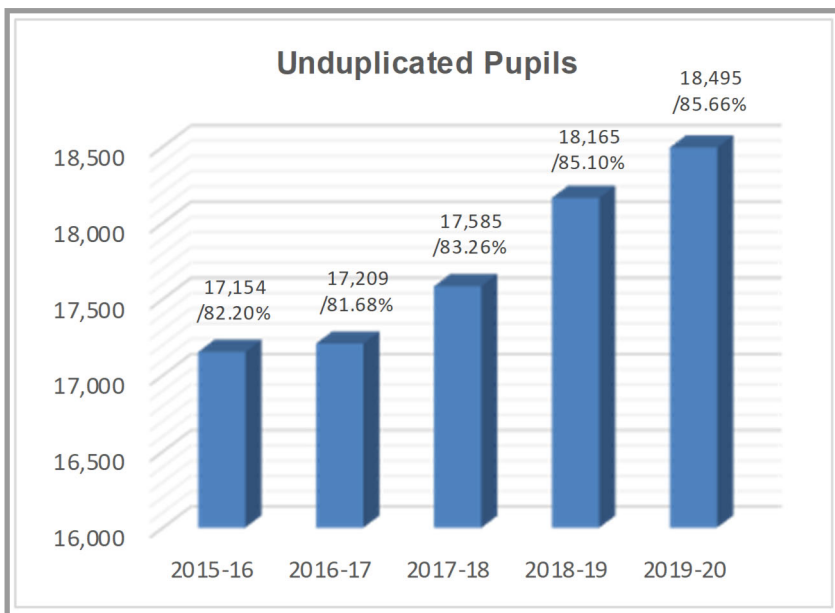

Enrollment and ADA

The final official enrollment count for October 2019 grew by 220 from the previous year and is reported at 21,591. Enrollment in the district has seen some decline since October with the most recent enrollment reported at 21,388, including 48 district students enrolled in non-public schools.

The district's 2019-20 P-2 ADA is currently projected at 20,269 or 93.88% of enrollment for the LCFF calculation. Final attendance numbers will be available in April when the official Period 2 attendance report is prepared.

Other student enrollment data that is important for revenue purposes is the unduplicated pupil count or percentage of district students that are identified as low income, English learners, foster youth or homeless. This information is used to calculate the district's supplemental and concentration funding under LCFF. October 2019 CalPADs data show 18,495 district students and 34 district students in county programs make up the unduplicated pupil percentage or UPP for Hemet USD and comprises 85.60% of total enrollment. This is an increase of about 0.50% from 2018-19 rates.

Second Interim Budget Revisions

COMBINED GENERAL FUND

Revenues

Total general fund revenues in Hemet USD's First Interim were projected at \$296.7 million. Budget revisions included in the Second Interim report decrease general fund revenue projections to \$296.4 million. Reductions to LCFF revenues are off-set by increases to other revenue sources.

Local Control Funding Formula (LCFF)

LCFF revenue comes from three sources, local property taxes, Proposition 30 revenues and state aid. A calculation worksheet provided by Fiscal Crisis and Management Assistant (FCMAT) in conjunction with the California Department of Education (CDE) is used to project Hemet Unified's LCFF apportionment. A copy of the calculation is included in the appendix of this report. The formula adds in grade span adjustments (GSA) for grades TK-3 class size reduction and career technical education for grades 9-12. In addition, schools receive supplemental funding at 20% of the base rate for unduplicated students counted as eligible for free and reduced meals, English learners or foster youth. A concentration grant of 50% of the base rate is provided to districts where 55% or more of the student population falls into these subgroups. Hemet USD's 2019-20 unduplicated pupil percentage (UPP) for the LCFF subgroups is 85.60% of its entire student population. The LCFF calculation uses a three-year rolling average of a district's unduplicated count percentage which for Hemet USD is currently calculated at 84.66%.

Funding levels for LCFF in 2019-20 have been recalculated for the Second Interim budget revisions using final CalPADs enrollment, current ADA projections based on initial attendance reports and the COLA rate included in the state's enacted budget. LCFF revenues will be recalculated again at the close of the year when final attendance data is available.

