Financial Outlook

The Governor presented his 2016-17 budget proposal to the Legislature on January 7, 2016. Revenue projections in the new year budget assume continued economic growth with state revenues estimated at higher levels for the remainder of 2015-16 and for 2016-17 than were projected in the prior year budget plan. Learning from the past, the Legislature has made setting aside reserves to protect against the next downturn a priority and over the past several years the state has been able to build reserves. State reserve levels are expected to reach more than \$10 billion with the 2016-17 budget proposal.

The 2016-17 January budget proposal includes \$2.8 billion in additional funding for the Local Control Funding Formula (LCFF), accelerating progress toward full implementation and closing half of the remaining gap to target levels. It is expected LCFF will be nearly 95% fully funded in 2016-17. An additional \$1.3 billion is provided in the Governor's budget as another payment toward paying down the outstanding mandate obligation the state owes to schools leaving a balance of about \$1.8 billion.

The January budget plan also proposes rolling the current State PreSchool, Transitional Kindergarten and State PreSchool Quality Rating and Improvement System (QRIS) grants into a single PreSchool block grant.

In an analysis of the Governor's budget, the Legislative Analyst's Office (LAO) suggests that revenue projections may be lower than what can be expected. The LAO projects assessed property values will grow by higher percentages and bring in higher property tax receipts than are assumed in the 2016-17 budget plan. The LAO also expects economic growth in the state will continue at least through 2017-18 while the Department of Finance is projecting an average magnitude recession to occur in 2017-18 in the multi-year projections it used to develop the state's budget.

Executive Summary

BACKGROUND

The Education Code of the State of California requires that school districts submit to their County Office of Education interim financial reports at least twice a year. The Second Interim report reflects the current financial status of the district as of January 31, as well as budget revisions based on expenditure and revenue trends and other available information. The Second Interim financial report must be approved by each district's Governing Board by March 17th. More concrete data is available for the Second Interim financial report than was available for the First Interim report that was presented to the Board in January. In a typical year, budget projections contained in the Second Interim report should be closely aligned with the district's final actual revenues and expenditures reported at the close of the fiscal year.

Based on the financial information provided in the interim reports, the Board and Superintendent must certify the district's financial condition as either positive—will meet its financial obligations for the current and two subsequent years; qualified—may not meet its financial obligations for the current or two subsequent years; or negative—will be unable to meet its financial obligations for the current or two subsequent years

FISCAL OVERVIEW

Funded ADA in the Second Interim report is projected at 19,936, which is 147 more than was estimated at First Interim. This growth in ADA adds approximately \$1.3 million to current year LCFF funding. This combined with other projected changes show an overall increase of \$2.0 million is projected for combined general fund revenues and other sources from January 31 budgeted levels. Expenditures are being increased by a total of \$1.7 million. While all projections for budgeted revenue and expenditure amounts, especially in the Restricted General Fund may not come to bear, expense budgets in most cases have been revised to cover potential obligations based on current trends, encumbrances, and vacant positions.

The proposed changes to both revenue and expenditure budgets at Second Interim show an increase totaling \$6.3 million to the district's general fund. Over half of the growth in the general funding ending balance is related to restricted resources that are expected to be received but not spent by the end of the 2015-16 year, including the Educator Effectiveness grant. The district will receive \$1.6 million for this program.

Increases to revenue budgets are related to ADA growth and changes in the LCFF gap percentage rate, adjustments to lottery per ADA rates, and adjustments to miscellaneous local revenues. Decreases to federal revenues are expected for lower than previously projected reimbursements for the MediCal program. Increases for salary settlements with Hemet's bargaining units make up the majority of the added expenditures. Other expenditure budget adjustments are primarily related to revised cost estimates for the district's Local Control Accountability Plan (LCAP) initiatives.

County Offices of Education, School Services of California (SSC), Fiscal Crisis Management Advisory Team (FCMAT), Riverside County Schools Advocacy Association (RCSAA) and other groups continue to advise school districts on best assumptions to use when developing their budgets. Assumptions include LCFF gap funding percentages, lottery per ADA rates, cost of living adjustment (COLA) factors and recommended reserves. Many of these groups have advised districts to set aside a reserve equal to the subsequent year's gap funding because the gap funding is not mandated through legislation. These advisory groups also recommend districts set reserve levels higher than the state minimum to help lower borrowing costs for capital expenditures, improve its credit rating, and to avoid periods of cash shortfalls when temporary cash loans would be necessary. In response to these recommendations, the district has established a reserve level of 5.0%.

Hemet Unified will be self-certifying its financial status as ‘positive’ for the 2015-16 Second Interim Report. A positive certification means the district projects it will have sufficient funds to meet its obligations in the current and two subsequent fiscal years based on a variety of assumptions in its multi-year projections.

