School Description

Principal's Message...

Welcome to the 2017 – 2018 school year! As the principal of Hamilton High School, I feel very privileged to be part of such a prideful community. Together we will continue to have success as we strive to attain some ambitious goals. First, we must focus on having our students at school on time every day. Our attendance goal is to achieve a 97% attendance percentage. We are also committed to reaching a goal of a 100% graduation rate. To accomplish this, we will be tracking students' course credits and grades. The expectation is that no student fails a class this year. To assist this action, we will again have after school tutoring Monday through Thursday this year. Although we have made progress with our discipline plan, we are still working towards minimal school suspensions. Through our new Positive Behavior Intervention System (PBIS) or "The Bobcat Way", we will be aiming for a record low suspension rate this school year. Finally, with the numerous clubs, sports, and elective courses offered to our students, we have set a goal in which all of our students participate in a program or course pathway that connects them to Hamilton High.

Hamilton High has an incredibly dedicated staff. The staff is committed to serving all of Hamilton's students. In order to assist these passionate professionals and our kids, we must continue to build strong partnerships. It is through relationships, discipline, expectations, and accountability where we will improve on what is already in place. Great schools have parental involvement and support. With a partnership between school and home, our students will be on track for success towards graduation and career.

High school is a memorable time in everyone's life, let's all commit to making these memories successful, positive, and long lasting. We are all on the same team but it will take every single one of us to move Hamilton High to its true potential, which is a school selected to be everyone's "Premier Choice"!

Sincerely,

Dave Farkas

Principal

Vision, Mission, & ESLRs

VISION STATEMENT

Hamilton High School will be a positive, respectful, safe, and collaborative learning environment that provides all students with rich and challenging educational opportunities that create and motivate an appreciation for learning while developing the skills necessary to lead productive adult lives.

MISSION STATEMENT

Hamilton High School is a learning community dedicated to fostering student success through a solid academic foundation and maximizing intellectual potential in each individual within an environment that nurtures student involvement in a variety of formative experiences.

Hamilton's Expected Schoolwide Learning Results ESLRs (CATS)

Communicate effectively

Access, assimilate, and apply information through various means

Think critically and problem solve

Seek academic success through efficient organizational and time management skills

School Profile

Hamilton, a comprehensive high school serving students in grades 9-12 school, is located in the high country of Anza. The school population is drawn from a rural environment, which includes Aguanga, Anza, and Garner Valley, and Mountain Center as well as the Cahuilla, Ramona, and Santa Rosa reservations.

Hamilton High School is dedicated to provide a curriculum aligned with Hemet Unified School District, and California State and Common Core standards. Hamilton's staff believes that this institution is for and about young people and that everything done must be planned with an eye toward the impact every decision will have on every student's personal growth and development as well as on their academic success.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2017-18)

A District committee considers textbooks for recommendation on a cycle established by the State Board of Education and from a State adopted list. The committee meets to discuss current issues relevant to the subject matter, including student success, previously used textbooks, and instructional methods. The committee reviews demonstration copies of proposed textbooks, as well as listen to representatives describe the various highlights of the available materials. The review is followed by a pilot of materials that results in consensus by the committee of a recommended textbook. The textbook is forwarded to a K-12 Curriculum Council, which consists of teachers, parents, and community stakeholders, for review and approval. If the textbook is approved by the K-12 Curriculum Council, the textbook is forwarded to the Superintendent and the Governing Board for their review and approval. Each pupil in the district, including English learners, kindergarten through grade twelve, is provided with standards-aligned textbooks or basic instructional materials that are consistent with the content and cycles of the curriculum framework adopted by the State Board.

AB 1246, added Education Code Section 60210, which allows the district to use any instructional materials, not just state-adopted, as long as they are aligned with the academic content standards. The EC 60119 has a new section (e) with a reference to the Common Core State Standards (CCSS). The section states: "For the purpose of transitioning to instructional materials that are aligned with the common core academic content standards, it is the intent of the Legislature that textbooks, instructional materials, and supplemental instructional materials be deemed to be aligned with the content standards pursuant to subdivisions (a) and (c), and be deemed consistent with the content and cycles of the curriculum framework adopted by the state board pursuant to subdivision (a) if the textbooks, instructional materials, supplemental instructional materials, or a combination of any such materials are aligned to the content standards adopted pursuant to Section 60605 or 60605.8." This addition means that materials aligned to either the 1997 standards or the 2010 CCSS standards for mathematics and English Language Arts are compliant with Williams Act requirements. In accordance with Education Code Section 60422(a) and 60119, the Governing Board certified on 9/5/17 that each pupil in the district, including English learners, in kindergarten through grade twelve, has been provided with standards-aligned textbooks or basic instructional materials in each of the areas listed below:

School Facility Conditions and Planned Improvements (Most Recent Year)

On September 7, 1999, Hamilton School opened its new \$13.5 million secondary campus addition, including a new football field with an all-weather track and one set of bleachers which accomodates approximately 500 spectators. Also included in the project was new softball and baseball fields, which like the football field is equipped with an artificial turf surface. Hamilton added sixteen classrooms, including two science labs, two computer labs with state-of-the-art instructional tools, an art classroom complete with kiln for ceramics. In addition, Hamilton has a gymnasium with shower and locker facilities, a weight room, a theatrical stage with professional sound/light systems, seating for approximately 300, and a dining hall with indoor/outdoor eating areas. Portable classrooms have been replaced with new rooms.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The 2016-17 data are not available. The California Department of Education is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The new California Science Test (CAST) was piloted in spring 2017. The CST and CMA for Science will no longer be administered.

