# 2011-12 Third Interim

# BACKGROUND

Pursuant to Education Code Section 42131, districts that file a qualified or negative Second Interim Financial report are required to submit a Third Interim or Year-End Financial report to the County Superintendent of Schools, the state Controller and the Superintendent of Public Instruction no later than June 1, financial statement projections of the district's fund and cash balances through June 30 for the period ending April 30. Hemet USD has asked for and obtained permission to submit its 2012-13 Third Interim report on June 6th, after the June 1st deadline.

Hemet USD filed a qualified Second Interim financial report in April 2012. The report indicated that, based on various worse case scenario assumptions, the district would experience significant deficit spending in 2012-13 and 2013-14. In addition, the report showed that the district would not be able to meet its financial obligations in 2013-14. Assumptions to develop the multi-year projections for the Second Interim Report submitted in March which resulted in the qualified status included the following:

- Restoration of all staff furlough and salary roll backs for a total increase in expenses of \$5.5 million
- Revenue limit deficit factor of 20.602%
- Additional per ADA reduction to revenue limit funding of \$370 or approximately \$7.6 million in each of the three years
- Loss of transportation funding in 2013-14 totaling \$1.5 million.

Based on these assumptions, the district projected an combined General Fund negative ending balance of \$5.9 million and no reserve for economic uncertainty by June 30, 2014.

# 2011-12 Third Interim

# **General Fund Budget Revisions**

Revised estimates of revenues that can be accounted for by June 30th are now projected to be \$177.9 million. This is approximately \$900,000 less than was projected in the district's Second Interim report presented in March. The downward adjustment is due primarily to anticipated unspent categorical funds that cannot be accounted for until they are spent. Revenue adjustments included in this report is a slight increase in revenue limit funding of \$63,641 related to small adjustments to ADA and other revenue limit calculation factors. In addition, a decrease of \$380,000 in local revenues has been recorded related to lower than anticipated revenues for field trips and other miscellaneous sources. Other budget adjustments were made prior to April 30th. Those adjustments were primarily reductions to federal, state, and local revenues for projected deferred (unspent) receipts.

Total General Fund expenses are now projected to be \$177.0 million or \$2.2 million less than projected in the Second Interim Report. Reductions in expenditures are also primarily related to grants and restricted programs that are not expected to be fully expended by year-end, but were fully budgeted earlier in the year.

Transfers Out to Other Funds was previously reduced by \$100,000 since the Second Interim report. The reduction is related to a change in accounting procedures for a contribution from Title I to cover childhood development program expenditures.

The net change to the ending balance in presented at this time is an increase of \$1.1 million for a total increase to the ending balance of \$2.1 million. The combined general fund ending balance is now projected to total nearly \$34.3 million by June 30, 2012. Of the \$34.3 million in the ending balance, \$3.7 million is in legally restricted programs, \$9.0 million is set aside as a reserve for economic uncertainty, and the remaining \$21.6 million will be used to support expenses that exceed revenues in 2012-13 and 2013-14.

# **MULTI-YEAR PROJECTIONS**

Several changes to the assumptions used for developing Hemet's multi-year projections have made since

the Second Interim report. The projections used at that time included those mentioned on the previous page. In the meantime, the district has settled negotiations with its certificated bargaining unit. A Memorandum of Understanding to continue six furlough days for all members through the 2012-13 year was approved at the May 1, 2012 Governing Board meeting. Classified bargaining unit members recently voted against an agreement to extend furlough days and salary roll-backs through 2012-13. Negotiations with that group will continue, but at this time it is assumed their work-vear and salaries will revert back to levels that existed prior to the

current agreement which ends on June 30, 2012.

In regards to revenue assumptions, in response to concerns about the equity of eliminating funding for student transportation that was proposed in the Governor's January budget proposal, the legislature has made some amendments to the state's budget proposal. Transportation funding has been re-instated, but in its place, an increase to the per ADA revenue limit cut has been added. This is additional per ADA cut will be imposed should tax initiatives fail at the ballot in November 2012. The total per ADA reduction to revenue limit funding is now projected at \$441 for 2012-13.

