Principal's Message...

Welcome to the 2014 – 2015 school year! As the principal of Hamilton High School, I look forward to a fantastic school year. Hamilton High has had recent success both academically and athletically. I feel very privileged to be the leader of such a prideful community. Together we will continue to have success as we strive to attain many worthwhile school goals. These future goals include becoming Hemet Unified School District's highest academic school, improving our graduation percentage to 100%, implementing additional challenging college readiness courses, and preparing all of our students for college and careers.

Hamilton High has an incredibly dedicated staff. The staff is committed to serving all of Hamilton's students. In order to assist these passionate professionals and our kids, we must continue to build strong partnerships. It is through relationships, discipline, expectations and accountability where we will improve on what is already in place. The importance of a good start for our incoming freshman and new students is essential and begins in August at our fresh start orientation. Great schools have parental involvement and support. With a partnership between school and home, our students will be on track for success towards graduation and career.

Hamilton High will continue to create support programs as well as extra-curricular opportunities through sports and clubs. Our programs provide assistance to students who are attempting to raise their academic achievement and become involved in their school. This year we are implementing a new system called BARR. This system will effectively track all of our freshman as they transition into high school through new social and academic challenges. High school is a memorable time in everyone's life, let's all commit to making these memories successful, positive and long lasting. We are all on the same team but it will take every single one of us to move Hamilton High to its true potential.

Students, we encourage you to participate in school activities. We are always looking out for your best interests as well as your progress towards success as young adults. A good start to a student's school year will require self discipline, preparation, hard work and respect for everyone at our school.

I look forward to working with all of you as we strive to achieve our goals. Have a great 2014 – 2015 school year!

Sincerely,

Dave Farkas
Principal

Vision, Mission, & ESLRs

VISION STATEMENT

Hamilton High School will be a positive, respectful, safe, and collaborative learning environment that provides all students with rich and challenging educational opportunities that create and motivate an appreciation for learning while developing the skills necessary to lead productive adult lives.

MISSION STATEMENT

Hamilton High School is a learning community dedicated to fostering student success through a solid academic foundation and maximizing intellectual potential in each individual within an environment that nurtures student involvement in a variety of formative experiences.

Hamilton's Expected Schoolwide Learning Results
ESLRs (CATS)

Communicate effectively

Access, assimilate, and apply information through various means

Think critically and problem solve

Seek academic success through efficient organizational and time management skills

School Profile

Hamilton, a comprehensive high school serving students in grades 9-12 school, is located in the high country of Anza. The school population is drawn from a rural environment, which includes Aguanga, Anza, and Garner Valley, and Mountain Center as well as the Cahuilla, Ramona, and Santa Rosa reservations.

Hamilton High School is dedicated to provide a curriculum aligned with Hemet Unified School District and California State Standards. Hamilton's staff believes that this institution is for and about young people and that everything done must be planned with an eye toward the impact every decision will have on every student's personal growth and development as well as on their academic success.

District Profile

Hemet Unified School District covers one of the largest geographic areas of any district in California. It covers over 700 square miles of very diverse topography; from valley flatlands, to foothills, to mountains. It serves a growing community with a current enrollment of over 21,157 students. Preschool centers at nine school locations, eleven elementary schools (K-5), three elementary/middle schools (K-8), four middle schools (6-8), four comprehensive high schools (9-12), one continuation high school (11-12), a vocational education focused charter high school, a science-based charter Middle School, an Adult Education Center, Independent Study Programs, a Home School Program, and a self-paced on-line instruction program offer a wide variety of learning opportunities for students of all ages.

Educational programs are designed to be flexible enough to provide a positive educational environment for all students, yet structured enough to ensure attainment of the California Content Standards and passing the California High School Exit Exam. With the support of the community, school staffs have developed highly successful programs in music, agriculture, and athletics.

Hemet Unified School District's Core Values

1. It is the District's responsibility to provide a structure and framework in which students and staff can succeed.
2. All students can develop their intellect and improve their academic achievement level in each subject each year.
3. It is the District's responsibility to recruit, train and retain the very best staff to work in the Hemet Unified School District.
4. Good first teaching is the most powerful tool for improving student achievement.
5. It is the District's responsibility to provide alternative education opportunities that create pathways to success for students who do not do well in a traditional setting.
6. The maintenance and development of students' nutritional and physical well being supports and enhances intellectual development and academic achievement.
7. Participation in activities such as academic competitions, music, drama, sports, clubs and other "non-academic" endeavors develops the human spirit and provides balance between the intellectual, physical and emotional/social development of our students.
8. The quality of interaction with our community, the quality of our published works and the state of our facilities all reflect what we think of ourselves as a district.
9. It is the District's responsibility to respond positively to the changing needs of our community and students.
10. It is the District's responsibility to ensure that the allocation of fiscal resources supports the Core Values of the District.