The district has used assumptions for cost-of-living adjustments (COLA) and gap funding of LCFF revenue recommended by the California Department of Finance, FCMAT, School Services of California and the Riverside County Office of Education in developing its current year budget and projections for the two following years. For 2015-16, COLA is set at 1.020% and 51.97% is used for LCFF gap funding. For 2016-17, COLA is projected at 0.47% and LCFF gap funding at 49.08%. 2017-18 projections assume COLA of 2.13% and gap funding at 45.34%. On the expenditure side, current year assumptions include a 1.5% salary increase for all employee groups retroactive to July 1, 2015 along with an additional 1.0% salary increase retroactive to January 1, 2016 for the certificated bargaining unit members, management and confidential employees. In exchange for receiving the 1.0% increase, two days will be added to the work year for staff development purposes beginning with the 2016-17 year. The 1.0% salary and work year increase is in effect through the 2017-18 year. This agreement was approved by the Hemet USD Governing Board at their February 23, 2016 meeting. These salary increases are in addition to the 2% increase all employee groups received in July 2015 as the result of the 2014-15 negotiations settlement agreement. Additional costs were included in the multi-year projections to account for growth in the district’s LCAP.

Using these assumptions, the district anticipates it will have sufficient funds to meet its financial obligations through 2017-18. Hemet USD expects to see deficit spending growth throughout the projection period. It is expected \$2.5 million in loans to other funds will be outstanding at the end of the fiscal year. No mid-year TRAN was issued in 2015-16.

ENROLLMENT, ADA and UNDUPLICATED COUNT

Excluding charter school students and those students enrolled in county programs, the preliminary official enrollment count for October 2015 is reported at 20,876 for the fall CalPADS submission. February enrollment counts show a drop of about 70 students since October. Student enrollment for Hemet USD is still down by 2,660 or 11.3% since 2006-07 when the district reported its highest enrollment of 23,541 students.

The district's 2015-16 P-2 average daily attendance (ADA) for these same students is currently projected at 19,896 or 95.3% of enrollment. An additional 40 ADA is estimated for students in county programs.

Together, the district is projecting a total of 19,936 ADA as the basis for calculating its Local Control Funding Formula (LCFF) dollars for 2015-16. The district's P-2 ADA for the LCFF calculation is adjusted by attendance for those students transferring in and out of charter schools, as well as for some special education related attendance that is reported on an annual basis.

Other student enrollment data that is important is the unduplicated count of district students that are identified as low income, English learners or who are foster youth. This count of students is used to calculate the district's supplemental and concentration funding under LCFF. Certified fall CALPads data showed the district's unduplicated pupil count at 17,148 or 82.13% of the total student population.

SECOND INTERIM BUDGET REVISIONS

Revenues

Hemet USD's total budgeted general fund revenues as of January 31 were projected at \$238.6 million. \$1.95 million in projected revenues are added to the budget for Second Interim, bringing the new revised revenue budget to \$240.6 million. Increases to LCFF, state and local revenues are off-set by reductions to federal revenues.

Local Control Funding Formula (LCFF)

A calculation worksheet provided by Fiscal Crisis and Management Assistant (FCMAT) in conjunction with the California Department of Education (CDE) is used to project Hemet Unified's LCFF apportionment. A copy of the calculation is included in the Appendix of this report. The formula adds in grade span adjustments (GSA) for class size reduction for grades K-3 and career technical education for grades 9-12. In addition, schools receive supplemental funding at 20% of the base rate for unduplicated students counted as eligible for free and reduced meals, English learners or foster youth. A concentration grant of 50% of the base rate is provided to districts where 55% or more of the student population falls into these subgroups. Hemet USD's preliminary 2015-16 unduplicated pupil percentage for the LCFF subgroups is 82.13% of its entire student population. The LCFF calculation uses a three year rolling average of a district's unduplicated pupil percentage (UPP) which is currently calculated at 81.75%. The UPP is not finalized until CalPADs data is certified in December, at which time some adjustments may be made to the percentages used in the current LCFF calculation.

The district's LCFF revenues have been recalculated for Second Interim revisions using enrollment and unduplicated pupil percentages from preliminary 2015-16 CalPADS data reports, attendance projections from district attendance reports, and updated gap funding rates included in the state's January proposal for the 2016-17 budget .

LCFF revenue comes from three sources, local property taxes, Proposition 30 revenues and state aid. The Second Interim report projects general fund LCFF revenues to total \$180.17 million. This is an increase of \$1.4 million above First Interim projections. The increase is related to higher than previously estimated ADA. The LCFF gap percentage changed slightly from First Interim, going from 51.52% to 51.97%. The gap percentage will likely be revised again before being finalized with the 2016-17 enacted budget.

Local taxes, including transfers to charters for in-lieu payments are estimated to make up \$24.2 million of this year's total LCFF funding. Proposition 30 revenues will total \$26.9 million and \$130.5 million will come as state aid for a total of \$181.67 million. Adjustments to Hemet USD's total LCFF allocation include a transfer of \$1.5 million to Fund 14 for deferred maintenance. This program was formerly funded as a restricted categori-

cal program and now falls under LCFF base funding. This leaves a total of \$180.17 million of LCFF in the unrestricted general fund. Included in the unrestricted LCFF revenue is \$1.54 million that is set aside for Hemet USD transportation. This is another former categorical program that is funded through LCFF as an add-on.