The projections in the Second Interim report show 2019-20 general fund LCFF revenues at \$232.5 million. This is a decrease of \$1.9 million from previous budgeted levels. The decrease in LCFF revenues is primarily related to lower than previously anticipated average daily attendance (ADA) projections.

Local taxes, including transfers to charters for in-lieu payments are estimated to make up \$29.7 million of this year's total LCFF funding. Proposition 30 revenues will total \$34.0 million and the remaining \$168.8 million will be provided through state aid.

Local Control Funding Formula—Full Implementation

The LCFF full funding rates based on current ADA and unduplicated count rates based on a three-year rolling average (84.66%) are listed in the table below.

FACTORS	K-3	4-6	7-8	9-12
2019-20 Base Grants	\$ 7,702	\$ 7,818	\$ 8,050	\$ 9,329

Concentration	\$ 1,254	\$ 1,153	\$ 1,187	\$ 1,412

Federal Revenues

Combined general fund federal revenues are projected to total \$21.5 million after a Second Interim increase of \$0.8 million from January 31 budget amounts. The Second Interim revisions are associated with fully budgeting the balance of Title IV carry over and revenue received for School-Based Medi-Cal Administrative Activities (SMAA) reimbursement adjustments that go back to the 2010-2011 fiscal year.

Other State Revenues

The budget for anticipated state revenues is increased by \$46,410 to a total \$24.4 million. The Second Interim increase is made to account for minor changes to lottery revenue receipt estimates.

Local Revenues

Second Interim adjustments bring projected local revenue to \$18.4 million after an increase of \$689,225 from First Interim projections. Second Interim changes are for receipt of revenue for insurance claims, e-rate and donations.

Expenditures

First Interim expenditures were estimated at \$241.3 million. Changes to budgeted expenditures for this Second Interim report show a decrease of \$1.4 million, bringing total anticipated expenses to \$239.9 million. Projected reductions to salaries and benefits are due to unfilled vacant positions and positions filled later than anticipated. Reductions to budgeted salaries and benefits were also made for lower than previously anticipated substitute and extra duty costs.

The budget for supplies is reduced by \$308,669. The reduction is for re-assignment of expenses from supplies to the capital outlay category for state preschool programs. Services and operating expenses, which includes utilities, contracted services, consultants, web-based application licenses and travel costs, are budgeted at \$40.0 million. This is an increase of \$1.05 million from January 31 budgeted amounts. Approximately 75% of the increase in services is related to consultants and services for Special Education students with the balance related to the increase to the Title IV budget for additional carry over. Those added costs are expected to be spent on a PLC conference in June.

In the capital outlay category, expenditures are projected at \$1.8 million, which is \$351,600 more than the January 31 projected amount. The increase is for state preschool projects.

Other Financing Sources/Uses/Contributions

Transfers In from other funds total \$5.64 million, a reduction of \$175,000 from the amount projected in the

district's First Interim budget. The adjustment is to transfers in from Fund 40 for equipment and furniture based on revised anticipated needs through the remaining part of the year.

Transfers Out to other funds total \$3,945,000 and shows an increase of \$175,000. The added funds are expected to be transferred to Fund 68 for Other Post Employment Benefit (OPEB) costs. Prior to the end of the fiscal year, this transfer will be moved to Fund 20—OPEB Reserve account from the general fund where the transaction will be more appropriately be reported.

The budget for contributions from the unrestricted general fund to the restricted general fund shows an increase of just over \$500,000. The increase is for anticipated growth in special education program costs.

Combined General Fund Ending Balance

As indicated in the table below, the district's adopted budget approved in June 2019 originally anticipated a beginning fund balance for the combined general fund of \$31.1 million for the 2019-20 fiscal year. Expenses were expected to exceed revenues by \$8.8 million and the ending combined general fund balance was estimated at \$22.3 million. These balances were based on projections formulated before the close of the 2018-19 fiscal year. After accounting for all 2018-19 transactions, the general fund beginning balance grew to \$34.3 million, an increase of \$3.2 million from the adopted budget estimate .

The First Interim budget showed the district anticipated ending the 2019-20 year with a general fund balance of \$28.35 million. Included in the projected ending balance was \$15.2 million for a 5% reserve for economic uncertainties.

