Principal's Message

West Valley High School is an accredited state-of-the-art, comprehensive high school. West Valley High School serves approximately 1713 students, grades 9-12, representing a broad cross-section of cultural and socio-economic backgrounds. Its emphasis on Standards Based Education, integrated curriculum, and technology, West Valley High School represents a new direction for Riverside County Schools. The typical fixed-class structure of teacher as lecturer and students as observer gives way to a flexible, student-centered environment where students are actively involved in the teaching/learning process. An integrated curriculum enables students to understand and apply concepts from different disciplines and appreciate their common relationships. Merging technology with the traditional academic disciplines empowers students to become critical thinkers, capable of anticipating and adapting to change. WVHS has implemented many academic interventions to assist student's achievement. There is a conscious and consistent effort to increase the level of student progress and to promote lifelong success.

Belief Statements

West Valley High School believes that:

At West Valley High School we believe that:

- Each student is unique and important.
- Each student can learn and is entitled to a quality education.
- Each student is responsible and accountable for his/her actions.
- Each stakeholder—student, parent, faculty, staff, and community member—contributes to the success of the school.

West Valley High School's Mission Statement

West Valley's mission along with parents and the community is to prepare its diverse student body with the academic, vocational, and social skills necessary to become contributing members in a changing and global society.

Expected Schoolwide Learning Results (ESLRs):

Writing across the Curriculum
Variety of Opportunities
Higher Level Thinking
Successful Students

District Profile

Hemet Unified School District covers one of the largest geographic areas of any district in California. It covers over 700 square miles of very diverse topography; from valley flatlands, to foothills, to mountains. It serves a growing community with a current enrollment of over 21,157 students. Preschool centers at nine school locations, eleven elementary schools (K-5), three elementary/middle schools (K-8), four middle schools (6-8), four comprehensive high schools (9-12), one continuation high school (11-12), a vocational education focused charter high school, a science-based charter Middle School, an Adult Education Center, Independent Study Programs, a Home School Program, and a self-paced on-line instruction program offer a wide variety of learning opportunities for students of all ages.

Educational programs are designed to be flexible enough to provide a positive educational environment for all students, yet structured enough to ensure attainment of the California Content Standards and passing the California High School Exit Exam. With the support of the community, school staffs have developed highly successful programs in music, agriculture, and athletics.

Hemet Unified School District's Core Values

1. It is the District's responsibility to provide a structure and framework in which students and staff can succeed.
2. All students can develop their intellect and improve their academic achievement level in each subject each year.
3. It is the District's responsibility to recruit, train and retain the very best staff to work in the Hemet Unified School District.
4. Good first teaching is the most powerful tool for improving student achievement.
5. It is the District's responsibility to provide alternative education opportunities that create pathways to success for students who do not do well in a traditional setting.
6. The maintenance and development of students' nutritional and physical well being supports and enhances intellectual development and academic achievement.
7. Participation in activities such as academic competitions, music, drama, sports, clubs and other "non-academic" endeavors develops the human spirit and provides balance between the intellectual, physical and emotional/social development of our students.
8. The quality of interaction with our community, the quality of our published works and the state of our facilities all reflect what we think of ourselves as a district.
9. It is the District's responsibility to respond positively to the changing needs of our community and students.
10. It is the District's responsibility to ensure that the allocation of fiscal resources supports the Core Values of the District.

About the SARC

Every school in California is required by state law to publish a School Accountability Report Card (SARC), by February 1 of each year. The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- View this SARC online at the school and/or LEA Web sites.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents and community members should contact the school at (951) 765-1600.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2014-15)

A District committee considers textbooks for recommendation on a cycle established by the State Board of Education and from a State adopted list. The committee meets to discuss current issues relevant to the subject matter, including student success, previously used textbooks, and instructional methods. The committee reviews demonstration copies of proposed textbooks, as well as listen to representatives describe the various highlights of the available materials. The review is followed by a pilot of materials that results in consensus by the committee of a recommended textbook. The textbook is forwarded to a K-12 Curriculum Council, which consists of teachers, parents, and community stakeholders, for review and approval. If the textbook is approved by the K-12 Curriculum Council, the textbook is forwarded to the Superintendent and the Governing Board for their review and approval. Each pupil in the district, kindergarten through grade twelve, is provided with standards-aligned textbooks or basic instructional materials that are consistent with the content and cycles of the curriculum framework adopted by the State Board.

AB 1246, added Education Code Section 60210, which allows the district to use any instructional materials, not just state-adopted, as long as they are aligned with the academic content standards. The EC 60119 has a new section (e) with a reference to the Common Core State Standards (CCSS). The section states: "For the purpose of transitioning to instructional materials that are aligned with the common core academic content standards, it is the intent of the Legislature that textbooks, instructional materials, and supplemental instructional materials be deemed to be aligned with the content standards pursuant to subdivisions (a) and (c), and be deemed consistent with the content and cycles of the curriculum framework adopted by the state board pursuant to subdivision (a) if the textbooks, instructional materials, supplemental instructional materials, or a combination of any such materials are aligned to the content standards adopted pursuant to Section 60605 or 60605.8." This addition means that materials aligned to either the 1997 standards or the 2010 CCSS standards for mathematics and English Language Arts are compliant with Williams Act requirements. In accordance with Education Code Section 60422(a) and 60119, the Governing Board certified on 09/02/14 that each pupil in the district, in kindergarten through grade twelve, has been provided with standards-aligned textbooks or basic instructional materials in each of the areas listed below:

School Facility Conditions and Planned Improvements (Most Recent Year)

West Valley High School (WVHS) has completed its fourteenth year at its beautiful site. WVHS is located in the southwest corner of Hemet between the Domenigoni Reservoir and Ryan Airport. The campus covers more than 60 acres, has over 100 classrooms and specialty classrooms like computer labs, wood shop, drafting, choir, band, pottery and foods and nutrition classrooms. Presently, all computers are networked, allowing access to the student information database. Every classroom has adequate space and all the materials needed to ensure student success.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the Pupil Achievement State Priority (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress and its successor the Standardized Testing and Reporting Program);
- The Academic Performance Index; and
- The percentage of pupils who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement

Parent involvement opportunities are available to all parents at all schools. These offerings are available in both English and Spanish. These opportunities include, Parent Project® (secondary), Parent Project Jr.® (elementary), District English Learner Advisory Committee (DELAC), District Advisory Committee (DAC), Parent Engagement Leadership Institute (PELI), and a district-wide PTA/ELAC community event, named, "Hemet Posada," and the District Curriculum Council.

West Valley High School addresses the six areas of parent involvement through their comprehensive school plan. For more information, contact the site Principal, Alex Ballard at (951) 765-1600.

State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

COMPREHENSIVE SCHOOL SITE SAFETY PLAN

Board approved: October 8, 2013

Per Board Policy 0450 and Education Code 32288, the school safety plan shall take into account the school's staffing, available resources, and building design, as well as other factors unique to the site. Each school shall review and update its safety plan by March 1 of each year. New school campuses shall develop a safety plan within one year of initiating operations. (Education Code 32286). Each school shall forward the safety plan to the Board for approval. (Education Code 32288). The Board shall review the comprehensive districtwide and/or school safety plan(s) in order to ensure compliance with state law, Board policy, and administrative regulation. The Board shall approve the plan at a regularly scheduled meeting. A copy of the Safe School Plan is available at the school site.

The Comprehensive Safe School Plan includes data regarding California Healthy Kids Survey, crime, safe school procedures and compliance with laws including: (1) child abuse reporting, (2) disaster response, (3) suspension and expulsion policies, (4) notification of teachers of dangerous pupils, (5) sexual harassment, (6) schoolwide dress codes prohibiting gang-related apparel, (7) procedures for safe ingress and egress from school, (8) procedures to ensure a safe and orderly environment conducive to learning, and (9) rules and procedures on school discipline adopted pursuant to Ed Code Sections 35291 and 35291.5.

A clean, safe, and secure teaching and learning environment is the highest priority to administration and staff. The following drills are conducted at the school site: two evacuation/fire drills per school year; two drop, cover, and hold on (earthquake) drills per year; one lockdown drill per school year; one shelter-in-place drill per school year; and one radio drill per month. Staff is trained in emergency procedures, including evacuation routes and safety checks. Supervision is assigned with the maximum coverage before and after school and at lunches. Walkie talkies provide communication on campus with administrators. In the event of a disaster, such as an earthquake during school hours, all students will be kept at school. They will not be released until a parent or parent designee arrives at the school to pick them up. Parents are requested to list their designees on the "Emergency Release" card sent home at the beginning of the school year. The office must be notified if home or business phone numbers are changed. There is a functioning Safety Committee that continually monitors the school's safety plan and preparedness, and the county fire marshal inspects our facility once a year.. Classrooms have posted evacuation charts, and are equipped with disaster packets and fire extinguishers.

School gates are closed right after the morning bell rings and opened when school lets out. All visitors are checked in at the front reception area using the digital security system LobbyGuard. This system scans a visitor's state/federal issued ID and checks for any warrants or other legal tags on the individual. Administrators and law enforcement is alerted immediately when an alert is registered.

The school's physical facility is well maintained. District personnel periodically examine the school's physical facility regularly and help eliminate obstacles to school safety. Additionally, health and fire department inspectors contribute to the school safety. The classrooms are monitored for safety and appearance by administration and individual classroom teachers, custodians and administration. Staff and pupils take pride in the appearance of West Valley High School.

West Valley High School is a school campus adjacent to a developing city park. The school facilities are first rate. Students are supervised on campus by six campus supervisors, four administrators, and four counselors, with maximum coverage during passing periods and lunch. West Valley High School employs a full time school resource officer (SRO) providing on-site supervision, counseling, and referral services.

Professional Development provided for Teachers at West Valley High School 2014-2015

The school district provides certificated and classified members with opportunities for professional growth and training in a variety of programs. During the last three years (2011-2015), over 650 days of professional training has been provided through the Hemet Unified School District Professional Development Academy. The training provided through the Academy allows teachers, administrators and paraprofessionals to become highly skilled at providing quality leadership, instruction, and support to the district's students.

Since the adoption of the Common Core Standards, the primary focus of the Professional Development Academy has been on the implementation and support of California Common Core Standards in English Language Arts and Mathematics. Thirteen Academic Coaches provide ongoing support and training in the skillful delivery of the newly adopted standards. Additionally, the Academic Coaches provide a variety of district and site based trainings based on data. Achievement data is used to determine site support and priorities for professional development opportunities. The PDA also supports our new teachers through our Center for Teacher Innovation (CTI) Induction Program.

Administrators and Teachers are provided specific professional development to implement and support new and on-going instructional programs. Professional development is delivered through trainings on-site, at the District Professional Development Academy, and conferences. As new initiatives and instructional programs are implemented, Academic Coaches assigned to specific sites offer coaching support and additional training.