About the SARC

Every school in California is required by state law to publish a School Accountability Report Card (SARC), by February 1 of each year. The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- View this SARC online at the school and/or LEA Web sites.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents and community members should contact the school at (951) 763-1865.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2014-15)

A District committee considers textbooks for recommendation on a cycle established by the State Board of Education and from a State adopted list. The committee meets to discuss current issues relevant to the subject matter, including student success, previously used textbooks, and instructional methods. The committee reviews demonstration copies of proposed textbooks, as well as listen to representatives describe the various highlights of the available materials. The review is followed by a pilot of materials that results in consensus by the committee of a recommended textbook. The textbook is forwarded to a K-12 Curriculum Council, which consists of teachers, parents, and community stakeholders, for review and approval. If the textbook is approved by the K-12 Curriculum Council, the textbook is forwarded to the Superintendent and the Governing Board for their review and approval. Each pupil in the district, kindergarten through grade twelve, is provided with standards-aligned textbooks or basic instructional materials that are consistent with the content and cycles of the curriculum framework adopted by the State Board.

AB 1246, added Education Code Section 60210, which allows the district to use any instructional materials, not just state-adopted, as long as they are aligned with the academic content standards. The EC 60119 has a new section (e) with a reference to the Common Core State Standards (CCSS). The section states: "For the purpose of transitioning to instructional materials that are aligned with the common core academic content standards, it is the intent of the Legislature that textbooks, instructional materials, and supplemental instructional materials be deemed to be aligned with the content standards pursuant to subdivisions (a) and (c), and be deemed consistent with the content and cycles of the curriculum framework adopted by the state board pursuant to subdivision (a) if the textbooks, instructional materials, supplemental instructional materials, or a combination of any such materials are aligned to the content standards adopted pursuant to Section 60605 or 60605.8." This addition means that materials aligned to either the 1997 standards or the 2010 CCSS standards for mathematics and English Language Arts are compliant with Williams Act requirements. In accordance with Education Code Section 60422(a) and 60119, the Governing Board certified on 09/02/14 that each pupil in the district, in kindergarten through grade twelve, has been provided with standards-aligned textbooks or basic instructional materials in each of the areas listed below:

School Facility Conditions and Planned Improvements (Most Recent Year)

On September 7, 1999, Hamilton School opened its new \$13.5 million secondary campus addition, including a new football field with an all-weather track and one set of bleachers which accomodates approximately 500 spectators. Also included in the project was new softball and baseball fields, which like the football field is equipped with an artificial turf surface. Hamilton added sixteen classrooms, including two science labs, two computer labs with state-of-the-art instructional tools, an art classroom complete with kiln for ceramics. In addition, Hamilton has a gymnasium with shower and locker facilities, a weight room, a theatrical stage with professional sound/light systems, seating for approximately 300, and a dining hall with indoor/outdoor eating areas. Portable classrooms have been replaced with new rooms.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the Pupil Achievement State Priority (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress and its successor the Standardized Testing and Reporting Program);
- The Academic Performance Index; and
- The percentage of pupils who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement

Parent involvement opportunities are available to all parents at all schools. These offerings are available in both English and Spanish. These opportunities include, Parent Project® (secondary), Parent Project Jr.® (elementary), District English Learner Advisory Committee (DELAC), District Advisory Committee (DAC), Parent Engagement Leadership Institute (PELI), and a district-wide PTA/ELAC community event, named, "Hemet Posada," and the District Curriculum Council.

Parent involvement opportunities are available to all parents at our school. These opportunities include, Booster and Advisory Committees, School Site Council, Back-To-School program, Parent/Teacher conferences, WASC Focus Groups, English Learner Advisory Committee (ELAC), District English Learner Advisory Committee (DELAC), District Advisory Committee (DAC) and individual BARR conferences. In addition to the on-site opportunities, parents have access to AERIES, our online student database with rights to view the areas of academic progress in each subject area and their daily attendance records. Our school website, hamiltonbobcats.net, is also available to parents which provides current information relevant to students, parents, staff, and the services we provide at Hamilton.

Parental Volunteerism is extensive and includes: fundraising, athletics, mentoring, tutoring, and committee participation.