Second Interim budget changes show the ending balance by June 30, 2020 now projected at \$27.45 million. The ending balance has \$14.9 million set aside as a 5% reserve for economic uncertainties. The reserve balance shows a decrease due to \$11.5 million in STRS On-Behalf expenses now being excluded from the calculation.

The remaining \$12.55 million in the ending balance is comprised of \$3.4 million in legally restricted balances, \$192,825 reserved for stores inventory and cash in banks, and \$8.9 million in the unrestricted general fund either committed or assigned for specific uses.

Staff is proposing the board maintain the \$1.05 million committed for employee health and welfare costs that was approved with a resolution submitted with the First Interim report in December 2019.

2019-20 General Fund Revenue

2019-20 General Fund Expenses

Multi-Year Projections & Cash Flow

MULTI-YEAR PROJECTIONS

The district's multi-year projection for the 2019-20 Second Interim report incorporates many of the recommendations and assumptions provided by School Services of California (SSC), the Riverside County Office of Education (RCOE) and the California Department of Finance (DOF). A worksheet provided by the Fiscal Crisis and Management Team (FCMAT), and developed in conjunction with the California Department of Education, was used to calculate Hemet Unified's current and two subsequent years LCFF apportionment. The calculation increases the LCFF base rates by COLA in each year.

For the current budget year, CalPADS data shows approximately 85.6% of district students fall into the various categories that make up the unduplicated pupil percentage (UPP). The LCFF calculation uses a three-year rolling average of the district's UPP to calculate the supplemental and concentration grants. The three-year rolling average is currently 84.66%. Combined district and county enrollment are assumed to grow by 144 students in 2020-21 with ADA growing by 272.3 ADA. ADA is based on a historical factor of 94.6% of enrollment in 2020-21 and 2021-22. As of the P-1 attendance report, the current ADA rate is 93.88% which is lower than the historical average of about 94.6% due to a drop in enrollment from CBEDs date. This trend is not anticipated to continue in the two out years.

2020-21 Projected Budget

The multi-year projection indicates the combined general fund revenues and other sources will increase by a total of \$7.6 million in 2020-21 from current year budgeted levels. LCFF revenues are estimated to increase by \$9.3 million to a total of \$241.8 million. Federal and other state revenues are projected to decrease by \$3.8 million. The decrease is related to the fall off of carry over balances and one-time revenues. Revenues in the local category are expected to decline by approximately \$2.0 million for expected drops in one-time receipts and interest earnings due to anticipated lower cash balances.

Overall 2020-21 expenses are projected to increase by \$4.1 million to \$313.0 million. A reduction of 17 teacher FTE's related to the closing of ASPIRE and efficiencies has been factored in to the projections. This reduction is offset by an increase in salary and benefit costs in an amount equivalent to seven FTE's for supplemental/concentration—LCAP growth. This LCAP expenditure growth may end up being in other expense categories once we have budget plans in place for the 2020-21 LCAP. Further, approximately \$2.7

million in base costs will be rolled into LCAP expenses in 2020-21 to more accurately account for certain services. It is expected that these expenses will be primarily in the salary and benefits expenditure categories.

	Multi-Year Projection Assumptions		
	2019-20	2020-21	2021-22
COLA (applied to LCFF base)	3.26%	2.29%	2.71%

ADA (excludes county)	20,629	20,499	20,499
ADA%	93.88%	94.61%	94.61%
LCFF Funded ADA (includes county)	20,303	20,575	20,575
UPP (3 Yr rolling avg)	84.66%	85.40%	85.33%
Salary/H&W Increase (HTA)	2.00%	2.38%	0.00%
Salary/H&W Increase (CSEA)	2.00%	2.38%	0.00%
CE Step & Column	1.45%	1.45%	1.45%
CL Step & Column	1.75%	1.75%	1.75%

Step and column costs along with STRS/PERS rate growth account for other routine growth in salary and employee benefits expenditures. Also factored in to the expense projections are elements of the salary settlements for all bargaining units that were reached at the start of the 2019-20 year. The agreements include a 2.38% salary and benefit cap increase.

