School Description

Principal's Message:

Our balanced, comprehensive, success oriented program addresses all aspects of the elementary school student. Parents and teachers are partners in providing opportunities for their children/pupils to achieve a personal best. Students are encouraged to develop a vision of excellence for their future, while learning to accept responsibility for their actions and achievement. In the spring of 2017 the staff worked together to create our mission:

Every decision we make is to ensure the success of our students. We will provide a safe and supportive environment where students can thrive by using differentiated strategies to help them achieve their learning and social-emotional goals to prepare them to be college and career ready.

Student expectations are well defined and modeled. Ramona uses Positive Behavior Intervention Supports program. Our school expectations are: Be Safe, Be Respectful, and Be Responsible. Ramona teachers have become well versed in the new California Common Core State Standards. They have attended Guided Reading, PBIS and AVID professional development opportunities. Instruction is designed to address standards in order for all students to achieve proficiency.

Working together with our community, Ramona Elementary School strives for academic achievement and the establishment of a creative learning environment that effectively serves a diverse population of students. Using available resources, standards-based instruction, data analysis of student work, and differentiated school day intervention programs, all students will demonstrate achievement at or above the proficient level in the core areas in alignment with the California Common Core.

About This School

Students at Ramona School come from a variety of backgrounds, which represent a diverse culture and socioeconomic population. We offer after school tutoring to provide students with additional help to meet their learning goals. Ramona offers a Co-Teaching classrooms which provides an inclusive environment for our Special Education students.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2017-18)

A District committee considers textbooks for recommendation on a cycle established by the State Board of Education and from a State adopted list. The committee meets to discuss current issues relevant to the subject matter, including student success, previously used textbooks, and instructional methods. The committee reviews demonstration copies of proposed textbooks, as well as listen to representatives describe the various highlights of the available materials. The review is followed by a pilot of materials that results in consensus by the committee of a recommended textbook. The textbook is forwarded to a K-12 Curriculum Council, which consists of teachers, parents, and community stakeholders, for review and approval. If the textbook is approved by the K-12 Curriculum Council, the textbook is forwarded to the Superintendent and the Governing Board for their review and approval. Each pupil in the district, including English learners, kindergarten through grade twelve, is provided with standards-aligned textbooks or basic instructional materials that are consistent with the content and cycles of the curriculum framework adopted by the State Board.

AB 1246, added Education Code Section 60210, which allows the district to use any instructional materials, not just state-adopted, as long as they are aligned with the academic content standards. The EC 60119 has a new section (e) with a reference to the Common Core State Standards (CCSS). The section states: "For the purpose of transitioning to instructional materials that are aligned with the common core academic content standards, it is the intent of the Legislature that textbooks, instructional materials, and supplemental instructional materials be deemed to be aligned with the content standards pursuant to subdivisions (a) and (c), and be deemed consistent with the content and cycles of the curriculum framework adopted by the state board pursuant to subdivision (a) if the textbooks, instructional materials, supplemental instructional materials, or a combination of any such materials are aligned to the content standards adopted pursuant to Section 60605 or 60605.8." This addition means that materials aligned to either the 1997 standards or the 2010 CCSS standards for mathematics and English Language Arts are compliant with Williams Act requirements. In accordance with Education Code Section 60422(a) and 60119, the Governing Board certified on 9/5/17 that each pupil in the district, including English learners, in kindergarten through grade twelve, has been provided with standards-aligned textbooks or basic instructional materials in each of the areas listed below:

School Facility Conditions and Planned Improvements (Most Recent Year)

Ramona Elementary School opened its doors in the fall of 1963. Ramona Elementary School currently contains 22 permanent classrooms and 18 relocatable classrooms. School cleanliness is a priority. The custodian takes great care to thoroughly clean and make small repairs to the school campus daily. Ramona is contained within fencing on all four sides. Any visitors to the campus must check in through the office and provide picture identification which is then scanned into Lobby Guard. During the 2013 summer, the library received new carpeting and was repainted. Minor remodeling was completed to provide a more spacious environment for the students. Every classroom has adequate space and all the materials needed to ensure student success.