Federal Revenues

Combined general fund federal revenues are projected to total just under \$17.0 million after a Second Interim decrease of \$241,654 from January 31 budget amounts. The Second Interim budget provides for an increase to Medicare Administrative Activities reimbursements off-set by a decrease to projected lower reimbursements for the LEA MediCal program.

Other State Revenues

Other state revenues are expected to total \$28.0 million for the Second Interim reporting period and include funding for lottery, special education, the after school program, Prop 39 energy grant projects and the one-time Educator Effectiveness grant. Revenue recognized for payments made by the state to STRS on-behalf of district employees total \$4.5 million is also included in the state revenue category. Second Interim revisions to state revenues show an increase of \$529,684. Increases are primarily related to changes in ADA and per ADA rates used to calculate projected restricted and unrestricted lottery revenues for the 2015-16 year.

Local Revenues

The budget for local revenue is expected to increase by \$220,000 to \$15.4 million. Minor revisions are proposed to a variety of local revenue sources to reflect current projected receipts.

Expenditures

Budgeted expenditures in the combined general fund as of January 31 totaled \$233.0 million, an increase of \$1.73 million from the January 31 budget amount.

Second Interim revisions are proposed in most expenditure areas. Certificated and classified salaries are projected to be \$2.0 million more than what was budgeted as of January 31. The increase in salaries expenditures is related to a 1.5% salary increase for all employee groups retro active to July 1, 2015, along with an additional 1.0% salary increase retroactive to January 1, 2016 for the certificated bargaining unit members, management and confidential employees. In exchange for receiving the 1.0% increase, two days will be added to the work year of the affected employees beginning with the 2016-17 year. The 1.0% salary and work year increase is in effect through the 2017-18 year. These salary increases are on top of the 2% increase all employees received at the start of the 2015-16 year.

The budget for employee benefits shows a decrease of just over \$350,000. Increases to fixed employee benefit costs related to the salary increases are off-set by reductions to health and welfare costs budgeted but not used for late start or unfilled vacant positions.

An increase of approximately \$345,000 to the amount budgeted for books and supplies is proposed at Second Interim as well as an increase of \$84,000 for capital equipment. Increases to these ex-

Sources/Uses/Contributions

A small increase of \$77,714 in the amount contributed to special education accounts in the restricted general fund from the unrestricted general fund is proposed for the Second Interim reporting period. The growth is related to the salary increases for positions paid from Special Education accounts.

Budget for the Other Sources category shows an increase of \$107,520 to account for revenue received.

Annual Super Kids Bowl—Feb 5, 2016

Combined General Fund Ending Balance

As indicated in the table below, the district's First Interim budget originally anticipated revenues to exceed expenditures by \$6.1 million and the ending combined general fund balance was estimated at \$29.2 million. Second Interim adjustments add \$183,733 to the ending balance bringing it up to \$29.4 million. \$11.775 million of the ending balance is set aside as a 5% reserve for economic uncertainties. On December 9, 2014 the Hemet USD Governing Board approved Resolution 2317 which re-authorized maintaining the district's minimum reserve at 5%. The 5% reserve was originally established by the board in April 2011.

Assignments, commitments and legally restricted balances make up the remaining \$17.6 million of the ending fund balance. Legally restricted balances total \$4.4 million and \$0.3 million is reserved for stores inventory and cash in banks. This leaves \$12.9 million in the unrestricted general fund ending balance. Staff is recommending the board formally commit the these reserves toward an LCFF gap funding contingency reserve account and other uses as identified in the Components of Ending Balance table. A resolution to commit those funds will be presented to the board for approval along with this report.

Financial Outlook

Cash Flow

Cash flow projections for both the current and 2016-17 fiscal years are included in the appendix of this report. The analysis indicates that Hemet USD's cash position continues to be positive. However, cash shortfalls were experienced by the district in December 2015 and are expected again next December.

Because of the December cash shortfalls when the district is awaiting payment of property tax receipts from the County Treasurer's Office, the district issued a temporary Tax Revenue Anticipation Note (TRANs) in the amount of \$6.72 million in July 2015. A TRAN in an amount estimated at \$7.5 million will be necessary for the same period in the 2016-17 year. The 2015-16 TRAN will be repaid in two installments. 50 percent will be repaid in late January 2016 and the remaining 50 percent in April 2016. A mid year TRAN is not expected to be necessary this year and has not been issued for year-end cash shortfalls during the past two years.

For the remainder of the 2015-16 year, the lowest cash balance is expected during May when it may fall to just under \$14 million depending on the actual timing of expenses and revenues. Based on information currently available from payment schedules for federal and state funding, the projected cash balance as of June 30, 2016 is expected to reach \$20.7 million. At the end of the 2016-17 fiscal year, the district's cash balance is expected to be approximately \$23.5 million.