Spending for supplies and services/operating costs are anticipated to drop by almost \$3.0 million for the fall off of one-time purchases made with carry over balances. Roll out of classroom technology devices is the main source of the one-time expenditures in 2019-20. Budget for capital expenditures is being reduced by \$1.3 million, also for the fall off of current year one-time projects.

Additionally, cash being transferred out to other funds is anticipated to drop by \$175,000 for the fall off of a prior year one-time contribution to the OPEB account. OPEB rates will be increased slightly in 2020-21 to avoid additional lump sum contributions to that account in the future.

2020-21 expenses are currently expected to exceed revenues by \$3.4 million. The projected general fund ending balance at the end of the 2020-21 year is estimated at \$24.05 million. In the projection, \$15.2 million, or 5% of the combined general fund expenses, is set aside for economic uncertainty per the district's board approved policy. The 5% reserve calculation continues to exclude approximately \$11.50 million in STRS On-Behalf costs reported in the restricted general fund. Other reserves are for restricted programs, health insurance premiums, site allocation carry over, and other assigned uses.

The district begins to slow its deficit spending trend in 2021-22, the third year of the projection, when expenses are expected outpace revenues by \$0.7 million or less than a 0.20% of the total budget. Combined general fund revenues and transfers in will grow by \$5.16 million to an estimated \$314.81 million. Assuming a 2.71% COLA and no enrollment growth, LCFF revenue is expected to increase by \$6.67 million in 2021-22 over the prior year. Adjustments to reflect the fall off of one-time grants and carry over show a combined drop of \$1.50 million in other revenue categories.

Expenses and transfers out to other funds projected for the 2021-22 year increase by \$2.45 million for a total of \$315.50 million. Salaries and benefits again increase for step and column and pension rate growth. No increases for cost of living for salaries have been factored into projected costs for 2021-22.

In the projection, the general fund ending balance is anticipated to total \$23.35 million by June 2022. Over \$15.4 million will be set aside as a 5% reserve for economic uncertainty, along with continued reserves for health insurance premiums, instructional supplies and services.

Certification

Based on the assumptions presented in this report, the district anticipates deficit spending in each of the three years of the projection. However, it will have sufficient reserves to cover costs and will be able to meet its financial obligations in the current and next two years. As a result, the district will self-certify a positive status in the 2019-20 Second Interim report.

CASH FLOW PROJECTIONS

Cash flow projections for both the current and the 2020-21 fiscal years are included in the appendix of this report. The analysis indicates that Hemet USD's cash position over the two year period appears to remain stable. The district did not participate in the Tax Revenue Anticipation Note (TRAN) program this year and is relying on loans from the Self-Insurance Fund (Fund 67) to cover short-term cash short-falls.

A short-term loan of \$2.5 million was made to the general fund from the Self Insurance Fund at the end of

December to cover the normal shortfall in cash prior to receipt of property taxes from the county treasurer in late December. This loan was fully repaid in January.

The district experienced its lowest 2019-20 cash balance at the end of December when cash fell to \$2.5 million, including the \$2.5 million loan, just prior to receiving the December state aid payment at the end of the month.

Based on information currently available from payment schedules for federal and state funding, the general fund's projected cash balance as of June 30, 2020 is expected to reach \$24.6 million. For the following year, the general fund cash balance by June 30, 2021 is projected to be drop slightly to approximately \$21.9 million. The lowest cash balance for the 2020-21 fiscal year is projected to be in October. At that time, it is projected a temporary loan of \$5.0 million will be necessary to carry the district's cash needs through to January, when the loan is expected to be repaid. Temporary borrowing from other funds will be used to cover short term cash shortfalls in 2020-21 as needed. The Self-Insurance fund has a cash balance of over \$10 million that can be used for the short-term borrowing.

Other funds in the district will experience cash shortfalls during 2020-21. These cash shortfalls will also be covered by loans from the district's Self Insurance. Other funds that will require loans include Fund 11—Adult Education Fund and Fund 12—Child Development Fund. Revenues in these accounts are received on a reimbursable basis after expenses are incurred. The loans to Funds 11 and 12 will be repaid before the end of the fiscal year.

