# **School Profile**

HELP is designed to be a short-term placement of one or two semesters for students who have been either expelled from a HUSD school or placed at HELP through a District process; School Attendance Review Board (SARB), Individual Educational Plan (IEP) or Student Study Team (SST). Students interact daily with highly qualified caring adults in classroom settings with low student-teacher ratios. Students and parents make a commitment to adhere to a specially designed attendance, behavior and academic contract upon enrolling. We provide an environment where students receive immediate reinforcement for positive behavior and immediate negative consequences for violations of school rules. Students and parents receive weekly notification regarding academic and social progress. Currently, we serve approximately 65-80 students in grades 6-12. The Hemet Unified School District has designed a longrange facilities improvement plan that will within the next year provide a more attractive, modern, commodious and safe facility for students and staff.

#### **District Profile**

Hemet Unified School District encompasses one incorporated city and numerous unincorporated communities within its 700+ topographically diverse square miles. We have 29 elementary and secondary schools with an enrollment of over 23,000 students. Agriculture still provides an important economic influence, as do other light and service industries. The rural flavor of the community still survives despite the rapid growth which has taken place in the area.

# Principal's Message

As principal of HELP, my goal is the creation of a learning environment that seeks to make a connection of a different kind with students. I want parents and students to know that when they come to HELP, students will be given a second chance to make academic and social strides. Our goal is for youngsters who may not have experienced success in school for many years to interact in a positive way with teachers and staff who are eager to work with at-risk students.

#### **HELP's Mission & Vision**

The mission of HELP is to prepare expelled students with behavioral challenges to be successful students upon returning to their comprehensive school campus. This mission shall be achieved through a school-wide commitment to meet the academic, social and emotional needs of at-risk students within a small school setting. HELP promotes the treatment of students as individuals deserving of dignity and respect.

Our goal is to provide a positive learning environment where students gain academic, social and emotional skills through a quality program of individual and group instruction. Students will experience accountability through positive rewards and strong boundaries enabling them to successfully return to their comprehensive schools.

#### **District Profile**

Hemet Unified School District covers one of the largest geographic areas of any district in California. It covers over 700 square miles of very diverse topography; from valley flatlands, to foothills, to mountains. It serves a growing community with a current enrollment of over 21,157 students. Preschool centers at nine school locations, eleven elementary schools (K-5), three elementary/middle schools (K-8), four middle schools (6-8), four comprehensive high schools (9-12), one continuation high school (11-12), a vocational education focused charter high school, a science-based charter Middle School, an Adult Education Center, Independent Study Programs, a Home School Program, and a self-paced on-line instruction program offer a wide variety of learning opportunities for students of all ages.

Educational programs are designed to be flexible enough to provide a positive educational environment for all students, yet structured enough to ensure attainment of the California Content Standards and passing the California High School Exit Exam. With the support of the community, school staffs have developed highly successful programs in music, agriculture, and athletics.

#### **Hemet Unified School District's Core Values**

- 1. It is the District's responsibility to provide a structure and framework in which students and staff can succeed.
- 2. All students can develop their intellect and improve their academic achievement level in each subject each year.
- 3. It is the District's responsibility to recruit, train and retain the very best staff to work in the Hemet Unified School District.
- 4. Good first teaching is the most powerful tool for improving student achievement.
- 5. It is the District's responsibility to provide alternative education opportunities that create pathways to success for students who do not do well in a traditional setting.
- 6. The maintenance and development of students' nutritional and physical well being supports and enhances intellectual development and academic achievement.
- 7. Participation in activities such as academic competitions, music, drama, sports, clubs and other "non-academic" endeavors develops the human spirit and provides balance between the intellectual, physical and emotional/social development of our students.
- 8. The quality of interaction with our community, the quality of our published works and the state of our facilities all reflect what we think of ourselves as a district.
- 9. It is the District's responsibility to respond positively to the changing needs of our community and students.
- 10. It is the District's responsibility to ensure that the allocation of fiscal resources supports the Core Values of the District.

#### About the SARC

Every school in California is required by state law to publish a School Accountability Report Card (SARC), by February 1 of each year. The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at http://www.cde.ca.gov/ta/ac/sa/.
- View this SARC online at the school and/or LEA Web sites.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at http://www.cde.ca.gov/fg/aa/lc/.
- For additional information about the school, parents and community members should contact the school at (951) 765-1600.

# A. Conditions of Learning

#### **State Priority: Basic**

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

<sup>\*</sup> High-poverty schools are defined as those schools with student eligibility of approximately 40 percent or more in the free and reduced price meals program. Low-poverty schools are those with student eligibility of approximately 39 percent or less in the free and reduced price meals program.

#### Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2014-15)

A District committee considers textbooks for recommendation on a cycle established by the State Board of Education and from a State adopted list. The committee meets to discuss current issues relevant to the subject matter, including student success, previously used textbooks, and instructional methods. The committee reviews demonstration copies of proposed textbooks, as well as listen to representatives describe the various highlights of the available materials. The review is followed by a pilot of materials that results in consensus by the committee of a recommended textbook. The textbook is forwarded to a K-12 Curriculum Council, which consists of teachers, parents, and community stakeholders, for review and approval. If the textbook is approved by the K-12 Curriculum Council, the textbook is forwarded to the Superintendent and the Governing Board for their review and approval. Each pupil in the district, kindergarten through grade twelve, is provided with standards-aligned textbooks or basic instructional materials that are consistent with the content and cycles of the curriculum framework adopted by the State Board.