Other funds in the district have experienced and will continue to see cash shortfalls during 2015-16. These cash shortfalls have been covered by loans from the district's General Fund and the Self Insurance Fund (Fund 67). As of January 31, 2016, a balance of \$3.05 million in loans to other funds were outstanding. \$2.5 million was loaned to the Transportation Enterprise Fund (Fund 63); \$500,000 in loans to Child Development Fund (Fund 12) were also outstanding and \$50,000 to the Adult Education Fund (Fund 11). \$2.7 million of the loans were borrowed from Fund 67—Self Insurance Fund and \$350,000 came from the general fund. All current loans must be repaid before the end of the current fiscal year.

Fund 12 Child Development requires loans periodically during the year because it is funded primarily through reimbursable grants from state and federal sources. As a result, cash loans need to be provided to support expenditures as they occur until reimbursement payments are received.

Fund 63—Enterprise Fund for transportation contracts also require cash loans throughout the year. Many of the contract payments from other districts are billed quarterly and in arrears. The district is working with those districts to change the payment schedule to a quarterly advance payment to help avoid future ongoing cash shortfalls in this fund.

Multi-Year Projections and Assumptions

REVENUE

The district's multi-year projections for the 2015-16 Second Interim report incorporate many of the recommendations and assumptions provided by School Services of California (SSC), the Riverside County Office of Education (RCOE) and the California Department of Finance (DOF). A worksheet provided by the Fiscal Crisis and Management Team (FCMAT), and developed in conjunction with the California Department of Education, was used to calculate Hemet Unified's current and two subsequent years LCFF apportionment. The calculation increases the LCFF base rates by COLA in each year. It also adjusts for annual projected LCFF gap funding through 2017-18. For the current budget year, current CalPADS data shows approximately 82.13% of Hemet USD's students are eligible for free and reduced meals, designated as English Learners or identified as foster youth. The LCFF calculation uses a three-year rolling average of the district's unduplicated student rate to calculate the LCFF supplemental and concentration grants. The three-year rolling average is currently set at 81.75%. Enrollment and ADA for revenue projection purposes is assumed to be essentially flat over the next two years.

Combined General Fund revenues and other sources for 2016-17 are projected to be \$1.1 million more than revenue budgeted for the current fiscal year and total \$242.9 million. An anticipated \$13.1 million increase in LCFF revenues in 2016-17 are off-set by a drop of \$11.5 million in other state and federal revenues. The decline in other state and federal revenues are due to the fall-off of carry over balances, one-time funding for the Educator Effectiveness and Prop 39 Energy Jobs grants and a drop in the level of funding for one-time mandate reimbursements. Local revenues and transfers in from other funds are expected to be unchanged from current year amounts.

Revenues in 2017-18 are currently projected to total \$247.4 million. LCFF revenues are estimated to increase by another \$8.2 million in 2017-18 to a total of \$201.4 million. Most of this increase will be dedicated to supplemental/concentration funding. State revenues are expected to drop again in 2017-18, losing \$4.0 million in one-time mandate funding with federal and local revenues and other sources/transfers in remaining stable.

LCFF revenues include a transfer out to Deferred Maintenance of \$1.5 million in all years.

EXPENDITURES

Step and column costs are those costs associated with movement across and down the salary schedules for added years of service and education. Step and column costs in the multi-year projection are assumed to be approximately equivalent to an annual increase of 1.0% to all salaries and fixed salary costs. Aside from the 2% increase for

all bargaining unit members that went into effect July 1, 2015 and a \$1,500 per FTE increase to the health and welfare cap for Hemet Teachers Association members, the Second Interim budget includes an additional 1.5% pay increase retroactive to July 1 for all employee groups, as well as a 1.0% increase for HTA, management and confidential employees retroactive to January 1, 2016. No other salary increases have been included in the district's multi-year projections for any of the remaining two years of the projection. The cap on employee health benefits is assumed to remain unchanged throughout the projection period. Employee benefit costs in the two out-years include the increased rates for both STRS and PERS. The rates for STRS and PERS used in the multi-year projection are listed in the table on the prior page.

Budgeted expenditures for 2016-17 are projected to increase by approximately \$11.7 million in the Combined General Fund to a total of \$246.2 million. The overall increase in expenditures is related in part to spending down about 50% of the Educator Effectiveness funds that were received in 2015-16. Increased costs also include step and column movement, staff added to reduce class size, LCAP growth and expenses related to opening a new elementary school in 2017-18. In total, \$7.2 million in expected added costs for new or expanded LCAP initiatives are included in the budget estimates for 2016-17. Estimated costs for LCAP growth have been budgeted in all expenditure categories as a place holder.

The various expenditure budget increases are off-set by reductions in capital outlay related to the fall off of the Prop 39 Energy Jobs project.

2017-18 expenses are shown to increase by \$11.6 million to \$257.8 million. The increase is related to LCAP expansion in the amount of \$4.4 million, opening Hemet Elementary, STRS/PERS increases, step and column costs, and staffing growth to reduce class sizes.

