Alessandro High School's Mission Statement

Alessandro High School provides a variety of alternative educational experiences, helping at risk students achieve high academic and social success while preparing for college and career goals.

Alessandro High School's Vision Statement

Alessandro High School is committed to building personal connections with students while providing the academic means and career pathways to become lifelong learners and productive citizens.

Expected Schoolwide Learning Results (ESLRS) D.R.E.A.M.

- DO IT! Students will complete state and local graduation requirements.
- RESPONSIBLE BEHAVIOR Students will learn responsible behavior.
- ESTEEM Students will enhance self esteem and self understanding.
- ACADEMIC PLAN Students will learn standards based academic skills.
- MULTICULTURAL AWARENESS Students will develop cultural awareness and understanding.

School Profile

Located on the Santa Fe Education Center is Alessandro High School, the Hemet Unified School District's only continuation school with an enrollment at any given time of 500 students. Alessandro High School offers two educational options for students. The "Alessandro" program provides teacher-directed instruction and the Accelerated Core Education (ACE) provides a computer-based learning program. Both programs serve students age 16 or older who are in eleventh or twelfth grade and are still subject to compulsory education to complete the requirements necessary for graduation. Enrollment is open entry, open exit for both programs; meaning that new students start every other week and other students may move to more appropriate programs, or upon completion of requirements, graduate. Another educational option program for anyone 18 years of age or older is Hemet Adult School.

Alessandro High began accepting students in September 1970 under the guidance of founders Jim Smith and Gene Senier. Alessandro's beginnings were modest. Classes were held in the cafeteria and library of the "old" Hemet High School, located on Devonshire Street. Alessandro then moved to an old farm house. In 1972 Alessandro moved to 141 N. Ramona St. and stayed there until a new campus located on San Jacinto Street opened on Feb. 13, 1990. During the summer of 2011 the Santa Fe Education Center was created when Alessandro and Hemet Adult School moved to the original Hemet High School campus at 831 E. Devonshire Avenue. A total of seven different educational option programs are now housed at this site providing a variety of learning environments to meet the needs of diverse learners. Despite the moves and changes, Alessandro graduates still say the staff's caring attitude and one-on-one attention are traits they value most about their high school.

Alessandro High School has been fully accredited by the Western Association of Schools and Colleges since 1985 and was named by the State of California as a "California Model Continuation School" in 2007. The staff at Alessandro High School consists of 1.5 clerical, one custodian, sixteen teachers, one aide, 2.5 campus supervisors; one health tech and one half-time hour library clerk, one counselor, and one assistant principal, and one principal. The AdvancePath Academics staff consists of four full-time teachers, one clerical, one IT technician and one part-time community liaison and a 4 hour evening campus supervisor. Of the certificated staff, more than half have advanced degrees and both classified and certificated participate in inservice training.

Principal's Message

I am honored to serve as a principal of three schools/programs located on the Santa Fe Education Center; Alessandro High School, Accelerated Core Education (ACE), and Hemet Adult School. Students attending any of these programs will quickly come to know that they have an option for their education. Our dedicated staff strives to provide a quality education to each individual student that will prepare them for further educational or career goals. It is our mission in the Twenty-first Century, to provide the necessary education to every individual in our community that desires an alternative means of achieving their educational goal. We invite anyone and everyone to visit our web site, check out our offerings and join us.

District Profile

Hemet Unified School District covers one of the largest geographic areas of any district in California. It covers over 700 square miles of very diverse topography; from valley flatlands, to foothills, to mountains. It serves a growing community with a current enrollment of over 21,157 students. Preschool centers at nine school locations, eleven elementary schools (K-5), three elementary/middle schools (K-8), four middle schools (6-8), four comprehensive high schools (9-12), one continuation high school (11-12), a vocational education focused charter high school, a science-based charter Middle School, an Adult Education Center, Independent Study Programs, a Home School Program, and a self-paced on-line instruction program offer a wide variety of learning opportunities for students of all ages.

Educational programs are designed to be flexible enough to provide a positive educational environment for all students, yet structured enough to ensure attainment of the California Content Standards and passing the California High School Exit Exam. With the support of the community, school staffs have developed highly successful programs in music, agriculture, and athletics.