Local Control Accountability Plan

As part of the Education Code that authorized the Local Control Funding Formula, Local Control Accountability Plans (LCAP) are required from school districts. The LCAP is a three-year plan that includes goals for all pupils for which the district receives supplemental and concentration funding and all other pupil subgroups. Those goals are to be achieved by addressing eight educational priorities identified by the state and any local priorities identified by each school district. The LCAP must align with the district's annual budget.

The amount of supplemental and concentration funds a district receives is calculated in the LCFF worksheets provided by FCMAT. The LCFF calculator also includes the Minimum Proportionality Percentage or MPP worksheet which is used to determine the percentage a district needs to increase or improve services to the students that generate the supplement and concentration dollars over base services. In the original adopted budget for 2019-20, the estimated MPP was 31.64% or \$55.4 million. For Second Interim, the 2019-20 MPP rate increased slightly to 31.76% and the MPP dollar amount grew to \$55.6 million. The MPP dollar amount is calculated based on formulas established by CDE. The MPP percentage is calculated by dividing the MPP dollar amount by the fully funded base entitlement.

Hemet Unified presented its 2019-20 LCAP for a public hearing and approval in June 2019. A copy of the plan can be found on the district's website. The plan includes 45 items totaling over \$62.6 million dollars in projected costs, of which \$55.4 million are supported by supplemental/concentration grant dollars. The remaining \$7.2 in costs are paid from Title I and Title II funds. While some new initiatives were added to the 2019-20 LCAP including chronic absenteeism and support for homeless students, the majority of the plan consists of initiatives that are continued from the prior years. Some of the on-going initiatives continue at the same level as prior years, others like the alternative to suspension initiative are offering expanded services.

A summary of LCAP initiatives approved for 2019-20, their projected cost for the year and actual expenditures as of January 31 is presented in the appendix of this report.

Charter School Fund (Fund 09)

Hemet Unified operates one district-sponsored charter school, the Western Center Academy (WCA), which serves students in grades six through twelve. The school's instructional program focuses on math, science and technology. WCA is located at the Western Science Center adjacent to Diamond Valley Lake.

Revenues and expenditures for the district sponsored charter school are reported separately in Fund 09 Charter School Special Revenue Fund. Revenues are based on students' average daily attendance and other factors. Funding for the charter school comes from the state in the form of the Local Control Funding Formula and other various federal, state and local sources. The charter school receives funding for special education through the Riverside County SELPA and lottery revenue from the state based on charter ADA. In addition, WCA receives state funding as a reimbursement for a portion of its facilities rental expenses at the Western Science Center.

ENROLLMENT and ADA

Western Center Academy's final CalPADS enrollment for 2019-20 is reported at 712. The fall certified data also shows WCA has 322 students that are identified as either low income, English learners, foster or homeless. This equates to an Unduplicated Pupil Percentage or UPP of 45.22% for LCFF supplemental grant purposes. This is up significantly from the prior year when the UPP percentage was 30.42%. The increase is related to a new requirement effective July 1, 2019 where charter schools must now participate in meal programs for low income students and as a result, low-income information for charter students is now more readily available. ADA for WCA is projected at 699.21 or 98.2%.

REVENUE

Second Interim revenue for the Western Center Academy 2019-20 is projected at \$8.31 million. At this time, an increase of \$64,136 is made to revenue budgets. Adjustments are being made to LCFF receipts to account for revised ADA projections. State revenue adjustments include small increases for lottery offset by a reduction to carry over balances.

EXPENDITURES

Total expenditures for Hemet Unified's charter school at Second Interim are projected to be just over \$8.36 million. The only changes made for the Second interim report is a reduction of \$13,832 to adjust for carry over in the Low Performing Students Block Grant.

SOURCES/USES/CONTRIBUTIONS

Currently \$409,621 is budgeted as transfers out to other funds and is related to transfers from the charter school to the district's general fund for special education services. Under a Memorandum of Understanding

Charter Schools	Adopted Budget	Jan 31 Budget	Second Interim Changes	Second Interim Revised Budget
Beginning Balance	\$ 650,898	\$ 947,443	\$ -0-	\$ 947,443

with WCA, the district's restricted general fund will support all costs associated with special education services for charter students. In return, all special education related revenue received for charter students in Fund 09 will be transferred to the restricted general fund. The MOU also identifies fees and rates that are charged to the charter school for district services such as student attendance reporting, payroll processing, financial reporting, human services activities and technology support.