ENDING BALANCE

The combined general fund ending balance is projected to see some decline during the three year projection. At the end of the 2017-18 year, the general fund ending balance is currently projected to be \$15.6 million, which is down \$12.8 million from the current year projected ending balance. The 5.0% reserve will grow to approximately \$12.9 million by the end of the projection period. The ending balance in all years is made up of funds committed for LCFF gap funding contingency, LCAP growth, restricted program carry over and other purposes.

As the district opens up budget discussions for the 2016-17 fiscal year, the multi-year assumptions presented in this report will be re-evaluated.

ENROLLMENT AND ADA

Enrollment and ADA are expected to remain flat over the two years of the projection

CERTIFICATION

Based on the assumptions presented in this report, the district expects to meet its financial obligations in the current year and next two years. The district will self-certify a positive status in the 2015-16 Second Interim Report.

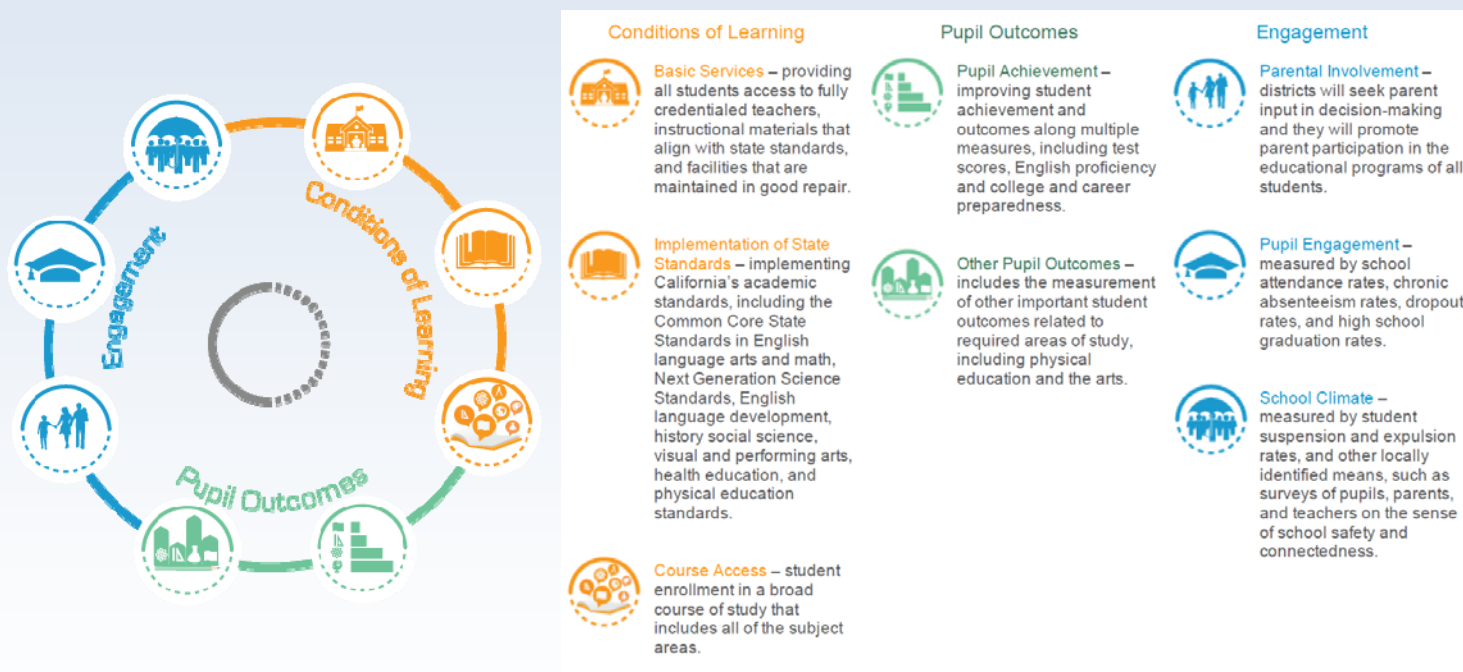

LOCAL CONTROL ACCOUNTABILITY PLAN (LCAP) MINIMUM PROPORTIONALITY PERCENTAGE (MPP)

As part of the Education Code that authorized the Local Control Funding Formula, Local Control Accountability Plans (LCAP) are required from school districts. The LCAP is a three-year plan that includes goals for all pupils for which the district receives supplemental and concentration funding and all other identified pupil subgroups. Those goals are to be achieved by addressing eight educational priorities identified by the state and any local priorities identified by each school district. The LCAP must align with the district's annual budget.

LCFF funds that are targeted for supplemental and concentration funds are calculated in the LCFF worksheets provided by FCMAT. The calculation is called the Minimum Proportionality Percentage or MPP and is used to identify funds that can be attributed to supplemental/concentration funds annually until the LCFF is fully funded. This worksheet is included in the appendix section of this report. At adopted budget, the estimated MPP for 2015-16 was 22.15% or \$32.4 million. For First Interim, the 2015-16 MPP rate has been revised to 21.86% and the MPP dollar amount adjusted to \$31.98 million. The MPP dollar amount is calculated by subtracting prior year expenditures for unduplicated students from the target supplemental/concentration funds and then applying the LCFF gap percentage to the difference. The MPP percentage is calculated by dividing the MPP dollar amount by the fully funded base entitlement.