Hemet Unified School District's Core Values

1. It is the District's responsibility to provide a structure and framework in which students and staff can succeed.
2. All students can develop their intellect and improve their academic achievement level in each subject each year.
3. It is the District's responsibility to recruit, train and retain the very best staff to work in the Hemet Unified School District.
4. Good first teaching is the most powerful tool for improving student achievement.
5. It is the District's responsibility to provide alternative education opportunities that create pathways to success for students who do not do well in a traditional setting.
6. The maintenance and development of students' nutritional and physical well being supports and enhances intellectual development and academic achievement.
7. Participation in activities such as academic competitions, music, drama, sports, clubs and other "non-academic" endeavors develops the human spirit and provides balance between the intellectual, physical and emotional/social development of our students.
8. The quality of interaction with our community, the quality of our published works and the state of our facilities all reflect what we think of ourselves as a district.
9. It is the District's responsibility to respond positively to the changing needs of our community and students.
10. It is the District's responsibility to ensure that the allocation of fiscal resources supports the Core Values of the District.

About the SARC

Every school in California is required by state law to publish a School Accountability Report Card (SARC), by February 1 of each year. The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- View this SARC online at the school and/or LEA Web sites.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents and community members should contact the school at (951) 765-5182.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2014-15)

A District committee considers textbooks for recommendation on a cycle established by the State Board of Education and from a State adopted list. The committee meets to discuss current issues relevant to the subject matter, including student success, previously used textbooks, and instructional methods. The committee reviews demonstration copies of proposed textbooks, as well as listen to representatives describe the various highlights of the available materials. The review is followed by a pilot of materials that results in consensus by the committee of a recommended textbook. The textbook is forwarded to a K-12 Curriculum Council, which consists of teachers, parents, and community stakeholders, for review and approval. If the textbook is approved by the K-12 Curriculum Council, the textbook is forwarded to the Superintendent and the Governing Board for their review and approval. Each pupil in the district, kindergarten through grade twelve, is provided with standards-aligned textbooks or basic instructional materials that are consistent with the content and cycles of the curriculum framework adopted by the State Board.

AB 1246, added Education Code Section 60210, which allows the district to use any instructional materials, not just state-adopted, as long as they are aligned with the academic content standards. The EC 60119 has a new section (e) with a reference to the Common Core State Standards (CCSS). The section states: "For the purpose of transitioning to instructional materials that are aligned with the common core academic content standards, it is the intent of the Legislature that textbooks, instructional materials, and supplemental instructional materials be deemed to be aligned with the content standards pursuant to subdivisions (a) and (c), and be deemed consistent with the content and cycles of the curriculum framework adopted by the state board pursuant to subdivision (a) if the textbooks, instructional materials, supplemental instructional materials, or a combination of any such materials are aligned to the content standards adopted pursuant to Section 60605 or 60605.8." This addition means that materials aligned to either the 1997 standards or the 2010 CCSS standards for mathematics and English Language Arts are compliant with Williams Act requirements. In accordance with Education Code Section 60422(a) and 60119, the Governing Board certified on 09/02/14 that each pupil in the district, in kindergarten through grade twelve, has been provided with standards-aligned textbooks or basic instructional materials in each of the areas listed below:

School Facility Conditions and Planned Improvements (Most Recent Year)

The Santa Fe Education Center was created in 2011. Facilities designed for Alessandro include 10 permanent classrooms, six relocatable classrooms, a permanent administration building, a permanent food services building with adjacent multi-purpose room that seats 250. Currently, the Adult Education program share the same facilities as Alessandro. The Accelerated Core Education (ACE) programs utilize three permanent classrooms and share the other larger facilities. A gymnasium and outdoor facilities are available for use by the Physical Education classes.