The site addresses the six areas of parent involvement through their comprehensive school plan.

For more information, contact the site Principal, Mr. Dave Farkas at (951) 763-1865.

State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

Board approved: October, 8 2013

Per Board Policy 0450 and Education Code 32288, the school safety plan shall take into account the school's staffing, available resources, and building design, as well as other factors unique to the site. Each school shall review and update its safety plan by March 1 of each year. New school campuses shall develop a safety plan within one year of initiating operations. (Education Code 32286). Each school shall forward the safety plan to the Board for approval. (Education Code 32288). The Board shall review the comprehensive districtwide and/or school safety plan(s) in order to ensure compliance with state law, Board policy, and administrative regulation. The Board shall approve the plan at a regularly scheduled meeting. A copy of the Safe School Plan is available at the school site.

The Comprehensive Safe School Plan includes data regarding California Healthy Kids Survey, crime, safe school procedures and compliance with laws including: (1) child abuse reporting, (2) disaster response, (3) suspension and expulsion policies, (4) notification of teachers of dangerous pupils, (5) sexual harassment, (6) schoolwide dress codes prohibiting gang-related apparel, (7) procedures for safe ingress and egress from school, (8) procedures to ensure a safe and orderly environment conducive to learning, and (9) rules and procedures on school discipline adopted pursuant to Ed Code Sections 35291 and 35291.5.

A clean, safe, and secure teaching and learning environment is the highest priority to administration and staff. A disaster preparedness plan has been approved and exists for emergencies. Staff is trained in emergency procedures, including evacuation routes and safety checks. Supervision is assigned with the maximum coverage before and after school and at lunches. Walkie talkies provide communication on campus with administrators. The Riverside Sheriff and Fire Departments respond quickly to calls for assistance. In the event of a disaster, such as an earthquake during school hours, all students will be kept at school. They will not be released until a parent or parent designee arrives at the school to pick them up. Parents are requested to list their designees on the "Emergency Release" card sent home at the beginning of the school year. The office must be notified if home or business phone numbers are changed.

Most school gates are closed right after the morning bell rings and opened when school lets out to minimize access on campus during school hours. All classroom doors are locked during instructional minutes to provide a more safe and secure campus. All visitors and volunteers are required to sign in at the office, state their business at the school, and show identification. Visitors also sign-in through our Lobbyguard security system where they are provided with a photo I.D. to wear while on school grounds. They must return to sign out at the office at the end of their visit.

The school's physical facility is well maintained. District personnel periodically examine the school's physical facility regularly and help eliminate obstacles to school safety. Additionally, health and fire department inspectors contribute to the school safety. The classrooms are monitored for safety and appearance by administration and individual classroom teachers, custodians and administration. The pupils take pride in the appearance of their school. This school year the school has upgraded a new surveillance system to better monitor the campus and promote safety.

Pursuant to state and District guidelines, Hamilton has a disaster preparedness plan and students participate in fire and earthquake drills as well as lock-down procedures and stay in place procedures. Classrooms have posted evacuation charts, and are equipped with disaster packets and kits as well as fire extinguishers. The School Safety Committee chairpersons conduct monthly, campus-wide, safety inspections and twice yearly, the county fire marshal inspects. The committee includes the plant manager, health clerk, school Resource Officer, a campus supervision aide, and the assistant principal.

Professional Development provided for Teachers at Hamilton High School

The school district provides certificated and classified members with opportunities for professional growth and training in a variety of programs. During the last three years (2011-2015), over 650 days of professional training has been provided through the Hemet Unified School District Professional Development Academy. The training provided through the Academy allows teachers, administrators and paraprofessionals to become highly skilled at providing quality leadership, instruction, and support to the district's students.

Since the adoption of the Common Core Standards, the primary focus of the Professional Development Academy has been on the implementation and support of California Common Core Standards in English Language Arts and Mathematics. Thirteen Academic Coaches provide ongoing support and training in the skillful delivery of the newly adopted standards. Additionally, the Academic Coaches provide a variety of district and site based trainings based on data. Achievement data is used to determine site support and priorities for professional development opportunities. The PDA also supports our new teachers through our Center for Teacher Innovation (CTI) Induction Program.

Administrators and Teachers are provided specific professional development to implement and support new and on-going instructional programs. Professional development is delivered through trainings on-site, at the District Professional Development Academy, and conferences. As new initiatives and instructional programs are implemented, Academic Coaches assigned to specific sites offer coaching support and additional training.