Hemet Unified presented its 2015-16 LCAP for a public hearing and approval in June 2015. The plan included 60 items totaling over \$34.0 million dollars in projected costs. The number of LCAP initiatives and their cost has doubled over the prior year as the district works toward fulfilling the state and local goals to meet the needs of its students. The 2015-16 LCAP list was made up of initiatives continued from the prior year in addition to many new programs and services. There are items on the list that the district was able to implement immediately, while others have taken time to get staff and supplies in place. As a result, some costs will be lower than originally anticipated.

A full list of LCAP items approved for 2015-16, along with the updated projected cost for each is presented in the appendix of this report. Due to late implementation, lower than expected expenditures and other factors, it is expected not all the funds directed toward 2015-16 LCAP initiatives will be fully expended by June 30th. Any unspent resource will be used to support the 2016-17 LCAP.

Charter School Fund (09)

Hemet Unified operates two district-sponsored charter schools. Western Center Academy (WCA) serves students in grades six through eleven. Grade 12 students will be phased in for the 2016-17 school year. The school's instructional program focuses on math, science and technology. WCA is located at the Western Science Center adjacent to Diamond Valley Lake.

College Prep High School is an alternative high school that offers curriculum acceleration through a technology assisted hands-on learning model. Hemet USD is in the process of phasing out College Prep and merging it with the district's independent study high school, Helen Hunt Jackson College Prep HS. The merger is expected to be complete at the end of the 2016-17 school year. This move will result in a single non-charter high school with a blended seat-based/independent study program.

Revenues and expenditures for the district sponsored charter schools are reported separately in Fund 09 Charter School Special Revenue Fund. Revenues are based on students' average daily attendance and other factors. Funding for the charter schools comes from the state in the form of the Local Control Funding Formula and other various federal, state and local sources. Both charter schools receive funding for special education through the Riverside County SELPA and lottery revenue from the state based on charter ADA. In addition, WCA receives state funding as a reimbursement for a portion of its facilities rental expenses at the Western Science Center.

ENROLLMENT and ADA

Combined enrollment at the two charter schools are preliminarily reported at 610. There are 69 students enrolled at CPHS and 541 at WCA. CPHS's unduplicated pupil count is reported at 44 or 63.55% while WCA has a UPC of 159 or 29.39%. ADA for funding purposes at CPHS is projected to be 64.63. WCA's ADA is projected at 529.58.

REVENUE

Total revenue for both charter schools in 2015-16 is projected to be \$5.9 million. At this time, a slight decrease of \$8,937 is made to combined charter school revenue budgets. Minor adjustments are being made to LCFF receipts to account for adjustments to ADA and the gap percentage. State revenues are increased to for adjustments to projected lottery receipts.

EXPENDITURES

Total expenditures for Hemet Unified's charter schools at Second Interim are projected to be \$5.6 million, an increase of approximately \$238,702 from January 31 budgeted amounts, The growth in expenditures is related to the salary increases for employees at both charter schools along with additional expenses in the Services/Operating Expenditures category.

Ending Balance	\$ 1,655,371	(\$ 247,639)	\$ 1,407,732

SOURCES/USES/CONTRIBUTIONS

\$328,175 remains budgeted as transfers out (to other funds) and is related to transfers from both schools to the district's general fund for special education costs. This amount is unchanged from the adopted budget.

Under Memorandums of Understanding with both schools, the district's restricted general fund will support all costs associated with special education services for charter students. In return, all special education related revenue received for charter students in Fund 09 will be transferred to the restricted general fund. The MOU's also provide fees and rates that can be charged to the charters for district services such as student attendance reporting, payroll processing, financial reporting, human services activities and technology support.

FUND BALANCE

The beginning fund balance in the Charter Fund for the 2015-16 year is \$1.1 million. Revenues are expected to exceed expenses by \$304,207. This will bring the projected ending balance to \$1,407,732. College Prep's portion of the ending balance is expected to be \$41,272 and WCA's ending balance is expected to be \$1,366,460.

Because charter schools are subject to the risks of LCFF gap funding at non-charter schools, they are advised to keep sufficient reserves in the event LCFF gap revenues are not distributed as projected.

MULTI-YEAR PROJECTIONS AND CASH FLOW

Financial data as of January 31, multi-year projections and cash flow reports are available in separate Second Interim reports for each school. It is anticipated CPHS will need periodic temporary cash loans from the district's Self-Insurance Fund—Fund 67 to cover cash shortfalls through the end of the fiscal year. WCA is expected to have sufficient cash to cover all obligations during the 2015-16 year. Both schools are also expected to maintain positive ending balances throughout the three years of the projection.

Multi-year projections show CPHS with an ending balance at zero at the end of the 2016-17 year when it is planned to complete its merger with Helen Hunt Jackson College Prep High School and close down. The process to dispose of any remaining CPHS assets after its closure are outlined in the school's charter.