Alessandro High School is one of four educational option programs sharing the facilities at the Santa Fe Education Center.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the Pupil Achievement State Priority (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress and its successor the Standardized Testing and Reporting Program);
- The Academic Performance Index; and
- The percentage of pupils who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement

Name of Person to Contact: Tara O'Malley

Phone Number: (951) 765-5182

All parents of Alessandro students are required to attend an orientation meeting prior to their student's attendance at Alessandro High School or Accelerated Core Education (ACE). In that meeting parents are advised of the many opportunities they will have to become involved in their student's education. School-wide meetings are conducted every semester so parents can meet with their student's advisor, discuss their student's academic progress and review their most current graduation plan. In addition, parents/guardians of Alessandro students are encouraged to join the School Site Advisory Council. Through this council, parents/guardians will become involved in ongoing planning, review, and improvements at Alessandro. The Title I committee, a sub committee of the Advisory Committee, provide Title I parents with the opportunity to become involved in the operational decisions pertaining to their Title I students academic improvement. The English Language Advisory Committee, ELAC, provides parents/guardians of English Learning students the opportunity to be part of the decision-making committee to ensure students are making academic progress and will be prepared to be successful post graduation. The school's attendance staff and counselor consistently confer with parents about attendance issues and utilize parent conferences to inform parents of academic progress. The principal has an open door policy and invite parents to visit the school at their convenience.

Parent involvement opportunities are available to all parents at all schools. These offerings are available in both English and Spanish. These opportunities include, Parent Project® (secondary), Parent Project Jr.® (elementary), District English Learner Advisory Committee (DELAC), District Advisory Committee (DAC), Parent Engagement Leadership Institute (PELI), and a district-wide PTA/ELAC community event, named, "Hemet Posada," and the District Curriculum Council.

State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

COMPREHENSIVE SCHOOL SITE SAFETY PLAN

Board approved: October 8, 2013

Per Board Policy 0450 and Education Code 32288, the school safety plan shall take into account the school's staffing, available resources, and building design, as well as other factors unique to the site. Each school shall review and update its safety plan by March 1 of each year. New school campuses shall develop a safety plan within one year of initiating operations. (Education Code 32286). Each school shall forward the safety plan to the Board for approval. (Education Code 32288). The Board shall review the comprehensive districtwide and/or school safety plan(s) in order to ensure compliance with state law, Board policy, and administrative regulation. The Board shall approve the plan at a regularly scheduled meeting. A copy of the Safe School Plan is available at the school site.

The Comprehensive Safe School Plan includes data regarding California Healthy Kids Survey, crime, safe school procedures and compliance with laws including: (1) child abuse reporting, (2) disaster response, (3) suspension and expulsion policies, (4) notification of teachers of dangerous pupils, (5) sexual harassment, (6) schoolwide dress codes prohibiting gang-related apparel, (7) procedures for safe ingress and egress from school, (8) procedures to ensure a safe and orderly environment conducive to learning, and (9) rules and procedures on school discipline adopted pursuant to Ed Code Sections 35291 and 35291.5.

Fire drills are conducted monthly and a disaster preparedness plan exists for emergencies. Staff is trained in emergency procedures, including evacuation routes and safety checks.

Alessandro strives to provide a safe and secure campus. All visitors and volunteers are required to sign in at the office, state their business at the school and show identification. They are then provided with a nametag to wear while on school grounds. A safe, secure teaching and learning environment is of the highest priority to Alessandro administration.

Supervision is assigned with the maximum coverage before and after school and at lunches. Walkie talkies provide communication on campus with administrators. The Riverside Sheriff and Hemet Fire Departments respond quickly to calls for assistance.

Professional Development provided for Teachers at Alessandro High School

The school district provides certificated and classified members with opportunities for professional growth and training in a variety of programs. During the last three years (2011-2015), over 650 days of professional training has been provided through the Hemet Unified School District Professional Development Academy. The training provided through the Academy allows teachers, administrators and paraprofessionals to become highly skilled at providing quality leadership, instruction, and support to the district's students.

Since the adoption of the Common Core Standards, the primary focus of the Professional Development Academy has been on the implementation and support of California Common Core Standards in English Language Arts and Mathematics. Thirteen Academic Coaches provide ongoing support and training in the skillful delivery of the newly adopted standards. Additionally, the Academic Coaches provide a variety of district and site based trainings based on data. Achievement data is used to determine site support and priorities for professional development opportunities. The PDA also supports our new teachers through our Center for Teacher Innovation (CTI) Induction Program.

Administrators and Teachers are provided specific professional development to implement and support new and on-going instructional programs. Professional development is delivered through trainings on-site, at the District Professional Development Academy, and conferences. As new initiatives and instructional programs are implemented, Academic Coaches assigned to specific sites offer coaching support and additional training.