ENDING BALANCE

The charter fund is expected to end the year with expenditures exceeding revenues by \$48,291. The school will have a total of \$899,152 in reserves, of which \$58,215 is in the restricted lottery account and can only be spent on instructional materials.

MULTI-YEAR PROJECTION AND CASH FLOW

Multi-year projections for the charter fund show that deficit spending in the current and two subsequent years. The school is projecting a total ending fund balance of \$664,350 for the year ending June 30, 2021 and it expects to see its reserves drop to \$582,377 by June 30, 2022. Projecting out to 2023-24, the deficit spending trend reverses beginning in 2022-23 and the school expects to have fund balance reserves back up to over \$1.4 million by June 2024. Deficit spending in the near term is related to lease costs for classrooms that were added in the summer of 2019. The multi-year projections incorporate the added costs for a 2% salary increase in 2019-20 and another increase to salary and benefit costs equivalent to 2.38% in 2020-21.

The charter school's cash reserves are expected to reach a low point in February when cash balances are expected to drop to just over \$300,000. It is expected the school will end the 2019-20 year with approximately \$555,000 in cash on hand. It is not anticipated WCA will require any temporary loans through the end of the current budget year.

Other District Funds

A summary of budgets as of the Second Interim report for other district funds is below. Notable changes from the First Interim budget in certain funds are:

- ◇ Fund 21—Building Fund—Expenditures were revised downward from \$17.20 million to \$2.56 million to more accurately account for costs for projects that will be completed through June 30, 2020 only. This change increases the projected balance in the fund by June 30th to \$25.26 million.
- ◇ Fund 25—Capital Facilities Fund—revenues are increased by \$2.7 million to \$4.20 million to account for revenues received to-date and additional revenues anticipated through the end of the year from developers and CFDs. Expenditures are reduced by \$1.5 million to more accurately account for costs for projects that will be completed through June 30, 2020 only. These changes increase the projected balance in the fund by June 30th to \$9.45 million.
- ◇ Fund 63—Enterprise Fund - Expenses are increased by \$1.01 million to account for year-end substitute and extra duty costs, as well as added positions. The ending balance is decreased by the same amount, bringing it to a projected \$2.73 million by June 30, 2020.

CASH OPTIONS SURVEY

- ✓ Deferral Exemptions: Our understanding is that the state has approved all district and charter school deferral exemption requests thus far. Therefore, our office urges both districts and charter schools to consider this option. Our office will continue to forward information on the exemption process as it becomes available. **As the county superintendent of schools is required to certify all district exemption requests, please allow our office at least ten working days to review and submit the applications to the CDE and the Department of Finance prior to the statutory deadlines.**

- ✓ Tax and Revenue Anticipation Notes (TRANS): TRANS are short term debt instruments used to finance cash flow deficits in anticipation of receiving taxes and other revenues. Although TRANS are more readily available than some of the other options listed, they may be time consuming, and in recent years, a more expensive means of financing cash flows. Depending on the period issued, a TRANS is classified as a “mid-year,” if a district issues sometime after the beginning of the fiscal year, or as a “cross-year,” if one crosses fiscal years. Districts repay TRANS with revenues attributable to the same fiscal year. Therefore, districts repay a cross-year TRANS with revenues deferred from one fiscal year to the next. Districts may issue a TRANS on a stand-alone basis, or in a pool, or grouping of several school districts. **Our office recommends districts evaluate both alternatives to determine the most cost-effective approach prior to pursuing this option.** Finally, once received, please be sure to include the TRANS and its set-asides or repayments in the district’s cash flow projections.