Western Center's multi-year projection includes continued expansion into grade 12 for 2016-17. Revenues are increased to correspond with the increased enrollment and ADA. Expenses are also increased to account for additional staffing and supplies to serve the added students. WCA revenues are anticipated to exceed expenses slightly in 2016-17, but the school may see deficit spending in 2017-18 with its ending balance dropping to \$1.2 million.

Included in the multi-year projections for WCA are added costs related to new LCAP initiatives that may be proposed by the district's charter schools. WCA's unduplicated pupil count (UPC) is below the 55% level required to receive concentration grant funds. Because the school's UPC is lower than 55%, it is also restricted to spending its supplemental funding on a more targeted basis than is required for districts or charters with higher UPC percentages. By the time LCFF is fully implemented, calculations show WCA should be spending approximately 5% of its total LCFF allocation on increased or improved services for students for which the school earns supplemental funding.

Other District Funds

The following budget changes are being made to other district funds in the First Interim report:

- ◇ Fund 11 Adult Education Fund—Revenue and expenditure budgets for Fund 11 are increased by \$122,800 to account for the Adult Ed consortium portion of the Adult Ed block grant passed through from MSJC. Transfers in are increased by \$30,150 and represent the prior year ending balance that remained in the general fund Adult Ed account.
- ◇ Fund 12 Child Development Fund—Revenues and expenditures are being increased by \$211,865 to account for the added revenue for expansion slots awarded to the state preschool program and associated costs for staff.
- ◇ Fund 13 Cafeteria Fund—An increase of \$365,000 is made to federal revenue for expected increase in reimbursements through the National School Lunch Program (NSLP). Expenditures in Fund 13 show an increase of \$332,963 for miscellaneous adjustments to projected costs. The net change to Fund 13's ending balance is an increase of \$32,037.
- ◇ Fund 63 Other Enterprise Fund (Transportation)—Second Interim adjustments for Fund 63 include decreases of \$2.8 million for contract revenues with an equivalent reduction to expenditure budgets for no net change to the projected ending balance. Adjustments are related to the Los Angeles and Moreno Valley area contracts and field trips for all contracts. An audit adjustment, reducing the beginning balance by \$351,182 was posted subsequent to the First Interim report.

The table below is a summary of the Second Interim budgets for all other district funds, excluding Fund 09 -Charter School Fund. Fund 09 was reported in the previous section of this report.

CASH OPTIONS SURVEY

- ✓ Deferral Exemptions: Our understanding is that the state has approved all district and charter school deferral exemption requests thus far. Therefore, our office urges both districts and charter schools to consider this option. Our office will continue to forward information on the exemption process as it becomes available. **As the county superintendent of schools is required to certify all district exemption requests, please allow our office at least ten working days to review and submit the applications to the CDE and the Department of Finance prior to the statutory deadlines.**

- ✓ Tax and Revenue Anticipation Notes (TRANS): TRANS are short term debt instruments used to finance cash flow deficits in anticipation of receiving taxes and other revenues. Although TRANS are more readily available than some of the other options listed, they may be time consuming, and in recent years, a more expensive means of financing cash flows. Depending on the period issued, a TRANS is classified as a “mid-year,” if a district issues sometime after the beginning of the fiscal year, or as a “cross-year,” if one crosses fiscal years. Districts repay TRANS with revenues attributable to the same fiscal year. Therefore, districts repay a cross-year TRANS with revenues deferred from one fiscal year to the next. Districts may issue a TRANS on a stand-alone basis, or in a pool, or grouping of several school districts. **Our office recommends districts evaluate both alternatives to determine the most cost-effective approach prior to pursuing this option.** Finally, once received, please be sure to include the TRANS and its set-asides or repayments in the district’s cash flow projections.

- ✓ Internal Temporary Borrowing: California Education Code (EC) Section 42603 authorizes school districts to temporarily transfer monies from one fund or account to another for the purpose of short-term borrowing. Districts are to repay transferred amounts either in the same fiscal year, or if the transfer takes place within the final 120 calendar days of the fiscal year, in the subsequent fiscal year. Please be sure to include the temporary loans and repayments in the district’s cash flow projections, even if reinstating in the next fiscal year. Certain temporary loans, such as those from the Capital Facilities Funds (Fund 25), require the repayment of interest earned (Government Code Sections 66006 and 66013).

- ✓ Riverside County Office of Education: EC Sections 42621 and 42622 authorize the county superintendent of schools to issue temporary cash loans to districts with insufficient funds to meet current operating expenses. Please note this option, subject to the county board of education’s approval, is limited by RCOE’s cash balance. Please contact our office as soon as possible if the district anticipates making such a request.

- ✓ County Board of Supervisors: EC Section 42620 and Article 16, Section 6, of the California Constitution authorize the county board of supervisors to loan funds to school districts. As with RCOE temporary loans, this option is limited by the county’s cash balance. Additionally, our office’s understanding is this option may not be feasible at this time. Therefore, please contact our office immediately if the district anticipates needing this option.