Based on these assumptions, it is projected the district's general fund expenditures will exceed revenues by \$12.6 million in 2012-13 and by \$22.0 million in 2013-14. The deficit spending will result in a projected fund balance of \$21.6 million a the end of the 2012-13 year and be reduced to a negative balance of \$0.4 million by June 30, 2014.

The assumptions used in this projection are worse-case scenarios. It is expected that the district will be able to come to an agreement with it's classified bargaining unit to continue its furlough days and salary roll-backs at least through June 30, 2013 and that based on recent history, revenue cuts proposed by the state may not be as severe as originally projected.

Enrollment is projected to decline further in 2012-13 to 21,233 and to remain at 21,233 in 2013-14. Because of declining enrollment, revenue limit funding is based on the prior year ADA in 2012-13. Average daily attendance (ADA) percent is projected at 95% for all years.

# **CASH FLOW**

A cash flow for both the current and 2012-13 fiscal years are presented in the appendix of this report. The cash flow analysis shows cash shortfalls are projected periodically through June 30, 2013.

# 2011-12 Cash Flow

Cash shortfalls in the current year are or have been addressed through inter-fund borrowing and Tax Revenue Anticipation Notes (TRAN). \$23.0 million in TRANs were issued on July 1, 2011. These funds were repaid in January 2012. A cross-year TRAN in the amount of \$7.0 million was also issued in the current year, on February 24, 2012. This issuance will be repaid over the first few months of the next fiscal year. In addition to the TRANs, it is expected the district may need to borrow up to \$2.5 million from its Self-Insurance Fund in late June to cover general fund cash shortfalls and temporary cash loans to the Charter Schools and Child Development Funds. The inter-fund loan amount is half of the \$5.0 million that the district anticipated it might need to borrow when analyzing its cash flow for the Second Interim report. The decrease in the loan amount is attributed to receipt of some state and federal funds earlier than previously anticipated. The interfund loan will be repaid in mid July when the June revenue limit deferral is paid. In the 2011-12 cash flow analysis, the district is projecting it will end the year with approximately \$943,000 in cash which will include \$9.5 million in TRANs and interfund loans.

(\$ 8,556,528 )
7,000,000
2,500,000
\$ 943,472

# 2012-13 Cash Flow

For the 2012-013 fiscal year, the district's cash situation is expected to worsen as cash for one-time restricted programs and carry over balances are depleted. It is currently projected \$25 million in TRANs borrowing will be necessary in July 2012. The July TRAN is scheduled to be repaid in January 2013. It is expected the district will need to issue a cross-year TRAN in February 2013 for another \$30 million. In addition, the General Fund may need to borrow from other funds periodically during the year, as well as provide cash loans to both the Charter School Fund and Child Development Fund. May 2013 is expected to show the lowest cash balance of \$3.2 million which includes the \$30 million in TRANs. The cash balance in May without

the TRANs is projected to be (\$26,800,000). The June 30, 2013 cash balance is projected to be 8.0 million.

Historically, the lowest cash balance has occurred in June, but the district will be moving the pay schedule for school session employees from its current September to June calendar to August through May. This change moves the payroll expenses back a month, creating shortfalls a month sooner than have historically occurred.

# **BUDGET REDUCTION PLANS**

Hemet Unified entered into agreements with its bargaining unit members in late 2009-10 to reduce salary and benefit costs by 6.5% through a combination of work year reductions, staff reductions, increased class sizes and salary roll-backs. In early 2010-11, amendments to these agreements added back two days to the work year for all employees. The agreements expire on June 30, 2012.