Our site was inspected as required by the Williams Legislation for the 2016-17 academic school year and received an Good rating.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

* Science test results include CSTs, CMA, and CAPA in grades five, eight, and ten. The "Proficient or Advanced" is calculated by taking the total number of students who scored at Proficient or Advanced on the science assessment divided by the total number of students with valid scores. Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The 2016-17 data are not available. The California Department of Education is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The new California Science Test (CAST) was piloted in spring 2017. The CST and CMA for Science will no longer be administered.

The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement (School Year 2017-18)

Parent involvement opportunities are available to all parents at all schools. These offerings are available in both English and Spanish. These opportunities include, Parent Project® (secondary), Parent Project Jr.® (elementary), District English Learner Advisory Committee (DELAC), District Advisory Committee (DAC), Parent Engagement Leadership Institute (PELI), and the District Curriculum Council.

The site addresses all areas of parent involvement through their Single Plan For Student Achievement. Parent Involvement activities include:

The Annual Title 1 Parent Meeting

School Site Council

ELAC Committee

School SMARTS

Family Literacy Night

Volunteering in classrooms

Attending student field trips

Family STEAM Night

Student Performances

Lunch on the Lawn

Lunch with your Valentine

Turkey Feast

For more information, contact the site Principal, Stacy Sorenson at (951) 765-1670.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

Ramona's safety plan is reviewed annually, in the spring, with School Site Council. Suggestions and modifications are made and presented to the site Leadership team and staff in August. Listed below are key elements discussed in the plan.

Disaster procedures, including: fire, earthquake, Shelter In Place and Lockdown are reviewed and discussed. Fire drills are done monthly, earthquake drills four times yearly and Shelter In Place as well as Lockdown drills are done yearly per state guidelines.

An alarm signals a fire drill and the entire school population evacuates to the field and their designated spot. A sweep is done by the site custodian for whether doors are open or closed. Designated school personnel check classes for any missing students and radio Administration with the results.

During an earthquake drill an announcement is made over the school intercom. Students drop, cover and hold. Periodically classes evacuate the buildings leaving their classroom doors ajar.

Shelter In Place drills require students to return to their classrooms and to stay inside until further notice. This is communicated via the school intercom.

A Lockdown may be initiated by either Law Enforcement or Administration. In this situation all staff and students enter the closest room, move away from the windows, darken the room and get to ground level. Staff has been instructed not open the door to anyone.

Professional Development provided for Teachers

The school district provides certificated and classified members with opportunities for professional growth and training in a variety of programs and initiatives. The training provided by the Professional Development Academy allows teachers, administrators, and paraprofessionals to become highly skilled at providing quality leadership, instruction, and support to the district's students.

The focus of the Professional Development Academy has been on the implementation, support, and instructional improvement of California State Standards. The district's Educational Department, including Teachers On Special Assignment (TOSA) provide ongoing support and training in the skillful delivery of the adopted standards. Additionally, the TOSAs provide a variety of district and site-based trainings based on data, principal feedback and, teacher survey results. Achievement data is used to determine site support and priorities for professional development opportunities. Teachers are provided with multiple opportunities throughout the school year and during the summer to participate in trainings. The PDA also supports our new

teachers through our Center for Teacher Innovation (CTI) Induction Program and provides intensive coaching to support them in their new teaching assignment. Additionally, the TOSAs are now support the ten site-based Instructional Coaches that are located a various elementary and middle schools across the district.

During the 2016-2017 and 2017-2018 school year, HUSD has two non-student days that are for the purpose of professional development for all staff. A summer 3-day new teacher academy was offered in the 2017-2018 school year, for all new the HUSD teachers. Additionally, a new elementary math curriculum was adopted and teachers were provided two days of training during the summer.

Types of Services Funded

The SAFE after school program services students in grades one through eight from the time the dismissal bell rings until 6:00 PM. The program is financed through State funds (Prop-49). The SAFE program also funds after school interventions targeting students who are scoring below proficiency on grade level standards.

Other programs that are funded are by the district: Elementary Counselors, ST Math, Compass Learning, Imagine Learning, a Reading Intervention Teacher, one Instructional Assistant, ESGI and Reading Learning Dynamics. Programs funded by the site's Title 1 and LCFF monies include: Extended Day Tutoring, AVID and Accelerated Reader.

OTHER PROGRAMS

To help ensure a quality education for all students, state and federal funding is provided for the following special programs to supplement the core instructional program provided by the school district:

LCFF -- \$38,610

Title 1 -- \$142,580

Site Lottery -- \$20,533.22

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