- 1a. STANDARD NOT MET - Projected P-2 ADA to enrollment ratio exceeds the standard in any of the current year or two subsequent fiscal years. Provide reasons why the projected ratio exceeds the district's historical average ratio by more than 0.5%.

Explanation:
(required if NOT met)

Criteria met; historicval average is 95%; ratio for three years range between 95.1% and 95.4%

4. CRITERION: LCFF Revenue

STANDARD: Projected LCFF revenue for any of the current fiscal year or two subsequent fiscal years has not changed by more than two percent since first interim projections.

DATA ENTRY: Enter an explanation if the standard is not met.

- 1a. STANDARD NOT MET - Projected LCFF revenue has changed since first interim projections by more than two percent in any of the current year or two subsequent fiscal years. Provide reasons why the change(s) exceed the standard and a description of the methods and assumptions used in projecting LCFF revenue.

Explanation:
(required if NOT met)

Release of January Governor's 2016-17 budget included an increase in LCFF gap funding percentages for 2016-17 to 49.08% from the 35.55% in the current year enacted budget that was used in the 2015-16 First Interim.

5. CRITERION: Salaries and Benefits

STANDARD: Projected ratio of total unrestricted salaries and benefits to total unrestricted general fund expenditures for any of the current fiscal year or two subsequent fiscal years has not changed from the historical average ratio from the three prior fiscal years by more than the greater of three percent or the district's required reserves percentage.

It is likely that for many districts the 2014-15 and 2015-16 change from the historical average ratio will exceed the standard because certain revenues that were restricted prior to the LCFF are now unrestricted within the LCFF.

5A. Calculating the District's Historical Average Ratio of Unrestricted Salaries and Benefits to Total Unrestricted General Fund Expenditures

DATA ENTRY: Unaudited Actuals data that exist for the First Prior Year will be extracted; otherwise, enter data for the First Prior Year. Unaudited Actuals data for the second and third prior years are preloaded.

S8. Status of Labor Agreements

Analyze the status of employee labor agreements. Identify new labor agreements that have been ratified since first interim projections, as well as new commitments provided as part of previously ratified multiyear agreements; and include all contracts, including all administrator contracts (and including all compensation). For new agreements, indicate the date of the required board meeting. Compare the increase in new commitments to the projected increase in ongoing revenues and explain how these commitments will be funded in future fiscal years.

If salary and benefit negotiations are not finalized, upon settlement with certificated or classified staff:

The school district must determine the cost of the settlement, including salaries, benefits, and any other agreements that change costs, and provide the county office of education (COE) with an analysis of the cost of the settlement and its impact on the operating budget.

The county superintendent shall review the analysis relative to the criteria and standards and may provide written comments to the president of the district governing board and superintendent.

S9. Status of Other Funds

Analyze the status of other funds that may have negative fund balances at the end of the current fiscal year. If any other fund has a projected negative fund balance, prepare an interim report and multiyear projection for that fund. Explain plans for how and when the negative fund balance will be addressed.

S9A. Identification of Other Funds with Negative Ending Fund Balances

DATA ENTRY: Click the appropriate button in Item 1. If Yes, enter data in Item 2 and provide the reports referenced in Item 1.

1. Are any funds other than the general fund projected to have a negative fund balance at the end of the current fiscal year?

No

If Yes, prepare and submit to the reviewing agency a report of revenues, expenditures, and changes in fund balance (e.g., an interim fund report) and a multiyear projection report for each fund.

2. If Yes, identify each fund, by name and number, that is projected to have a negative ending fund balance for the current fiscal year. Provide reasons for the negative balance(s) and explain the plan for how and when the problem(s) will be corrected.

ADDITIONAL FISCAL INDICATORS

The following fiscal indicators are designed to provide additional data for reviewing agencies. A "Yes" answer to any single indicator does not necessarily suggest a cause for concern, but may alert the reviewing agency to the need for additional review.

DATA ENTRY: Click the appropriate Yes or No button for items A2 through A9; Item A1 is automatically completed based on data from Criterion 9.

- A1. Do cash flow projections show that the district will end the current fiscal year with a negative cash balance in the general fund? (Data from Criterion 9B-1, Cash Balance, are used to determine Yes or No)

- A2. Is the system of personnel position control independent from the payroll system?

- A3. Is enrollment decreasing in both the prior and current fiscal years?

- A4. Are new charter schools operating in district boundaries that impact the district's enrollment, either in the prior or current fiscal year?

- A5. Has the district entered into a bargaining agreement where any of the current or subsequent fiscal years of the agreement would result in salary increases that are expected to exceed the projected state funded cost-of-living adjustment?

- A6. Does the district provide uncapped (100% employer paid) health benefits for current or retired employees?

- A7. Is the district's financial system independent of the county office system?

- A8. Does the district have any reports that indicate fiscal distress pursuant to Education Code Section 42127.6(a)? (If Yes, provide copies to the county office of education.)

- A9. Have there been personnel changes in the superintendent or chief business official positions within the last 12 months?

When providing comments for additional fiscal indicators, please include the item number applicable to each comment.