- ✓ Internal Temporary Borrowing: California Education Code (EC) Section 42603 authorizes school districts to temporarily transfer monies from one fund or account to another for the purpose of short-term borrowing. Districts are to repay transferred amounts either in the same fiscal year, or if the transfer takes place within the final 120 calendar days of the fiscal year, in the subsequent fiscal year. Please be sure to include the temporary loans and repayments in the district’s cash flow projections, even if reinstating in the next fiscal year. Certain temporary loans, such as those from the Capital Facilities Funds (Fund 25), require the repayment of interest earned (Government Code Sections 66006 and 66013).

- ✓ Riverside County Office of Education: EC Sections 42621 and 42622 authorize the county superintendent of schools to issue temporary cash loans to districts with insufficient funds to meet current operating expenses. Please note this option, subject to the county board of education’s approval, is limited by RCOE’s cash balance. Please contact our office as soon as possible if the district anticipates making such a request.

- ✓ County Board of Supervisors: EC Section 42620 and Article 16, Section 6, of the California Constitution authorize the county board of supervisors to loan funds to school districts. As with RCOE temporary loans, this option is limited by the county’s cash balance. Additionally, our office’s understanding is this option may not be feasible at this time. Therefore, please contact our office immediately if the district anticipates needing this option.

S8. Status of Labor Agreements

Analyze the status of all employee labor agreements. Identify new labor agreements that have been ratified since first interim projections, as well as new commitments provided as part of previously ratified multiyear agreements; and include all contracts, including all administrator contracts (and including all compensation). For new agreements, indicate the date of the required board meeting. Compare the increase in new commitments to the projected increase in ongoing revenues and explain how these commitments will be funded in future fiscal years.

If salary and benefit negotiations are not finalized, upon settlement with certificated or classified staff:

The school district must determine the cost of the settlement, including salaries, benefits, and any other agreements that change costs, and provide the county office of education (COE) with an analysis of the cost of the settlement and its impact on the operating budget.

The county superintendent shall review the analysis relative to the criteria and standards and may provide written comments to the president of the district governing board and superintendent.

S9. Status of Other Funds

Analyze the status of other funds that may have negative fund balances at the end of the current fiscal year. If any other fund has a projected negative fund balance, prepare an interim report and multiyear projection for that fund. Explain plans for how and when the negative fund balance will be addressed.

S9A. Identification of Other Funds with Negative Ending Fund Balances

DATA ENTRY: Click the appropriate button in Item 1. If Yes, enter data in Item 2 and provide the reports referenced in Item 1.

1. Are any funds other than the general fund projected to have a negative fund balance at the end of the current fiscal year?

No

If Yes, prepare and submit to the reviewing agency a report of revenues, expenditures, and changes in fund balance (e.g., an interim fund report) and a multiyear projection report for each fund.

2. If Yes, identify each fund, by name and number, that is projected to have a negative ending fund balance for the current fiscal year. Provide reasons for the negative balance(s) and explain the plan for how and when the problem(s) will be corrected.

ADDITIONAL FISCAL INDICATORS

The following fiscal indicators are designed to provide additional data for reviewing agencies. A "Yes" answer to any single indicator does not necessarily suggest a cause for concern, but may alert the reviewing agency to the need for additional review.

DATA ENTRY: Click the appropriate Yes or No button for items A2 through A9; Item A1 is automatically completed based on data from Criterion 9.

- A1. Do cash flow projections show that the district will end the current fiscal year with a negative cash balance in the general fund? (Data from Criterion 9B-1, Cash Balance, are used to determine Yes or No)

- A2. Is the system of personnel position control independent from the payroll system?

- A3. Is enrollment decreasing in both the prior and current fiscal years?

- A4. Are new charter schools operating in district boundaries that impact the district's enrollment, either in the prior or current fiscal year?

- A5. Has the district entered into a bargaining agreement where any of the current or subsequent fiscal years of the agreement would result in salary increases that are expected to exceed the projected state funded cost-of-living adjustment?

- A6. Does the district provide uncapped (100% employer paid) health benefits for current or retired employees?

- A7. Is the district's financial system independent of the county office system?

- A8. Does the district have any reports that indicate fiscal distress pursuant to Education Code Section 42127.6(a)? (If Yes, provide copies to the county office of education.)

- A9. Have there been personnel changes in the superintendent or chief business official positions within the last 12 months?

When providing comments for additional fiscal indicators, please include the item number applicable to each comment.