Socioeconomically Disadvantaged	30	29	96.7	48.3

* Science test results include CSTs, CMA, and CAPA in grades five, eight, and ten. The "Proficient or Advanced" is calculated by taking the total number of students who scored at Proficient or Advanced on the science assessment divided by the total number of students with valid scores. Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement (School Year 2017-18)

Parent involvement opportunities are available to all parents at all schools. These offerings are available in both English and Spanish. These opportunities include, Parent Project® (secondary), Parent Project Jr.® (elementary), District English Learner Advisory Committee (DELAC), District Advisory Committee (DAC), Parent Engagement Leadership Institute (PELI), and a district-wide PTA/ELAC community event, named, "Hemet Posada," and the District Curriculum Council.

Parent involvement opportunities are available to all parents at our school. These opportunities include, Booster and Advisory Committees, School Site Council, Back-To-School program, Parent/Teacher conferences, WASC Focus Groups, English Learner Advisory Committee (ELAC), District English Learner Advisory Committee (DELAC), District Advisory Committee (DAC) and individual BARR conferences. In addition to the on-site opportunities, parents have access to AERIES, our online student database with rights to view the areas of academic progress in each subject area and their daily attendance records. Our school website, hamiltonbobcats.net, is also available to parents which provides current information relevant to students, parents, staff, and the services we provide at Hamilton.

Parental Volunteerism is extensive and includes: fundraising, athletics, mentoring, tutoring, and committee participation.

The site addresses the six areas of parent involvement through their comprehensive school plan.

For more information, contact the site Principal, Dr. Dave Farkas at (951) 763-1865.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

(1) Assessment of the current status of school crime committed on school campuses and at school-related functions.

(2) Includes strategies and programs that provide or maintain a high level of school safety and address the school's procedures for complying with existing laws related to school safety, which shall include the development of all of the following:

- (A) Child abuse reporting procedures consistent with Article 2.5 (commencing with Section 11164) of Chapter 2 of Title 1 of Part 4 of the Penal Code.
- (B) Disaster procedures, routine and emergency, including adaptations for pupils with disabilities in accordance with the federal Americans with Disabilities Act of 1990 (42 U.S.C. Sec. 12101 et seq.).
- (C) Policies pursuant to subdivision (d) of Section 48915 for pupils who committed an act listed in subdivision (c) of Section 48915 and other school-designated serious acts which would lead to suspension, expulsion, or mandatory expulsion recommendations pursuant to Article 1 (commencing with Section 48900) of Chapter 6 of Part 27 of Division 4 of Title 2.
- (D) Procedures to notify teachers of dangerous pupils pursuant to Section 49079.
- (E) A discrimination and harassment policy consistent with the prohibition against discrimination contained in Chapter 2 (commencing with Section 200) of Part 1.
- (F) The provisions of any schoolwide dress code, pursuant to Section 35183, that prohibits pupils from wearing "gang-related apparel," if the school has adopted that type of a dress code. For those purposes, the comprehensive school safety plan shall define "gang-related apparel." The definition shall be limited to apparel that, if worn or displayed on a school campus, reasonably could be determined to threaten the health and safety of the school environment. A schoolwide dress code established pursuant to this section and Section 35183 shall be enforced on the school campus and at any school-sponsored activity by the principal of the school or the person designated by the principal. For purposes of this paragraph, "gang-related apparel" shall not be considered a protected form of speech pursuant to Section 48950.
- (G) Procedures for safe ingress and egress of pupils, parents, and school employees to and from school.
- (H) A safe and orderly environment conducive to learning at the school.
- (I) The rules and procedures on school discipline adopted pursuant to Sections 35291 and 35291.5.
- (J) Schoolsite council or school safety planning committee, develops and updates the comprehensive school safety plan, shall, where practical, consult, cooperate, and coordinate with other schoolsite councils or school safety planning committees.
- (K) The comprehensive school safety plan may be evaluated and amended, as needed, by the school safety planning committee, but shall be evaluated at least once a year, to ensure that the comprehensive school safety plan is properly implemented. An updated file of all safety-related plans and materials shall be readily available for inspection by the public.
- (L) As comprehensive school safety plans are reviewed and updated and includes policies and procedures aimed at the prevention of bullying.
- (M) The comprehensive school safety plan, written and updated by the schoolsite council or school safety planning committee on (1/25/16) and was submitted to the District for approval pursuant to subdivision (a) of Section 32288 on (2/2/16).

Professional Development provided for Teachers

The school district provides certificated and classified members with opportunities for professional growth and training in a variety of programs and initiatives. The training provided by the Professional Development Academy allows teachers, administrators, and paraprofessionals to become highly skilled at providing quality leadership, instruction, and support to the district's students.

The focus of the Professional Development Academy has been on the implementation, support, and instructional improvement of California State Standards. The district's Educational Department, including Teachers On Special Assignment (TOSA) provide ongoing support and training in the skillful delivery of the adopted standards. Additionally, the TOSAs provide a variety of district and site-based trainings based on data, principal feedback and, teacher survey results. Achievement data is used to determine site support and priorities for professional development opportunities. Teachers are provided with multiple opportunities throughout the school year and during the summer to participate in trainings. The PDA also supports our new teachers through our Center for Teacher Innovation (CTI) Induction Program and provides intensive coaching to support them in their new teaching assignment. Additionally, the TOSAs are now support the ten site-based Instructional Coaches that are located a various elementary and middle schools across the district.

During the 2016-2017 and 2017-2018 school year, HUSD has two non-student days that are for the purpose of professional development for all staff. A summer 3-day new teacher academy was offered in the 2017-2018 school year, for all new the HUSD teachers. Additionally, a new elementary math curriculum was adopted and teachers were provided two days of training during the summer.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
