They recognize the achievements of students and take a very active role as volunteers in classrooms. The community is proud of the school and the work that the staff does to encourage children to grow into competent and caring adults.

You will learn much about Idyllwild School in the following pages of statistics and numbers. However, what cannot be encapsulated so easily is our staff's commitment to providing opportunities for every child to have a well-rounded education including art, music, instrumental music, theatre, and a comprehensive sports and PE program. Our school staff enjoys the pleasure of teamwork, the joy and laughter expressed by students and the creative spirit that is nurtured in each of the children who attends Idyllwild School.

Idyllwild School is located 110 miles southeast of Los Angeles, 105 miles northeast of San Diego and 40 miles from Palm Springs. Our school is one of 32 schools in the Hemet Unified School District. The enrollment is approximately 325 students in grades K-8 and is located in a small resort-oriented town at the 6,000-foot elevation in the San Jacinto Mountains.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2017-18)

A District committee considers textbooks for recommendation on a cycle established by the State Board of Education and from a State adopted list. The committee meets to discuss current issues relevant to the subject matter, including student success, previously used textbooks, and instructional methods. The committee reviews demonstration copies of proposed textbooks, as well as listen to representatives describe the various highlights of the available materials. The review is followed by a pilot of materials that results in consensus by the committee of a recommended textbook. The textbook is forwarded to a K-12 Curriculum Council, which consists of teachers, parents, and community stakeholders, for review and approval. If the textbook is approved by the K-12 Curriculum Council, the textbook is forwarded to the Superintendent and the Governing Board for their review and approval. Each pupil in the district, including English learners, kindergarten through grade twelve, is provided with standards-aligned textbooks or basic instructional materials that are consistent with the content and cycles of the curriculum framework adopted by the State Board.

AB 1246, added Education Code Section 60210, which allows the district to use any instructional materials, not just state-adopted, as long as they are aligned with the academic content standards. The EC 60119 has a new section (e) with a reference to the Common Core State Standards (CCSS). The section states: "For the purpose of transitioning to instructional materials that are aligned with the common core academic content standards, it is the intent of the Legislature that textbooks, instructional materials, and supplemental instructional materials be deemed to be aligned with the content standards pursuant to subdivisions (a) and (c), and be deemed consistent with the content and cycles of the curriculum framework adopted by the state board pursuant to subdivision (a) if the textbooks, instructional materials, supplemental instructional materials, or a combination of any such materials are aligned to the content standards adopted pursuant to Section 60605 or 60605.8." This addition means that materials aligned to either the 1997 standards or the 2010 CCSS standards for mathematics and English Language Arts are compliant with Williams Act requirements. In accordance with Education Code Section 60422(a) and 60119, the Governing Board certified on 9/5/17 that each pupil in the district, including English learners, in kindergarten through grade twelve, has been provided with standards-aligned textbooks or basic instructional materials in each of the areas listed below:

School Facility Conditions and Planned Improvements (Most Recent Year)

Idyllwild School first opened its doors in 1927, but has gone through a dramatic face lift and modernization. The new gymnasium, improved playground areas, drainage system and classroom buildings provide increased access to a pleasant and safe learning environment. Idyllwild has one computer lab in the new two-story building that provides access to the Internet for whole class instruction using technology. Every classroom has adequate space, internet access and a wireless router and all the materials needed to ensure student success. Every student at Idyllwild School has been assigned a Google Chrome Book providing a 1-1 ratio. The school campus is secured with perimeter fencing.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

Note: The 2016-17 data are not available. The California Department of Education is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The new California Science Test (CAST) was piloted in spring 2017. The CST and CMA for Science will no longer be administered.

Professional Development provided for Teachers

The school district provides certificated and classified members with opportunities for professional growth and training in a variety of programs and initiatives. The training provided by the Professional Development Academy allows teachers, administrators, and paraprofessionals to become highly skilled at providing quality leadership, instruction, and support to the district's students.

The focus of the Professional Development Academy has been on the implementation, support, and instructional improvement of California State Standards. The district's Educational Department, including Teachers On Special Assignment (TOSA) provide ongoing support and training in the skillful delivery of the adopted standards. Additionally, the TOSAs provide a variety of district and site-based trainings based on data, principal feedback and, teacher survey results. Achievement data is used to determine site support and priorities for professional development opportunities. Teachers are provided with multiple opportunities throughout the school year and during the summer to participate in trainings. The PDA also supports our new

teachers through our Center for Teacher Innovation (CTI) Induction Program and provides intensive coaching to support them in their new teaching assignment. Additionally, the TOSAs are now support the ten site-based Instructional Coaches that are located a various elementary and middle schools across the district.

During the 2016-2017 and 2017-2018 school year, HUSD has two non-student days that are for the purpose of professional development for all staff. A summer 3-day new teacher academy was offered in the 2017-2018 school year, for all new the HUSD teachers. Additionally, a new elementary math curriculum was adopted and teachers were provided two days of training during the summer.