AB 1246, added Education Code Section 60210, which allows the district to use any instructional materials, not just state-adopted, as long as they are aligned with the academic content standards. The EC 60119 has a new section (e) with a reference to the Common Core State Standards (CCSS). The section states: "For the purpose of transitioning to instructional materials that are aligned with the common core academic content standards, it is the intent of the Legislature that textbooks, instructional materials, and supplemental instructional materials be deemed to be aligned with the content standards pursuant to subdivisions (a) and (c), and be deemed consistent with the content and cycles of the curriculum framework adopted by the state board pursuant to subdivision (a) if the textbooks, instructional materials, supplemental instructional materials, or a combination of any such materials are aligned to the content standards adopted pursuant to Section 60605 or 60605.8." This addition means that materials aligned to either the 1997 standards or the 2010 CCSS standards for mathematics and English Language Arts are compliant with Williams Act requirements. In accordance with Education Code Section 60422(a) and 60119, the Governing Board certified on 09/02/14 that each pupil in the district, in kindergarten through grade twelve, has been provided with standards-aligned textbooks or basic instructional materials in each of the areas listed below:

#### School Facility Conditions and Planned Improvements (Most Recent Year)

The Governing Board of Hemet Unified School District designed and established the HELP school in 1996 as an alternate placement for students in grades 7-12 per Assembly Bill 922. Students are placed at HELP as a result of a district level expulsion process, and Individualized Education Plan (IEP) and/or a referral by the Guidance Team at the student's home school.

One main building houses three of our four classrooms. A single-wide trailer to the east of our main building serves as a special education classroom. Staff and students share restrooms. A large asphalt area is used for physical education. Volleyball, basketball and calisthenics are organized on a daily basis in regular PE classes. Our facility will be dramatically refurbished over the next year and a half. HUSD has a farreaching and far-sighted approach to the growing need for alternative educational settings, and has addressed the issue with an exciting facility-expansion project. The project includes a remodeling of the existing building, all new portable classrooms, a new administration building, new restrooms, a computer lab and library and a sheltered eating area.

# **B. Pupil Outcomes**

#### **State Priority: Pupil Achievement**

The SARC provides the following information relevant to the Pupil Achievement State Priority (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress and its successor the Standardized Testing and Reporting Program);
- The Academic Performance Index; and
- The percentage of pupils who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

#### C. Engagement

#### State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

#### **Opportunities for Parental Involvement**

Contact Person: Karen Pinneo, Principal

Phone Number: 951-765-5187

HELP has a Site Council that is composed of parents, students, community members and school staff. We meet monthly to review programs, services, interventions as well as to discuss community or District resources that may be of value to our families. We have a Back to School Night, and Open House as well. At HELP we establish a very close and cooperative relationship with parents as we all work to get a student back on track educationally while improving their interpersonal skills. Our open-door policy invites parents into the classroom or to speak to teachers on a daily basis.

#### **State Priority: School Climate**

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

#### School Safety Plan

SB187 Safety Plan

Date the plan was last updated: 5/30/2007 Date the plan was last reviewed: 5/25/2007

The Comprehensive Safe School Plan is fully incorporated in the Single Plan for Student Achievement, Goal 4, and includes data regarding California Healthy Kids Survey, crime, safe school procedures and compliance with laws including: (1) child abuse reporting, (2) disaster response, (3) suspension and expulsion policies, (4) notification of teachers of dangerous pupils, (5) sexual harassment, (6) schoolwide dress codes prohibiting gang-related apparel, (7) procedures for safe ingress and egress from school, (8) procedures to ensure a safe and orderly environment conducive to learning, and (9) rules and procedures on school discipline adopted pursuant to Ed Code Sections 35291 and 35291.5. A copy of the Single Plan for Student Achievement is available for inspection by the public at each school.

All visitors must check with our office staff. They must sign in and wear a visitor's lanyard at all times while at HELP. There is one entrance to HELP.

Our staff knows the proper way to exit classrooms in the event of a fire or other emergency. Safe ingress and egress diagrams are posted in each classroom and at each exit. We have walkie-talkies that will allow instant communication with one another. We have a fire drill each semester as required by law. Gang related attire is not tolerated.

Suspensions and Expulsions

Types of Services Funded at West Valley High School 2012-2013

Professional Development provided for Teachers at West Valley High School 2012-2013  The school district provides certificated and classified members with opportunities for professional growth and training in a variety of programs. During the last three years (2011-2015), over 650 days of professional training has been provided through the Hemet Unified School District Professional Development Academy. The training provided through the Academy allows teachers, administrators and paraprofessionals to become highly skilled at providing quality leadership, instruction, and support to the district's students.
Since the adoption of the Common Core Standards, the primary focus of the Professional Development Academy has been on the implementation and support of California Common Core Standards in English Language Arts and Mathematics. Thirteen Academic Coaches provide ongoing support and training in the skillful delivery of the newly adopted standards. Additionally, the Academic Coaches provide a variety of district and site based trainings based on data. Achievement data is used to determine site support and priorities for professional development opportunities. The PDA also supports our new teachers through our Center for Teacher Innovation (CTI) Induction Program.
Administrators and Teachers are provided specific professional development to implement and support new and on-going instructional programs. Professional development is delivered through trainings on-site, at the District Professional Development Academy, and conferences. As new initiatives and instructional programs are implemented, Academic Coaches assigned to specific sites offer coaching support and additional training.