Below is a summary of those reductions that are included in the 2011-12 budget

Hemet Teachers Association (HTA) members: 6 day work year reduction

Increased class sizes

(\$ 21,711,018 )

200,000)

\$ 8,088,982

Classified CSEA members: 6 day work year reduction

2.56% salary rollback

Certificated/Classified Management: 6 day work year reduction

Total estimated savings: \$5.8 million

Options that the district can consider in order to maintain fiscal solvency through 2013-14 are:

**2012-13** Continuation of work year reductions, salary roll-backs, increased class sizes, and reduced staffing levels currently in place

Total estimated savings \$5.45 million

2013-14 Continuation of work year reductions, reduced staffing levels, and salary rollbacks
One time elimination of transfers to deferred maintenance and adult education
Additional salary, work year and/or staffing reductions equivalent to approximately 3% of current costs

Total estimated savings \$10.55 million

# **SUMMARY OF OTHER FUNDS**

The projected ending fund and cash balances for all other district funds as of June 30, 2012 are listed below:

| Fund  | Fund Balance  | Cash Balance  |
|---|---------------|---------------|
| Fund 09—Charter School Special Revenue Fund | \$ 1,163,247  | \$ 165,455    |
| Fund 11—Adult Education Fund                | \$ 667,114    | \$ 667,113    |

- ✓ <u>Deferral Exemptions</u>: Our understanding is that the state has approved all district and charter school deferral exemption requests thus far. Therefore, our office urges both districts and charter schools to consider this option. Our office will continue to forward information on the exemption process as it becomes available. As the county superintendent of schools is required to certify all district exemption requests, please allow our office at least ten working days to review and submit the applications to the CDE and the Department of Finance prior to the statutory deadlines.
- ✓ <u>Tax and Revenue Anticipation Notes (TRANs)</u>: TRANs are short term debt instruments used to finance cash flow deficits in anticipation of receiving taxes and other revenues. Although TRANs are more readily available than some of the other options listed, they may be time consuming, and in recent years, a more expensive means of financing cash flows. Depending on the period issued, a TRANs is classified as a "mid-year," if a district issues sometime after the beginning of the fiscal year, or as a "cross-year," if one that crosses fiscal years. Districts repay TRANs with revenues attributable to the same fiscal year. Therefore, districts repay a cross-year TRANs with revenues deferred from one fiscal year to the next. Districts may issue a TRANs on a stand-alone basis, or in a pool, or grouping of several school districts. **Our office recommends that districts evaluate both alternatives to determine the most cost-effective approach prior to pursuing this option.** Finally, once received, please be sure to include the TRANs and its set-asides or repayments in the district's cash flow projections.
- ✓ <a href="Internal Temporary Borrowing">Internal Temporary Borrowing</a>: California Education Code (EC) Section 42603 authorizes school districts to temporarily transfer monies from one fund or account to another for the purpose of short-term borrowing. Districts are to repay transferred amounts either in the same fiscal year, or if the transfer takes place within the final 120 calendar days of the fiscal year, in the subsequent fiscal year. Please be sure to include the temporary loans and repayments in the district's cash flow projections, even if reinstating in the next fiscal year. Certain temporary loans, such as those from the Capital Facilities Funds (Fund 25), require the repayment of interest earned (Government Code Sections 66006 and 66013).
- ✓ <u>Riverside County Office of Education</u>: EC Sections 42621 and 42622 authorize the county superintendent of schools to issue temporary cash loans to districts with insufficient funds to meet current operating expenses. Please note this option, subject to the county board of education's approval, is limited by RCOE's cash balance. Please contact our office as soon as possible if the district anticipates making such a request.
- ✓ County Board of Supervisors: EC Section 42620 and Article 16, Section 6, of the California Constitution authorize the county board of supervisors to loan funds to school districts. As with RCOE temporary loans, this option is limited by the county's cash balance. Additionally, our office's understanding is that this option may not be feasible at this time. Therefore, please contact our office immediately if the district anticipates needing this option.

# 2011-12 Third Interim (Year End Projection) General Fund SACS Forms

June 5, 2012
